Santa's Aides Make Ready For Kids' Party

Santa's plea for assistance in filling almost 700 stockings for the Children's Christmas Party was answered by twenty Girls' Club members, some of whom are pictured hard at work but having fun filling the stockings. At the deadline date of December 5th, 698 reservations had been made for the party which was scheduled for December 13th at SERA Center, from 2:00 to 4:00 p. m.

Scovill Choral Group To Sing Carols

The Scovill Carolateers, a 14-voice chorus, will again sing Christmas carols in various parts of the plant and around the city, starting December 17th. At 7:00 p. m. on Monday, December 22, they will sing in the lobby of the Hotel Elton, with the sound of their voices being carried out across the Green.

Making up the chorus are:-Elizabeth Colbassani, Ruth Kennedy, Elizabeth LaFlamme, Angeline Masi, Ann Romano, Jennie Truncale, Margaret Wilcken, George Ayotte, Chuck Connor, Pat Hogan, John Kennedy, Frank Palladino, Dan Smith, Bill Summa, and Hugo Paoloni, accordionist.

A Merry Christmas

Another year has rolled around and Christmas is at hand when, in accordance with time honored custom we gather our families together and make merry.

I like to feel that all of us who work for this Company are like a big family, and the many parties that are held and gifts exchanged in the factory make that point of view seem very real. And the wonderful party given by the Girls' Club to hundreds of our children adds greatly to this family spirit.

We can make merry with good grace when we look back on the past year and realize that, after all, it was a fair average in prosperity, and was free from wars, pestilence, and hunger for our people. Next year can easily be better if we meet our problems with a sturdy spirit and have the ambition to work and produce so that we may get ahead.

Your management wishes you and your families a Very Merry Christmas and prosperity and happiness in the coming year.

L. P. Sperry

President

Holidays Work Schedule Christmas Shutdown

Factory, Mills and Offices will close on Wednesday, December 24th, as directed by Department Heads and will resume operations with the first shift on Friday, December 26th.

New Year's Shutdown

Factory, Mills and Offices will close at the end of the workday, Wednesday, December 31st. Inventory will be taken on Friday, January 2nd. Employees will report as directed by their Department Head on January 2nd All operations will be re-

ary 2nd. All operations will be resumed with the first shift, January 5th.

First Smoker Of Season Slated For Late January

Arrangements are now being made

for the first smoker of the season to be held at SERA Center in January. Under sponsorship of the SERA, plans for the smoker are being set up by Committee Chairman Jim Coffey, Don MacIntosh, Bert Dillon, Howie Kraft and Chris Poulsen. The pro-gram will feature boxing bouts, sports reels of interesting fights and football games, plus refreshments.

Three Retire With **Long Service Records**

Mary Quilter

Mary Quilter, a steady employee of the Company since June, 1909, a period of 38 years, retired from active service with Scovill as of October 6th. First hired into the Assembly Room, Mary was later transferred to Lipstick where she was working at the time of her retirement.

Helen O'Brien

Retiring from active Company service as of May 5th, Helen O'Brien has spent 31 continuous years working for the Company. She was first hired into the old Butt Room, was later transferred to the Press Room, Assembly No. 3 and, since 1931, worked in Packing A.

Jeanne Thibault

First coming to work for Scovill in 1925 in Trim and Knurl, Jeanne Thibault has completed 21 years of service with Scovill and retired from the Company as of March 10. Having worked in the Button Room, Press, Electric Shell and Assembly, Jeanne was employed in the Lipstick Room at the time of her retirement.

North Mill Volunteer Blood Donors

Twenty-four North Millers immediately responded to the recent call for donors to replace the blood taken from the Scovill Blood Banks at each of the local hospitals for use by fellow Scovillites.

Among those volunteering were:—(Bottom row, left to right) Walter Derouin, Frank Giglio, Dom Paternostro, Luciano Gomes, (Alex Zeniuk and Louis Marammacio pose with the group), Alex Randis. (Second row) Alfred Smith, Anele Kalinauskas, John McGrath, Albert Sperring, Maurice Robitalle, Fellex Coston, Constantino Napolitano, Robert Metzler, Richard Castaldo, Antonio Desautels, Armand Cote, Edward Fontaine, Canio Coviello.

Also donating blood were Manuel Carvalho, John Fogarty, Mrs. Ed Gilbert, Joseph Pazeras, John Virbila and Harry Zello.

Taft-Hartley Act

Questions And Answers

Question:—Can employees ask the National Labor Relations Board to decertify a union that is the bargaining agent in a plant?

Answer:—Yes—Section 9 (c) of the Taft-Hartley Act instructs the National Labor Relations Board to hold an election to determine whether or not a union should continue as bargaining agent if a petition is filed by an employee or group of employees

Merry Christmas and Happy New Year to all in this department.

asserting that the union no longer represents a majority of employees in the unit provided that investigation proves that a question of representa-

Question:—Can plant guards be members of a union of all employees?

Answer:—Section 9 (b) of the Taft-Hartley Act specifies that a unit including both guards and other employees will not be appropriate for collective bargaining. Neither can a labor organization be certified as collective bargaining agent for a bargaining unit of guards if that union admits to membership, or is affiliated directly or indirectly with an organization which admits to membership, employees other than guards.

