

THE BULLETIN

Published by the Scovill Manufacturing Company for its Employees.

Vol. XXXII

April 19, 1948

Number 8

Skyrocket

The Company has been notified by the Scovill Brass Workers' Union, Local 569, C. I. O. that wages will be opened for negotiation after May 1, 1948. This is in accord with National C. I. O. policy, but it is extremely shortsighted. Not all unions have taken this attitude. The United Hatters, Cap and Millinery Workers' Union is reported as stating publicly, "We would prefer lower prices to higher wages . . . there is no question that the effect of general wage increases is washed out in the face of rising prices."

Wages and salaries, directly or indirectly, make up nearly the entire cost of production. Large Nation-wide wage increases must be reflected in increased prices. It has been true in the past — it will be true in the future.

Unions have a favorite trick of using the war years with their excessive overtime payments with which to compare current earnings. We have compared the average annual earnings of employees of the entire Scovill Company for 1947 with those of 1943, the year of greatest average war employment. The 1947 average annual earnings exceeded those in 1943 even though the 1943 earnings included a great deal of overtime.

On the other hand, if we compare 1947 average annual earnings with those of 1939, generally considered the last prewar year, annual average earnings in 1947 were more than 80% higher. Is it not ridiculous to believe that prices would remain low under such conditions? Higher wages, when the result of Nation-wide wage increases, and without greater production, will result in higher prices.

Second Cabaret Dance Scheduled For May 15

The first Cabaret Dance of the season was held at SERA Center on Saturday, April 10th. Co-sponsored by the SERA and the Girls' Club, the dance proved to be a complete success with approximately 200 persons attending. Music for the affair was furnished by Wittstein's Orchestra of New Haven.

With requests already coming in for another dance real soon, the Social Committee of the SERA is now making arrangements to hold the second Cabaret Dance on Saturday, May 15. Full details will be announced as soon as they are completed.

SERA Softball Coach

Having led the SERA Softball team through a victorious season last year, Jack Carrington, above, has been named to serve as the SERA coach again this year. He will be assisted by Ralph Dadessio and Jim Crowe.

Retirement Of Five Employees Announced

Their Continuous Service Gives Total Of 149 Years

The following employees have been placed on the Special Retirement List: Katherine Houlihan, Jerry Pomponio, William A. Parke, William P. McGrath and Anthony Shurma.

Withholding Tax Reduction Notice

Beginning with the first pay you receive in May, 1948, your Withholding Tax will be reduced to conform to the new scales which have been set up in the income tax law. On page 3 of this issue of THE BULLETIN is printed the table of withholding taxes which will apply in all cases where wages are paid weekly. It is suggested you clip this table out and use it to check your taxes each week.

Similar reductions have been made in the tables which will be used for any employees who are paid at monthly intervals or otherwise, but these tables are not given in THE BULLETIN.

Increase In Exemptions

It may be of interest to our employees to know that the new tax law increases all exemptions to \$600 each, in place of \$500 formerly allowed—that if a man or his wife is 65 years of age, or blind, an additional \$600 exemption for age, and an additional \$600 exemption for blindness may be claimed for each person—that the maximum standard deduction, on a joint return or a return of an unmarried person, has been increased to \$1,000 or 10% of adjusted gross income, whichever is less. Also, taxes have been reduced by from 9 3/4% to 17%, in place of the 5% reduction formerly used, and many married taxpayers will benefit from the income-splitting features of the new law.

Pouring Concrete Into New Mill Foundation

Taken on April 5 at the new East Rolling Mill site, the above picture shows concrete being poured into the breakdown mill foundation, which is a part of the new Rolling Mill. Although three (3) concrete mixers can be seen in the picture, there were at times, six (6) concrete mixers pouring into the foundation at the same time. This operation started at 8 A. M. and was completed at 2 P. M., consuming 260 cubic yards of concrete.

Accomplishing the above in such a relatively short period of time is probably the largest quantity of concrete poured in a single foundation in Waterbury or vicinity. This demonstrates the advanced engineering, planning and scheduling necessary in large construction work.

The temporary 60-ft. trusses which may be seen in the picture were necessary to support the roof while several of the building columns were removed to permit this operation.

Driver's License--May 1

Less than two weeks remain to obtain your 1948 Driver's License as all Connecticut drivers must have their renewed licenses by May 1st.