Question:-Do I understand that initiation fees are limited in the

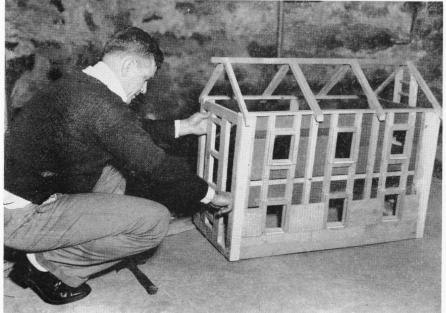

Taft-Hartley Act?
Answer:—Section 8 (b) (5) makes it an unfair labor practice for a union to charge an initiation fee that the National Labor Relations Board finds excessive. In making such a finding, the Board must consider the practices and customs of the unions in the particular industry, and the wages currently paid the employees affected.

Question: — Can unions force employers to bargain on an industry-wide basis?

Answer:-No-Section 8 (b) (1) of the Taft-Hartley Act makes it an unfair labor practice for a union to restrain or coerce an employer in the selection of his representatives for the purpose of collective bargaining or the adjustment of grievances.

Also, Section 303 (a) (1) makes it unlawful for a union to use strike or boycott to force an employer to join an employer organization.

A Christmas Present For Marjorie

Busy fitting the windows and door in the model doll house he is building for his little six-year old daughter Marjorie, Anthony Yurgaitis of Press No. 1 is working hard to get it finished in time for Christmas. Never having attempted anything of the sort before, Anthony has been working on it for several weeks, didn't think it would take him so long to build it.

After numerous requests from his daughter Marjorie for a doll house for Christmas, Anthony Yurgaitis, toolsetter in Press No. 1, decided to build one for her himself.

Starting several weeks ago, Anthony made use of the wood from the Scovill scrap yard to get started, and used wood from orange crates for clap-boards, making the structure about 3-1/2 ft. long and 3 ft. high. Planning to use masonite for the roof, he has not yet started making it, and is also undecided about the color but will probably paint it white with either red or green trim. Mrs. Yurgaitis is taking care of the house furnishings and has already purchased the tiny pieces to place in the finished house.

Working in the basement of his home on Chipman Street, Anthony hasn't been able to keep the house a secret from the six-year old Marjorie and although he's going to have to work steadily on it 'till Christmas, he expects to have it completed by then.

Safety Caps For Protection

Safety caps, such as is modeled above, left, are being issued to women operators on certain jobs as an added safety measure to prevent their hair from catching in moving machinery. The picture at the right is an actual photo of a young lady's hair as it was caught and wound onto a small drill. Needless to say, no cap was being worn at the time.

Guards cannot always eliminate the possibility of women's hair coming in contact with shafts, belts, pulleys or other moving parts, and scalping accidents are always a possibility. A few of our employees have had their hair caught, but through good fortune they escaped serious disfigurement or fatal injury.

As of today, December 15, 1947, it is compulsory in certain departments and on specific equipment for female

operators to wear approved caps in the proper manner. The caps will be supplied by the Company and the employees will be responsible for caps

supplied them.

Wear these caps always — wear them properly. Tuck stray wisps under the cap so that static electricity will not pull them up into a machine. One or two hairs caught in a machine will

lead others into a complete scalping. In addition to the danger, there's also the matter of cleanliness. Hair and scalp can't stay clean very long in the dust and mist of many jobs.

Don't let your crowning glory become a gory mess in fast moving machinery!

IRA, Inter-Department Volleyball Planned

All Scovill volleyball players are asked to get in touch with the Employee Activities Office if they wish to be members of the Scovill team entered in this year's IRA competition. The varsity games are planned to start on January 2, so get your name in.

Plans for the Inter-department volleyball league are also getting underway. All departments interested in entering a team are asked also to contact the Employee Activities Office so that a schedule can be drawn up.

Quarter-Century Awards Earned By Four Scovillites

Anthony Menturowich

Rounding out his twenty-five years of continuous Scovill employment on Monday, December 1st, is ANTHONY MENTUROWICH of the Repair Room who was scheduled to receive his gold pin on that day. Starting with the Company back in 1916 in the Blanking Room as a blanking press operator, Tony worked only intermittently from that year until 1922 from which

date his continuous record begins.

Having worked in the Blanking Room, Casting Shop, Tube Mill, Rivet Room and Case 5 during his years with the Company, Tony has been in the Repair Room since 1945.

Born in Poland, Tony arrived on this side in 1913, becoming a United States citizen in 1940. Married, he has three children-two sons, Jimmy and Bill, both of whom work in Hot Forge, and a daughter, Mary.

Ivan Boyd Coming to Waterbury to live in 1922 from a large, 160-acre farm in the corn belt of Illinois where he was born and raised, IVAN BOYD of the Steam Department started his Scovill employment that same year and, on Friday, December 12, was scheduled to receive his gold pin marking twenty-five years of continuous service with the Company.