Avoid the last minute rush — get yours as soon as convenient.

Daylight Saving Time

Daylight Saving Time will be resumed in the State of Connecticut at 12:01 a. m. on Sunday, April 25.

At about that time all clocks in the Main Plant will be advanced one hour. Outside clocks will be marked "D. S. T."

All plant schedules and appointments will be on Daylight Saving Time.

New Assignments

Mr. John J. Hoben, Assistant General Manager in charge of the Mills Department, has issued the following notice:

Effective April 15, 1948, MR. KENNETH L. TINGLEY is relieved of his responsibilities as Assistant Manager of the Mill Production Department and is appointed Assistant Superintendent of the Casting Shop.

He will report to Mr. F. Connelly, Superintendent of the Casting Shop.

ponio, William A. Parke, William P. McGrath and Anthony Shurma.

Katherine Houlihan

Effective March 29, 1948, Katherine Houlihan was placed on the special retirement list after 38 years of continuous Scovill service.

Katherine started her employment in 1909 in the Packing Room and some years later became an inspector in Packing A. In 1941 she was transferred to Packing B as an Inspector on the Shaker Board, the position which she held at the time of her retirement.

Jerry Pomponio

Jerry Pomponio, an employee of Scovill since 1915, was placed on the special retirement list effective November 24, 1947. Mr. Pomponio, who has a total of 32 years of service with the Company, spent most of these years in the Lacquer and Lacquer Wash Departments, except for a short stay in the Rolling Room. At the time of his retirement he was employed in the Lacquer Wash as a cleaner.

William A. Parke

As of April 5, 1948, William A. Parke, of the Lacquer Room, was placed on the special retirement list after 31 years of continuous company service.

Mr. Parke's first years of employment were spent in the Packing Room. He also worked in the Valve Room as a Packer, later transferring to the Lacquer Room as an Overseer. Mr. Parke was a Supervisor in the Lacquer Room at the time of his retirement.

William P. McGrath

After almost 29 years of continuous Scovill service, William P. McGrath

(Continued on Page 8, Column 2)

Over Two Hundred At Girls' Club Banquet

The Scovill Girls' Club 26th annual banquet, which was held April 3rd at the Hotel Elton, proved to be a great success. Present at the affair were 220 persons.

General chairman of the event was Madalyn Osswalt who was ably assisted by members of the Council. Guests seated at the head table, together with Club president Margaret Fenske, were: Mrs. E. O. Goss, Mr. and Mrs. J. V. Montague, Mr. and Mrs. A. P. Hickcox, Reverend Robert A. Heydenreich of the First Lutheran Church and Reverend E. L. Morrison of the Church of the Blessed Sacrament.

Vice-President Arthur P. Hickcox was the principal speaker. Reverend Morrison gave the invocation and Reverend Heydenreich the benediction. Mrs. Montague gave a dramatic reading entitled "Forget Me Not," an original composition. Arlene Bauder sang "Into the Night" and "I Love Thee."

Guests of honor attending included: Edna Murray, Elizabeth Blakeslee, May F. Carton, Ella Patchen, Carrie Bowne, Julia Fitzmaurice, Anna Hanson, Jennie Noonan, Laura Lowe, Harriet Goodyear, Sarah M. Daly, Jeannette Bronneke and Katherine Carolan.

Within Our Gates

By Jack Driscoll

We welcome MOLLY BRANCO back to the room.

When JOE BASCOMB, formerly of Cleaning, joined the circus, he brought a camel up to the hospital because he thought it was a horse with a broken spine.

DICK LARKIN tried to date recently without any luck. He was as welcome as the Arabian ambassador to Palestine.

JACKIE DEVELIN of the Box Shop is back after a quiz program in New York. He had bags over his eyes instead of under.

BILL JUDSON of the Oakville Division knows a cowboy who fractured his collarbone at a rodeo. He must have had a bum steer.

CHARLIE LAFFEN has a pal who is very nervous. His name is Bill Fiddle—no wonder he's high strung.

Railroad man JOE CASEY formerly of Fuse Assembly showed his son around the railroad yard and showed him the engine and the boiler. The kid said he never knew they boiled engines. (That's what makes the engine tender.)

MIKE MITCHELL of the Waterville Division says they don't examine your eyes anymore for the army, they just count 'em.