Working now as an ice machine and air compressor operating engineer, Mr. Boyd decided to give up his career as a farmer in the flat plains of Illinois to live in New England, and is very well satisfied with the type of work he is doing at Scovill.

A veteran of the 1st World War, Ivan saw service in Europe with the 27th Division, as did his son, Thomas,

Within Our Gates

Glad to see JERRY COCOLIA back from a convalescing period. It takes quite a lot to down JERRY.

EDDIE CLARK singing "Carry me back to old Virginy" says it's the only way he'll ever go back.

Thanks to ED O'DONNELL for his card. ED is a Hot Forger and down in Florida.

MIKE LYNCH balls.

MIKE LYNCH had his garage cleaned

out expecting to earn the DeSoto re-cently raffled off.

KAY KERR of Trim and Knurl is back at work after the passing of her sister, EILEEN, formerly of Assembly. Glad to hear that MARGARET GRE-

HAN is doing nicely.

Congratulations to all the birthdayers

and those celebrating anniversaries.

FRED ELLIS of Press No. 2 is also back at work after a brief illness.

Members of the Lacquer Wash and Lacquer Departments express their sympathy to JOHN MUROFF on the death of his father.

Ivan Boyd

in the 2nd World War, who was a member of the ski troops for four years serving in Italy.

Mr. Boyd's only hobby and recreation is, as he states it, "enjoying the beauties of nature" by driving around the countryside in his car. His wife, Emily, is an employee in Chem. & Test and his brother, the late Kenneth Boyd, was a Scovillite for about eight years before the war.

Charles Lusas

Coming straight to Waterbury to live upon arriving at our shores in 1906 from Lithuania, CHARLES LUSAS of the Wire Mill started working for Scovill that same year, leaving the employ of the Company six years later in 1912. Charlie then worked intermittently for Scovill for several years until 1922 from which year he is the holder of a continuous service record. He was scheduled to receive his gold service pin on Tuesday, December 9th.

Charlie has spent most of his Scovill employment in the Wire Mill where, since 1945, he has worked as a single finish block drawer. He came from his native land to live in Waterbury with his brother Joe who is now

Charles Lusas

on the retired list after having worked for Scovill for many years. Married, Charlie is the father of three boys-Eddie, who works in the General Training Course, Alfonso, army veteran with five years of service to his credit, and Edmund, in high school.

Pauline Rado

Completing her twenty-five years of continuous Scovill service on the 13th of December, PAULINE RADO, an employee of the Drawing Room, has received her gold service pin marking the occasion.

Born in New York City, Pauline came to Waterbury with her family when a small child, but still likes to take trips to the city to take in some of the good shows there. Pauline first came to work for the Company in 1922 when she was hired into the Press Room as a press operator. She later was employed in Cosmetic, Trim & Knurl, the Loading Room and, since 1945, has been in the Drawing Room where she works on a dial press.

Aside from enjoying shows, Pauline also whiles away her spare time by reading. She lives on Charles Street with her family.

Pauline Rado

Engagements

They say everything happens in threes, They say everything happens in threes, but it takes our club members to prove it. Three diamonds appeared during Thanksgiving week and the girls with the happy smiles are Eleanor Midgley, Cost Office; Shirley Collins, Mechanical Engineers; and Lucy Guarrera, Drug and Cosmetic Sales, Eleanor and Frank Hackett are making places for next April but Shirley and plans for next April but Shirley and Harold Kreidel and Lucy and Ned Wolff aren't telling. Maybe spring, huh?

Birthday Greetings

Many happy returns to Adele Kuzmich, Many happy returns to Adele Kuzmich, Chucking, who celebrates on the 16th; Donna Reynolds, Central Time Office, on the 17th; Jean Ostroski, Yard Department, on the 18th; Gen Robillard, Hospital, on the 20th; Ann Drago, Chucking, on the 22nd; Ellen Valaitis Kelly, General Stores, and Marie Hayes, Employee Relations, on the 23rd, and to Mabel Ottinger, Waterville, whose birthday is actually on Deceived. ville, whose birthday is actually on December 24th. We keep insisting Mabel was born on December 3rd, but Mabel

was born on December 3rd, but Mabel should know, shouldn't she?
Greetings also to Christmas babies Shirley Schnier, Connector Room, Charlotte Olson, Addressograph, who celebrate on the 25th; to Theresa Griffin, Central Time Office, on the 26th; Helen Slager, Automatic Screw Products, on the 28th; Mary Ellen True, Waterville, on the 29th; Catherine LoRusso, Electric Shell, and Eleanor Midgley, Cost Office, on the 30th; Edna Aunchman, General Training, Marie Kyle, Mill Production, and Mary Bruno, Telephone, on the 31st; to New Year's baby Evelyn Shugdinis, who celebrates on the 1st of January, to Catherine Lawlor, Closing Room, on the 2nd, and Catherine Masse, Accounts Receivable, on the 3rd.

Odds And Ends Ellen McFarland, Button and Fastener

Ellen McFarland, Button and Fastener Sales, made a very lovely matron-of-honor at her sister Mary's wedding.
Florence Gursky, Central Time Office, is now Mrs. Anthony Palumbo. The big event took place November 27th.
We're all glad to hear that Evelyn

Shugdinis, Button and Fastener Sales, is

Snugdins, Button and Fastener Sales, is getting along so nicely. Evelyn made a rush trip to the hospital one night not so long ago to have her appendix out.

We bid adieu to Ellen MacLelland Donovan, Bulletin Office, who has left us.

Many thanks to all those very helpful gals who turned out to lend a hand with our Christmas stockings and our Children's Christmas party

Christmas party.

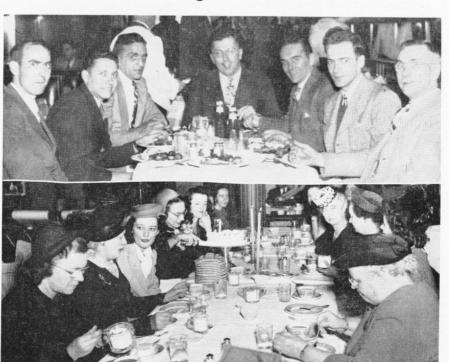

Martha Bowman Bailey, formerly of Trucking, is the mother of a lovely girl.

Ten-Year Service Pins Go To Four Employees

The following employees have received the ten-year silver pin for continuous Scovill service:

Thomas Cawett, Fastener Room, as of December 2; Real Gravel, Traffic Department, as of December 6; Joseph Drost, Hot Forge, and James Murphy, Trucking Department, as of December 13.

Scovillites Being Wined And Dined

Members of the North Mill Bowling League, top picture, above, journeyed down to New York on November 16th to see the Yankees play a team from San Francisco, had their picture snapped while dining in the big city. Seated left to right around the table are Harold Keane, Pat D'Amelia, Art Mazzamaro, Al Sinkevich, Bob (Cutie) Miller, Benny Picard and Al Keane.

Bottom photo shows Peggy (Reardon) Baker, fourth from left, enjoying a party held for her at the Hotel Elton on November 13th in honor of her marriage to Arthur Baker. Peggy, who was married on November 22nd at St. Margaret's rectory, was feted by co-workers of Manufacturing Stores Record.

"Peace On Earth To Men Of Good Will"

Peace is being jeopardized every day by irresponsible talk and action from many sources, individuals, groups, societies, organizations and nations. The main theme seems to be Communism as compared to the system of Free Enterprise.

To those who have even the least leaning toward Communism, consider carefully that the Free Enterprise system has given us more of everything including wages, food, homes, electrical appliances, automobiles, clothing and freedom of speech, religion, education, press and radio than any other peoples of the world.

It would therefore seem that if we all preach the Gospel of the above freedoms we will, by our solidarity, be making a great contribution to PEACE ON EARTH TO MEN OF GOOD WILL.

Christmas Seals

Jr. Basketball League Games Begin Dec. 14

With six teams entered, the Jr. League Basketballers will start off their games on Sunday afternoon, December 14. Playing at the SERA Center, the schedule for games has been drawn up and they will be played off every Sunday afternoon at 1, 2 and 3 P. M. Boys entered are all of junior high and high school age.

Spectators are welcome to attend the games and witness the fast action.

Bid For 2nd-Hand Lumber By Dec. 29 Six Wooden Buildings For Sale

To the numerous employees who have asked for second-hand lumber, here is an opportunity to secure some.

The Company is offering to sell six 1-story wooden buildings located at the Powder Mixing Plant at Reidville, subject to the following conditions:—

1. Employees or groups of employees of the Company only may bid.

2. All bids shall be on a "where is" and "as is" basis, the Company making no representations whatsoever as to the quality or condition of the buildings

3. Buildings may be inspected at any time.

4. Bids are to be sealed and delivered to H. T. Wayne, Real Estate Department, by twelve o'clock noon December 29, 1947.

5. The Company reserves the right to reject any and all bids.

6. Immediately upon acceptance of the bids by the Company, all Company responsibility for the buildings and their contents ceases.

7. Demolition may start as soon as the bids are awarded. All refuse is to be cleaned up and carted away and the demolition and clean-up is to be completed by March 1, 1948.

8. Company rules as to passes and regulations are to be observed.

9. All activities in connection with the demolition and cleaning up are to be at the sole risk of the successful bidders, and the successful bidders shall agree that the Company will not be liable for injuries to the person or property of the successful bidders while engaged in such work.

Model Contest Feature Of Seal Drive

Teen-Agers Invited To Make, Draw Replica Of 1947 Seal

The Anti-Tuberculosis Christmas Seal Sale Committee of Waterbury, under the chairmanship of Ellis F. Phelan, were sponsors of a contest in which 100 Waterbury teen-age artists were invited to submit a model, drawing or painting of the 1947 Seal.

Christmas seals are the sole support of the Waterbury Anti-Tuberculosis League. Money raised during the sale is used to maintain a tuberculosis control clinic where patients referred by their physicians may receive a free chest X-ray, supervise patients after they have left the sanatorium, check up those exposed to TB, and carry on a community health education program.