Word Puzzle---Number 17

By Pat O'Connell

Numbered 1 to 10 below are given 10 definitions of 10 words in common use.

The square contains all of the letters of these words. It contains no other letters.

The first letter of each word is indicated in the square by the same number given to the definition.

Subsequent letters can be in any one of eight directions. as:—

No letters can be jumped.

An illustration is given for the first word. What are the other 9 words?

Word puzzle grid with letters and numbers 1-10 indicating starting positions for words.

- 1. Justice.....Merited reward or punishment.
2.Fortunate; prosperous; favorable.
3.Sternness; severity.
4.Unlike in kind; varied.
5.Leadership; preponderant authority or influence especially of a government or state.
6.Existing or being everywhere at the same time.
7.A rising again into life.
8.Improvement.
9.Morbid dread of being in closed rooms or narrow spaces.
10.False accusations to injure another; slander.

Personal Protection Furnished Free Of Charge

On display in the Employee Induction Office, the above two boards carry a few of the more than sixty kinds of personal protective equipment which is furnished to employees on jobs requiring protection—free of charge.

Some of the above items are issued annually by the thousands. There are eight different kinds of gloves issued and, in 1947, over 250,500 pair were given out. These ranged from the inexpensive cotton inspectors' gloves to the costly high voltage rubber gloves used by electricians.

Thousands of Safety glasses and plastic eye and face shields save many eyes from painful injuries or possible loss of vision.

Aprons, etc. protect Scovillites' clothing and bodies. Sweat bands make hot, sweaty weather a little more comfortable in the "good ole summertime."

Six Employees Receive Ten-Year Service Pins

The following six employees have received the silver service pin for ten years of continuous Scovill employment:

- Alfred T. Swircensky, Waterville, and Edgar Masone, North Mill Finish, as of April 4; Anthony DiMartino, Automobiles, as of April 8; Bronis T. Vaicaitis, North Mill Muffles, as of April 13; William Ward, North Mill Rolls, and Gertrude Northway, Connector, as of April 14.

Among the items provided are: gloves, aprons, hand leathers, finger-cots, rubber boots with Safety toes, rubber coats, protective sleeves, caps, sweat bands, eye and face protection masks, skin protective creams, salt tablets, etc.

The visored net caps worn by our "glamour girls" working at machines certainly prevent painful and disfiguring "hair-pulling" accidents.

Heat exhaustion is prevented by salt tablets on hot jobs and during the hot summer weather.

The cost of these personal protection items run into many thousands of dollars annually. Gloves alone account for over \$60,000.00.

Is it worth the cost? Management believes so and urges every Scovillite to use this protection — the person who was saved from painful injury believes so, too.

News From The Waterville Division

Reporter—Henry

The "new look" appearance was on display in Department 743 recently. WILFRED BOSSE was at work with an ankle length apron. Please, WILFRED, it's bad enough to see long skirts on the women, so let's leave it that way, shall we?

ART KELLY, the Prospect fender buster whose illuminated ties also seem to do a little damage on the eyes, feels that the reason for such is that people will look up to you and say, "Gee, that fellow is bright."

THEOBALD LE BLANC, one of Waterville's bachelors, is considering seriously stepping out of the stag line. Watch out, THEOBALD, I don't believe pioneer BERT FOLEY would like the idea because of his seniority rights.

PAUL GALANTE, the smiling young bachelor, is losing his gay spirit somewhat. The reason is quite obvious — the inevitable love affair is showing. Don't feel blue, fellow, it happens to the best of us.

JOHN GRADY, the casanova, seems to be injected with some modern tactic serum. His presence around the time clock every day with so many of the girls interested in his gossip is still a mystery to the younger men.

AL PERUGINI looked like the typical sad sack recently. A minor fire started in his department and as AL reached for a fire bucket it tilted in his excitement and he was completely drenched from head to foot. The fire was extinguished, however, by AL's co-worker who went over to the so-called fire and blew it out.

SWERA News Flashes

All softball players who wish to play are asked to contact FRANK LOFFREDO at the Tool Room. Players are needed for the two teams which will represent the Waterville Division in the Main Plant Inter-department Leagues. If enough players can be secured in the various departments, a softball league could be formed and the SWERA will

gladly donate a suitable prize for the team winning the above proposed league. Let's see if we can at least form a six-team league here at Waterville. Come on, fellows, sign up the players and turn in your department team to FRANKIE.

Don't forget, baseball fans, whenever you want to see your favorite big league team, secure your tickets through CHARLIE CAMPI, Waterville's sports representative, with the swell cooperation of FRED WILSON of the Employee Relations at the Main Plant. Let's show MR. WILSON that the baseball fans here intend to keep him busy securing tickets for those games you want to see in New York, Brooklyn, or Boston.

SWERA Bowling Notes

With only two weeks of bowling left, the boys are all out to bring their teams as close to the top as possible.

The bowling banquet is to be held at the Chase Country Club on Saturday evening, May 1st, and a grand program is arranged for the bowlers.

RAY "Short Circuit" LABRECQUE is leaving his mates behind by failing to help his team.

Miracle of miracles, JOE (Slim-Diet) NARDOZZI finally won himself a weekly prize. Maybe now he will be of more value to JERRY MILLER and the rest of his team.

A bottle of aspirins should be awarded to CHARLIE "Harvard" CAMPI for all those headaches LOUIE SANDULLI and PREXY LOFFREDO have been handing him lately.

Returning to the banquet again, a special award (money) will be given to the person, who, in the opinion of our guests, assures us that the talent performed by the contestants is the funniest of the evening. Sign up with the Master of Ceremonies at the banquet.

JOE CARUSO of the Buff Room has undergone an operation. We hope you have a speedy recovery, JOE, and will be back with us soon.

Three Receive 25-Year Service Pins

Feliks Swierczynski

James W. Cunningham

A twenty-five year gold service pin has been presented to FELIKS SWIERCZYNSKI of the North Mill upon the completion of his quarter of a century of service with the Company on April 4.

Feliks started his Scovill career in 1908 after having arrived in this country from his native land Poland three years before. He worked then in the North Mill until 1921. Leaving in that year, he returned to the Mill in 1922 to start his continuous service. He has been working as a slitting machine operator and slitter's helper in the Finishing Division of the North Mill since 1932.

A married man with four children, Mr. Swierczynski became an American citizen in November, 1939.

James W. Cunningham

JAMES W. CUNNINGHAM of the North Mill Finishing Division was the recipient of a twenty-five year continuous service pin as of April 17, on which day he completed a quarter of a century with the Company.

A native of this city, Mr. Cunningham

ham was first employed by Scovill in 1923 in the Rivet Room. Transferred to the North Mill a few months later, he has worked there ever since in various capacities — as an inspector, straightener roll's helper, gauger, sanding machine operator, stretching machine operator and, since February of this year, as a jitney driver.

With a family of five children to take care of, Jim doesn't have much time now for outside activities but for many years in the past he did a lot of singing in minstrel shows.

Mary Ready

MARY CATHERINE READY of the Auto Screw Packing Department marked the completion of twenty-five years of continuous service with Scovill on April 11 and has received her gold pin in honor of the occasion.

Mary first joined forces with the Company in March of 1923 when she was hired into Burner No. 1 as foot press operator. She later worked in Assembly No. 2, the Valve Room, Cold Forge and the Screw Department. Transferred to Auto Screw Packing in 1940, she has worked there since that year as an inspector.

A native Waterburian, Mary has lived in this city all her life and is now a resident of Elliott Avenue. Anna Ready of the Fastener Room is Mary's sister.

National Team Takes Cribbage Tournament

On the last night of play, March 30th, the National team came out ahead in the Cribbage tournament by scoring a slight margin of 264 points over their opponents on the American team. Total scores were 216,636 points for the Nationals and 216,377 for the Americans.

A banquet was held on April 6th at the Chase Country Club to wind up the season. Prizes were awarded to the individual high scorers, Erving Honyotski and Ed Gilbert, Jack Connors, Henry Nault, George Hubbard, Sid Spender, Earl Odell and Harry Needham. Charles Pulford, who managed the tournament play this year, was unanimously re-elected to run it again next season.

Retired Employee Feted

William Parke, whose retirement was effective on April 2nd, was recently feted by the employees of the Lacquer and Lacquer Wash Departments. The affair, which took place at the SERA Building on April 6th, was a complete surprise to Mr. Parke. Among speakers of the evening were Foreman John Meehan, Anna Egan and Marie Pinter.