The stamp this year features a farmer and ox-drawn sled hauling a load of Christmas trees from the woods.

Prizes To Be Awarded

Entries in the contest will be divided into two classes:—(a) models; (b) drawings or paintings (water color, oil, crayon, etc.)

First prize in each class will be a pair of tickets to a play at Shubert's Theater, New Haven.

Second prize in each class will be two tickets to a sporting event at the Arena in New Haven.

There will be five additional prizes in each class.

Rules Of The Contest

Entries were limited to 100 young people of the Waterbury area between the ages of 13 and 19.

All models, drawings or paintings entered in the contest must be original in design and construction and will be judged on the basis of artistic ability, visual appeal and age of contestant.

Each contestant was to file an entry blank by midnight, December 10th. They could be obtained at the front counter of the Republican-American office. They had to be signed by a parent or teacher.

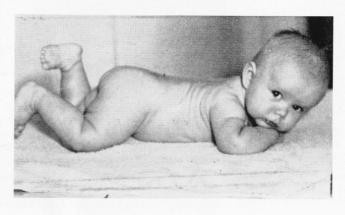

Entries were handed in at the Chamber of Commerce office (7 Field Street) from 9:00 a. m. to 5:00 p. m. each day. Deadline for entries was December 15th.

Entries must be clearly marked with the name of the contestant.

The size of the model, drawing or painting is left up to the contestant. They should be light but of sturdy construction.

All entries are to be loaned to the Anti-Tuberculosis League of Waterbury for the duration of the Seal Sale, after which they are to be returned to the owners.

Presenting Ronald Pernerewski

Little Ronald Pernerewski on the left is the nephew of Arnold Pernerewski of the West Machine Room. The baby's mother, Veronica, formerly worked in Case 5 and his grandfather, Joseph, now retired, is a former employee of the West Machine.

Si - lent night, Ho - ly night!

The Bowling Ball

All Scores Are As Of December 9, 1947

Girls' Inter-Department Team

The Assembly and Central Time teams are still battling it out for 1st place position in the Girls' Inter-department League now holding scores of 30 and 10. The Electric Shell team is in 3rd place with 23 and 17.

Peggy Daker's 128 is best for individual high single with Adeline Dalessio's 127 and Ann Kisonas' 126 closely following in 2nd and 3rd place. Individual high 3 still belongs to Ann Kisonas for her 343.

Men's Inter-Department League

The North Mill Rolls still hold top spot in the Men's Inter-Department League although they dropped 2 to the Plating Room. Office dropped 2 to Chucking also, thus enabling West Machine to gain a game on them as they took 2 from Hot Forge.

High single of the week was rolled by Ercoli with 142. He also captured high 3 honors by putting 107 and 136 strings to his high single to finish with a 385 total. Marty Byrnes' high 3 of 420 is tops for the League to date.

Girls' Varsity League

The Scovill Girls' Varsity team is still holding the top spot in the IRA League being ahead by 4 games. The girls added three more victories to their record when they bowled against the Lux Team on December 4 by downing them three games. The Scovill girls have won 35 and lost but 4.

Marie Veneziano stole high 3 for the evening by bowling 331 and Jean Ostroski's score of 123 was tops for high single of the night. The girls' next opponent will be a Heminway team whom they will take on Dec. 18.

Badminton News

By Harry Shewbridge

With the three badminton leagues going into the 3rd week of the 1st round, the League standings are as follows:

Women's Doubles

Cosgriff-Bibeau, won 8 and lost 1; Shewbridge-Longo, 7-2; Matalunas-Tourangeau, 7-2; Pillis-Carolan, 5-4; Yakulevich-Bodziack, 2-7; Kisonas-Conway, 1-8.

"A" Mixed Doubles

Shewbridge-Wislocki, 11-1; Cosgriff-Schaffer, 8-4; Yakulevich, Matalunas, 8-4; Conway-Quadrato, 5-7; Matalunas - Shewbridge, 4-8; Pillis-Shelly, 2-10.

"B" Mixed Doubles

Tourangeau-Wislocki, 3-0; Bodziack - Matalunas, 2-1; Longo - Shewbridge, 1-2; Kisonas-Schaffer, 1-2; Carolan-Shelly, 0-3; Bibeau-Quadrato, 0-3.

Inter-Dept. Basketball League Getting Underway

Departments wishing to enter in the Inter-department Basketball League which is scheduled to start on Monday, January 12, are asked to contact the Employee Activities Office, extension 835.

It is expected that six teams will make up this year's League, and the games will be played every Monday night at 7, 8 and 9 o'clock at the SERA Center.

Girls' Club League

The Girls' Club League, now in its second round of bowling, is led by the Yard Department and B & F Production teams in a tie for 1st place, each with records of 21 games won and 12 games lost.

Nellie Kalinauskas broke high single on December 9 by bowling a 144 which is best in that department to date this year. Ethel Johnson's 364 still stands at the top for high 3.

Men's Varsity Team

Meeting the Chase team in the IRA Competition on December 4th, the Scovill Men's Varsity was defeated in the encounter, dropping all three games to their opponents. The Scovillites now have 17 games won and 19 games lost on their records.