Mr. Parke was presented a purse by John Muroff on behalf of his many friends and former co-workers.

A New Year's Day In Sunny Florida

Well do we remember the coldness of winter, but for Irene Jorgenson, Waterville Division, there was a holiday in Florida to break the monotony. This is how she spent New Year's.

THE BULLETIN

Published by the Scovill Manufacturing Company for its Employees.
99 Mill Street, Waterbury, Connecticut

"We pledge ourselves to investigate thoroughly for accuracy before publication the material presented in THE BULLETIN."

Vol. XXXII April 19, 1948 Number 8

Procrastination

Webster says to procrastinate is to put off from day to day, to defer, to postpone.

Procrastination can be dangerous to our lives and our liberty. The serious condition of world affairs is partly due to procrastination. Delaying effective action from day to day was largely responsible for our entry into World War II and, if we continue with our procrastinations, we may again have serious difficulties.

It must be obvious to all who read the daily press that our procrastination in reference to world affairs is getting us just nowhere. What is true as to world affairs is just as true for the individual. We put off necessary repairs to our cars, our homes and we put off from day-to-day necessary medical care and we procrastinate about many other items of our work-a-day life, frequently with serious results.

So for our own good, for the good of our community, state and nation, let us decide right now to be procrastinators no longer.

Credit Union No. 1 Members

The Supervisory Committee wishes to thank you for your cooperation in turning in your passbooks for auditing purposes.

Those of you who have not already turned in your books — if they have not been audited since January 1, 1947 — are asked to submit them as soon as convenient.

Correct Methods Avoid Injuries

The correct procedure of using a brush to clear away chips helps to avoid lacerations and more serious injuries. The added precautions of keeping your sleeves rolled up and wearing your Safety Glasses also lessen your chances of becoming a casualty.

Make it a must to always use a brush — never your hands!

Badminton News

By Harry Shewbridge

The Prodigal Son returns! Tom Dillon leading an impressive array of 4 men's doubles teams was due to arrive at the Center on Thursday night, April 15th. His predictions of how badly his men would beat his former club could be heard far and wide. The Scovill group, who usually say nothing and win easily, were, at press time, waiting to give the rubber necks the surprise of their life.

The eight-man aggregate for the SERA were Shewbridge, Wislocki, Schaffer, Canfield, Matulunas, Mullen, Zillon and Hayes. Regardless of the outcome, however, arrangements are already in the works for a return match at the Naugatuck "Y". It will truly be the survival of the fittest.

Pinochle Tourney Won By Mancini's Team

With the last night of play completed in the Pinochle Tournament, Bill Mancini's team came out on top over John March's and Earl Odell's respective teams. Mancini's totaled 389,680 points to 388,125 for March's and 378,065 for Odell's.

Individual high honors for the season went to Art Denker, with 46,050; Bill Mahoney, 45,470; John Carolan, 45,435; Harry Weiss, 44,815; Peter Arots, 44,785. Prizes were awarded at a banquet held at the Chase Country Club April 10th, which officially completed the tournament for the year. (A picture of winning team members can be found on Page 8.)

IT WON'T BE LONG NOW!

Shapes Tell The Story

Public officials constantly are working toward greater uniformity in traffic signs throughout the nation. Uniform standards provide five basic sign shapes, so motorists can tell instantly the type of sign by its shape.

Glancing at the five basic sign shapes below, can you tell the type sign each stands for? Check your answers with explanations at right.

The Octagon

This octagon is used only for the stop sign, which means stop and make sure the way is clear before proceeding.

The Rectangle

Speed limits, turning, passing and parking regulations are carried only in this rectangular shape.

The Diamond

This diamond shape always carries a warning of some hazard or unusual condition on the road ahead and calls for caution and reduced speed.

The Circle

Only one message is ever carried in this round shape: Caution—highway-rail intersection ahead.

The Crossbuck

The crossbuck is devoted to marking highway-rail crossings. It means — reduce speed, look and listen for trains before crossing the tracks.

John Mailloux

Celebrating his 1st birthday is tiny John Mailloux. Dad, Roland, is with the Cleaning Department.

Word Puzzle Solution

- (1) Justice; (2) Auspicious; (3) Austerity; (4) Heterogeneous; (5) Hegemony; (6) Ubiquitous; (7) Resurgence; (8) Amelioration; (9) Claustrophobia; (10) Calumny.

SPORTS n Activities

The Bowling Ball

All Scores Are As of April 13, 1948

Girls' Varsity Team

Nothing can stop the Scovill Girls' IRA bowlers! The girls took all their games for the past two weeks, 3 from the Farrel Foundry team on April 1st and 3 from the U. S. Time entry on April 8. They now have a record of 75 games won and only 9 lost.

Men's Varsity Team

The SERA bowlers are now in 2nd place in the IRA League by virtue of their taking 2 out of 3 games bowled for the past three weeks. They are 3 games ahead of the now 3rd place American Brass team, although still 10 games out of 1st place behind the leading Chase entry.

Marty Byrnes is at present the holder of 3rd place honors for high average in the League with 115.

Men's Inter-Dept. Handicap League

The Casting Scrap team is 4 games ahead of its nearest opponent the West Machine with 77 games won to the West Machiners' 73. Manufacturing Eyelet is a close 3rd with 70 victories on its record.

High 3 is held by MacIntosh for his 405, with Summa in 2nd place with 394 and Urniezus a very close 3rd with 393. Charbonneau is tops in the high single department with 185, followed by MacIntosh with 160.

North Mill League

The top three teams in the North Mill Bowling League, with only one more night of bowling left in the League play, are Napolitano's with 51 games won and 36 lost, Posa's with 47 and 40 and Gaynor's with 43-44.

High 3 honors belong to Dom Paternostro for his 402, while Pete Moneta's 386 takes second high 3

honors. Larry Foster is the high single holder with a string of 158, seconded by Dom Paternostro's 149. Dom Paternostro's 113.27 is tops for high average.

Girls' Club League

The Yard Department team, with 52 wins and 32 losses, is holding on to its 1st position in the Girls' Club League. Chucking has taken over 2nd place with 51 and 33 while B & F Production is 3rd with 49 and 35.

Gertrude Colligan took high 3 for the night by rolling three strings totaling 321. She and Jean Ostroski tied for the night's top high single both rolling a 123.

Girls' Inter-Department League

Assembly is 3 games up on its nearest competitor, the Central Time team, having 75-29 to its 72-32 record. Electric Shell and Packing B are tied for 3rd place with 59 and 45.

High 3 for the night was rolled by Agnes Zmudinas of the Assembly team for her 321. High single honors for the night went to Helen Niedzial who rolled a 121 string. The high average holder to date is Marie Veneziano with 98.5.

Men's Inter-Department League

The North Mill Rolls team is ahead in the Men's Inter-department League with 62 wins and 28 losses. West Machine is 2nd with 52 and 38 while Plating is 3rd with 50-40.

Pete Moneta of the North Mill Rolls team rolled high 3 for the night, 399, with strings of 120, 134, and 145 (high single for the night). Marty Byrnes of the West Machine holds the highest average to date with 119.44.

Scovillites Get Some Golfing Tips

There were more than 60 people at the 1st SERA sponsored "Golf Clinic" held on April 6th at the Center. Movies were shown and John Wysocki, pro at the Watertown Golf Club, gave demonstrations on the different techniques of hitting the ball. Above, lower left, Mary Garofalo picks up some pointers from him and right, Bert Dillon takes a shot under his supervision.

Lawrence Nadeau's Racing Pigeons

Scovill Electrician Raises Homing Pigeons As Hobby

Lawrence Nadeau, top picture above, holds one of his fastest homing pigeons which he raises in the coop, bottom photo, at the back of his Watertown home. Becoming a member of the Brass City Club two years ago, he has been training and racing his pigeons since then although he has raised them as a hobby for some 20 years. He now has 55 birds, including 13 youngsters.

Lawrence Nadeau of Electrical Maintenance and Construction has been a hobbyist pigeon raiser for the past 20 years. He's built a large pigeon coop behind his home in Watertown where he houses his 55 birds—the youngsters, older birds and what he calls "prisoners"—birds he has bought but which he cannot let out for a time for fear that they will return to their original home.

Formerly interested only in raising pigeons, Mr. Nadeau decided a few years ago to start entering his birds in the local races. Since then he has trained his pigeons for long flights and tried to breed them to get faster birds.