Comics League

The Mutt 'N Jeff team is still leading in the Comics' Bowling League having won three straight games. Their record now reads 18 wins and 6 defeats. Morano still holds individual high single with 144 and Hojnacki's 380 is tops for high 3.

Scovill Shooters Gaining Momentum

The varsity rifle shooters are picking up momentum as the season rolls along. On November 25th the Scovillites defeated the Waterbury Companies team in their fourth match being ahead 112 points. They scored a total of 902 to their opponents' 790. On that night, Robinson, Minicucci and Henricksen all had 50 for 50 in prone position.

In their 5th match on December 1st, the Scovillites downed the Patent Button Company, scores were 887 and 751. Minicucci again had 50 for 50 in prone position.

The top shooting to date by Scovillites was done by Robinson against the Waterbury Companies when he shot a total of 187. Slocum is second with 186.

Connecticut 1948 Auto License Plates

New Plates, As 1947 Series, Blanked By Scovill

The above license plate, a sample of the new series which will be issued in the Spring of 1948, is made of aluminum and was blanked by Scovill from sheet aluminum. The new plate combines the elements of permanence with a night safety feature—which should be a great factor in the reduction of collisions with cars parked on the side of the road without lights and in collisions where cars are not displaying any lights.

The original anodized aluminum automobile license plates, which were first used in Connecticut in 1937, will be retired in the Spring of 1948. These plates served Connecticut long and faithfully. Although the first cost of a so-called permanent aluminum plate is greater than the cost of a one-year plate, the overall cost for the ten-year period has shown the State substantial savings over the cost of the one-year plates used in many other states.

The complete new series, after being blanked in the Manufacturing Eyelet Room, were delivered to the Reformatory at Cheshire where the letters and numerals were embossed. The plates were then returned to the Aluminum Finishing Room where a specially developed etching process was used to produce an even, milk-white surface.

The plates were then returned to the Cheshire Reformatory where the letters and numerals were painted black and the entire front surface of the plate covered by a beaded reflectorizing material which is bonded tightly to the etched aluminum surface. The new plate is a safety permanent number plate which combines the elements of permanence with a night safety feature. The plate shines brilliantly at night when illuminated by the headlamps of other cars.

The black letters and numerals against the reflectorized background can be distinguished easier and at a greater distance than is the case with the conventional plate.

Reservations For Same Number Renewals To Be In By Jan. 15

Motor Vehicle Commissioner Elmer S. Watson points out that "persons who desire to obtain the same number they now have in their possession may do so by making application for renewal during the reservation period December 1, 1947 to January 15, 1948." In order to renew registration, the same procedure is to be followed as in former years.

It will not be possible to reserve number plates after January 15, 1948 due to the great amount of clerical work involved in handling the 600,-000 registrations of the State.

During the eleven years that the present plates have been in service, the so-called "numbered series" have been issued when old plates became lost or destroyed. The original series as set up in 1938 with only "lettered series" are the only ones being made at this time. Therefore, people now having the numbered series, with a number appearing above or below the letter on the left-hand side of the plates, will not be able to retain the same number but will be given a new number in the lettered series.

To Renew Registration

Sign the renewal application attached to the current registration certificate.

Enclose this with check or money order made out to the Commissioner of Motor Vehicles for the renewal fee which appears on the renewal. Mail this to the Dept. of Motor Vehicles, Hartford, Conn., or to the nearest Branch Office of the Dept. of Motor Vehicles or present it in person at said office.

Chessmen Sharpen Up Their Playing

Practicing up for the home and home games to be scheduled in the near future for the Scovill chess group are, left to right above, Mike Kuba, Newton Barstow, Val Bernier and Armand Fisher. The four enthusiasts, snapped at the SERA Building on December 2nd, are members of the group which play off informal games there every Tuesday evening.

The Woman's Corner

How To Keep Your Hair At Its Best

The basis of any coiffure you choose is clean, shining and manageable hair. You'll want your hair to look especially good during the holiday season, so keep it clean with a liquid conditioning shampoo and let the fingertips, not the fingernails, do the scrubbing. A good tip to follow while washing your hair is to place the fingers wide spread at the hairline at each side of the head and let them scrub with short back-to-front motions 'till they meet at the crown.

If you have a sudden, important date, you will want to wash your hair to have it look its best. If you have to worry about its not drying in time, here's a quick drying method that is Wax the answer to your problem. paper, torn into strips, rolled and covered with cleansing tissue, form curlers of any size you like. The curls are made with large sections of hair, beginning at the tip ends and rolling up to the hairline. The papers are then tied to hold the curl in place until it is dry. The secret is in the tissue which absorbs excess moisture and makes for fast drying.

A New Way To Color-Scheme Your Home

Until now, many home furnishings have been impossible to match. At best, it's taken long hours of shopping, but these are problems of the past. Your store will soon have rugs, curtains, upholstery and wallpaper in basic colors that match perfectly.

This miracle has been brought about by the B. H. F., standing for Basic Home Furnishings — a banding together of prominent manufacturers in the home furnishings field to use fifteen basic colors in designing their popular priced merchandise. All B.H.F. merchandise will bear tabs list-All ing colors that harmonize with them.