Training starts when the youngsters are about 10 weeks old and consists of taking them out for short distances away from the coop, turning them loose and letting the bird fly back to it, which they do instinctively. Later, the birds are turned loose at greater distances from their home and are thus trained to make long flights which are necessary if they are to race. The training is not, however, to produce a fast bird. That can only be done by breeding, according to Mr. Nadeau. "The training is to harden them up for long distance flights," he said, "for many birds are lost because of a lack of endurance." Having lost about 13 birds last year, he is planning to spend a lot more time this season on such training.

The races are held from many states, such as New York, Washing-

ton, D. C., Virginia, Delaware, North Carolina and as far distant as Florida. None of Mr. Nadeau's birds have made the longer flights as yet, (1,000 miles) but many have made the flight from Washington, D. C. (500 miles), including the blue checker he is holding in the photo, above, which came in as his 1st in several races last year.

The birds entered in the races are shipped down to the station they are to fly home from and are liberated the following day, all at the same time. With numbers on their feet to identify them, they are all given an equal chance, their speed being measured in yards per minute. The distance a bird has to travel is measured in a direct route from its point of liberation to the home coop and, upon its arrival, the rubber band on its foot is "clocked," its time reported to the club.

None of Mr. Nadeau's birds have won a race yet, but he has high hopes for this year and has made entries for the first race of the season to be held April 25 from New Brunswick.

Inter-Dept. Softball

Plans for the coming Inter-department Softball season were begun on Thursday afternoon, April 15th at a meeting held at the Employee Activities Office. All teams wishing to enter into the competition are asked to give that office a call. From 12 to 16 teams are expected to enter.

Dept. 92 Undefeated At End Of 2nd Round Rifle

The Department 92 team of Pryor-Lynch-Ryan-Northrop is yet to be defeated in the Inter-department Rifle matches, going without a loss through the 1st and 2nd rounds.

Standings at the end of the 2nd round, which was completed on Monday, April 5th, are as follows: Department 92, 10-0; Press 2, 7-3; Gripper Eyelet, 5-5; Cutting, 4-6; Manufacturing Eyelet, 2-8; Hot Forge, 2-8. The 3rd round will start this week.

Button Tool News

By Mary and Betty

Our deepest sympathy goes to BETTY EVON on the loss of her mother.

HARRIE DEWS, JACK BIRCH, RAY HAVICAN and TED DEWS are celebrating birthdays this month. How many years are you knocking off now, men?

We want to welcome the newcomers to our department. Hope you will enjoy the environment, boys.

Congratulations are in order for Mr. and Mrs. ROY CONRAD on the birth of a baby girl born on April 4th.

Girls' Club News

By Juanita Addressio

Engagements

Our newest addition to the list of brides-to-be is Anne Daddona, Central Time Office, who received a beautiful ring from Donald Mahony, Addressograph. No date has been set for the wedding.

Wedding Bells

Anne Delaney was married April 10th at St. Francis' Church to John Kane. The lucky couple are spending their honeymoon in Ireland. Best of luck to both.

Stork Wings

Ellen (MacLelland) Donovan, formerly of the Bulletin Office, presented hubby Frank Donovan, Mfg. Inspection, a baby girl on April 10th. They are going to call her "Patsy Ann."

Club Notes

Our annual banquet, held on April 3rd, was a complete success. There were 220 attending, including my mother from Kentucky. Together with our honored guests, we were pleased to see Margaret (O'Neil) Berube, formerly of Central Time and Mary Duffy, sister of Marguerite, who is now living in Washington, D. C.

The banquet almost turned into a birthday party. Mrs. E. O. Goss celebrated her birthday the following day, April 4; Miss Edna Murray also celebrated on that day — and the same number of years, too! Mrs. Goss said, "At last I found a twin after all these years!" We then learned that Mr. John V. Montague's birthday was the day after that — April 5th; and that Mrs. Carrie Bowne's birthday was April 8th. She was 82 years old on that day! Again, congratulations.

We were all thrilled with Mrs. Montague's beautiful reading, "Forget Me Not." Arlene Bauder did her usual fine job of singing and I might also say our President Margaret Fenske did a splendid job of "M. C.ing."

We received a lovely pen as a souvenir. By the way, if you are in the need of refill cartridges for your pen, call Margaret Fenske at 2167. An order will be placed to obtain some about May 3rd. So get in touch with her before then.