Santa Serves The Christmas Dinner

No one could be more appropriate than Santa Claus to carve the Christmas ham, so here he is a-slicing a glazed and holly-bedecked beauty between deliveries. How to bake and glaze your Christmas ham is told below.

Baked Christmas Ham

If a pre-cooked ham is used, follow the directions on the wrapper around the ham in baking. If a*smoked ham is used, scrub with a brush. Soak 2 or 3 hours or overnight in cold water to cover. Drain. Place skin side up in an open roaster. Insert thermometer in the ham so that the bulb will be in the center of the ham but not touching the bone. Bake in slow oven (325°F.) allowing 20 minutes per pound for whole hams and 27 minutes per pound for small or half-hams, or cook until the final reading on the meat thermometer is 160°F. Take the ham from the oven and remove the skin. Glaze according to directions given below.

To prepare a Virginia ham, soak 12 hours in cold water to cover. Trim

rusty edges and scrub with a brush. Cook covered over low heat, simmering very gently until tender, allowing about 30 minutes per pound. Uncover and let cool. Take from liquid, remove skin, bake and glaze according to the following directions.

Glazed Holly Ham

After removing the skin from cooked ham, score fat with knife. Spread entire surface of ham generously with orange marmalade. make holly leaf design, cut leaves from angelica. Arrange leaves in decorative fashion over top surface of ham. At the base of each leaf, arrange three uncooked cranberries to resemble holly berries. Bake in uncovered roasting pan in a hot oven (425°F.) about thirty minutes, or until surface is nicely glazed. A 10 to 12 pound ham will make 20 to 25 servings.

Happy Holidays In Glitter Fashion

During this festive holiday season, nothing makes a girl feel more glamorous than dressing up in clothes that glitter and sparkle. This year, even the most budget-minded business girl can own a lovely lame dress or blouse. New developments and the use of rayon have made possible lame fabrics at a price within the average budget.

You'll be seeing lames that look like sheets of solid gold, copper or silver — and others in color. All of these fabrics are amazingly supple— not in the least bit stiff or heavy, as you might expect a "metal" fabric to be.

Lame dresses will be found in a wide variety of styles from strictly tailored ones which depend on the fabric alone for interest, to ankle length, full-skirted ball dresses. Blouses are usually made in simple styles that can be worn with black crepe, short or long skirts — or can dress up a simple suit. An example of this is a black rayon satin brocade shirtwaist-style blouse, flecked with gold and silver. While the style is extremely casual, the fabric makes it look very dressy.

Dry cleaning is always recommended for rayon lame fabrics. They require no special care in cleaning. However, it would be wise to remind your cleaner that lames are acetate rayon and should be treated as such.

Just as you do when you buy any fabric, you should look for good quality. Be sure the fabric is closely Be sure the fabric is closely woven so that your dress won't ravel or pull out at the seams.

Here's a dressy blouse for your suit that makes a good top for a long eve-ning skirt, too. It's a rayon lame blouse in checked silver with a bishop collar. You don't have to worry about the practical aspects of its tinsel-like appearance. The rayon fabric wears and cleans well.

Christmas Cocktail Made Of Shellfish

No matter where you live, there is some shellfish you can use for a de-licious introduction to a Christmas dinner. Oysters, clams, rosy pink shrimp, lobsters or crabs come fresh, frozen or canned. Served alone or combined, they're the perfect beginning for a festive meal and they're patriotic, too, because not one little bit of grain went into feeding them. You will want a super sauce to enhance each succulent seafood morsel

Shellfish Cocktail Sauce

- 2/3 cup of ketchup
- 3 tablespoons chili sauce
- 2 tablespoons horseradish sauce
- 3 tablespoons lemon juice

Combine all ingredients. Mix well and chill. Serve with fish or shelled fish. Makes one cup of sauce, and serves six to eight. For variety, add a dash of tabasco or Worcestershire sauce, a teaspoon of minced parsley, or a pinch of dried tarragon. A shiny curl of green proper is Christman curl of green pepper is Christmasy with the red sauce.

SWERA BOWLING NOTES By I. Sawit

SWERA BOWLING NOTES

By I. Sawit

LOU "WIDE OPEN" SANDULLI sure spilled the pins. He now has 379 for high 3 and 143 for high single.

JERRY MILLER, the "hot shot" of the Number 10 team, will give pointers to his three low men to help carry the load.

BARNEY DAVIS is getting his hook ball to break pretty well lately. Now watch BARNEY go to town.

CHARLIE "HARVARD" CAMPI found his bowling shoes after they sort of "wandered away" and now he's all set to go after some prize money. CHARLIE needs a secretary to help him in obtaining tickets for all the events the employees ask for. How about a nice redhead, "HARVARD"?

Best of luck to CHARLIE "DIET" PUGLIESE who has left us.

MIKE CHASE is using his practice game as a warmup for all those strikes and spares he is getting lately.

CHARLIE "DUTCH" HOFFHEINS should learn to throw that third ball on his first! Catch on, CHARLIE boy?

RAY "BUBBLE GUM" LEBREQUE has a nasty stubbed finger on his bowling hand from trying his fancy "bounce" ball.

FRANK LOFFREDO is the new pres-

FRANK LOFFREDO is the new president of the bowling league and we all know FRANKIE will carry on as efficiently as did his predecessor.

Iroquois Work At New East Rolling Mill

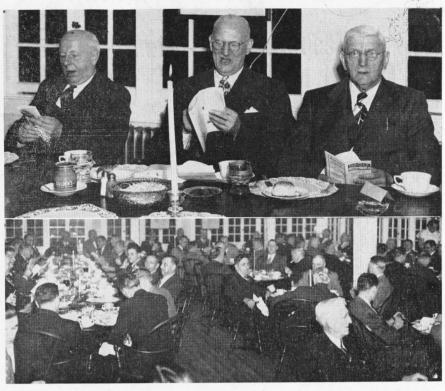

Among the Turner Construction Company workers at the New East Rolling Mill are eighteen Iroquois Indians who came from the Iroquois Village at Caughnawaga, Quebec. Chief Red Boy (extreme right, second row) one of the riveters, was with the Barnum & Bailey Circus as rope spinner and horseman until five years ago. All the male members of the Village's 5,500 inhabitants are iron workers and have worked on all big jobs in the Eastern States — the Chrysler Bldg., the George Washington Bridge, and others.

Joe Dews, Maurice Sweeney Feted

In the top photo, Joe Dews (left) and Jerry Wolff, Factory Superintendent of the Manufacturing Division (center) join in the singing while Maurice Sweeney (right) seems to wonder about the proceedings at the recent testimonial held for the two Manufacturing Department foremen who have been placed on the Special Retirement List as of December 1, 1947. Bottom photo shows a section of the crowd who turned out for the event.

Fastener Room Foreman Joseph Dews and Solder Room Foreman Maurice Sweeney will long remember the testimonial dinner held in their honor at the Copper Kettle on Thursday, November 20th.

Mr. Jerome Wolff, Factory Superintendent of the Manufacturing Division, was Toastmaster for the event which was attended by 80 co-workers and associates. Mr. William Black presented a purse to each honored guest, with appropriate remarks. Vice-President Alan C. Curtiss also gave a few remarks.

Vying for top honors in the evening's entertainment were the renditions of the "Scovill Quintet" and upand coming (?) Duo. The Quintet was composed of Pat Wallace, Leon Mayshaw, John Kirschbaum, Jesse Barratt, and George Slater. The "duo" consisted of Gunnar Schlander and Bob Johnson. Chuck Connors did his usual swell job at the piano. The committee in charge of the event was made up of Henry Holihan and Charlie Rietdyke.

Annual Turkey Shoot At Woodtick, Dec. 21

Work has progressed rapidly on the renovation and partitioning of the Woodtick Factory Building to make more desirable quarters for the rifle range. The Rifle Committee is planning an extensive program of activ-

The first Company-wide event of the season is the 2nd Annual Turkey Rifle Shoot to be held at the Woodtick Indoor Range on Sunday, December 21, from 1:30 P. M. on

As the range is indoors, the meet will be held — rain or shine. Any one can win since skill is not an essential with the Fitzluck targets. The entry fee is 50¢. It is not necessary to sign up in advance. The Rifle Committee will be on hand at 1:30 P. M. to accept your entry fee and provide you with the necessary equipment for shooting.

All Scovillites and members of their families are eligible to participate for the turkey prizes.

Two Scovillites Pass **Away At Their Homes**

Retired in January, 1946, JOHN J. McCarthy passed away at his home on November 28th after a short illness. He had been employed in the North Mill from 1900 until his retirement at which time he held the title of Shift Foreman of the North Mill Muffles Division.

Born in Ireland, Mr. McCarthy is survived by a daughter, a son and two sisters. The funeral was held on December 1st from the Mulville Funeral home. Burial was in new St. Joseph's Cemetery. Attending from the Company were Ward Hobbie, Jack Danaher, Phil McGrath and John Fogarty.

CHARLES F. TULLY, inspector-gauger of the Tube Mill, died at his home on December 8. First coming to work for the Company in 1926, Mr. Tully held a continuous service rec-

ord from that year.

A native Waterburian, Mr. Tully is survived by his father, his wife and a son. The funeral was held on December 11 from the Mulville Funeral home. Burial was in Calvary cemetery. Scovill representatives were Howard Kraft, John Greaney, Francis Donnelly, Thomas Corbett and Pat

Volunteer Firemen **Hold Annual Banquet**

Twenty-one members attended the 35th Annual Banquet of the Scovill Volunteer Fire Department which was held on Saturday, December 6th, at the SERA Building. Fire Marshall B. J. Hine acted as Chairman for the affair and was assisted by Jack Reardon and Herman Hanson.

Mr. Hine reported on the activities of the Department and reviewed topics of interest to the members. Roland Klobedanz, of the Fire Marshall's Office, spoke on "Fire Prevention in Industry." A sound film "How Fires Start In Industry" concluded the program.