Odds And Ends

"Get Well" wishes are extended to Adeline Sciarretta, Buff No. 2, and Eleanor LaFlamme, Mailing. Both are in the hospital.

Charlotte Olson, formerly of Addressograph, left us on the 26th of March, just to be a "lady of leisure." Some fun!

Barbara Gedraitis, Trim & Knurl, and Edna Aunchman, General Training, were two of the young ladies to go to the YWCA Convention in Atlantic City.

Our Sports Album

(Pictures on Page 6)

Top row:—Playing end on the Yale Varsity Team of 1920-21 was Eli Cutler of Drug & Cosmetic Sales.

Champs of the 1920 Scovill Inter-department Track Team were Charlie Williams (Hospital), Ivan Coulter (Cost Office) and Frank Wright (Mailing).

Bottom man of a 2-man acrobatic team around 1915, Art Beurdeley (Tool Room No. 1) also did some "chinning" and aerial work.

Center photo:—The Press Room team in the 1928 Inter-department Baseball League. The only present Scovillites in the picture (we think) are Erv Honyotski (Rod Mill) and John Mataboni (Wire Mill), seated 5th and 6th from the left.

Bottom row:—At one time considered one of the best athletes in the state, Bill Gleason ((Waterville) also excelled at football, playing with leading pro teams of the state. During World War I, he won the light heavyweight boxing championship of Camp Johnston, Jacksonville, Florida.

Our Championship Basketball Team for 1911-12: Seated, left to right: Henry Littlejohn (Textile Lab), E. DeBisschop, Jack Birch (Button Tool), Harry Brinton (Button Eyelet Tool), Harry Pulford (Dept. 92 Tool). Standing:—H. Horton, Fred Troske (General Foremen's Office), W. Trowbridge, R. Humiston.

Tackle and Guard on the Ponies A. C. team in 1926 was Bill (Sailor) Rupenski of the Millwright Department.

The Woman's Corner

Novel Ways To Serve Donuts

Donuts—the delicious round cake with the hole—are usually associated as a combination with coffee for dunking purposes, but housewives have discovered that donuts can be used in a variety of recipes. Pictured is a "Tropical Donut Dessert"—peel bananas; score lengthwise with tongs of fork; cut on diagonal in rather thick slices. Place banana slices between donut slices around edge of individual compote and put some chocolate sauce in the center.

Donuts can simplify any meal—they are easy to serve and popular, and just as digestible as good bread and butter. Following are some unique ways of serving them.

As A Bridge Party Snack

DONUT MINT—prepare a chocolate frosting and a mint-flavored frosting. With a knife, spread alternate stripes of mint and chocolate frosting around each donut for a "barber pole" effect.

DONUT IGLOO — prepare individual dishes of packaged vanilla pudding. When you are ready to serve, slice donuts crosswise, toast sliced sides and place donut halves, toasted side down, on the chilled pudding. Serve with chocolate or fruit sauce.

As A Luncheon Topper

DONUT BROWN BETTY—slice donuts crosswise and place one half in bottom of each dish. Cover with apple sauce and add the other donut half. Fill and top with more apple sauce, garnish with cherry or walnut.

DONUT MELBA—surround whole donut with sliced fresh or defrosted quick-frozen peaches, sliced cantalope, or other fruit. Top with a generous serving of ice cream.

Linda Borgeshi

Linda Borgeshi is the eight-month old daughter of Mrs. Enis Borgeshi, formerly of Purchasing. Mary Mucci of Press 1 is Linda's great aunt.

Tips On How To Furnish Small Home

When you furnish a small home, there is always danger that it will look too cluttered or too chopped up. Here's how to avoid this:

Keep it simple, not too much furniture, not too many accessories. Keep it informal — small homes were never meant to be grand. They have a cozy charm all their own.

Choose small furnishings. Overgrown breakfronts and giant floral draperies dwarf the room they live in.

Stick to one style and one color scheme. Too abrupt changes of period from room to room chop a home into small pieces. By switching emphasis from one color to another within the same scheme you can give each room its own personality.

On Spring Pruning

Pruning is plant surgery and should be used only as a corrective measure. In pruning, always cut back to a husky side branch or a fat bud that faces out from the center of your plant. Cuts should be made blunt and just above the bud. Tools must be sharp to make clean cuts.

Cut off all dead wood (it's of no use and may be a breeding place for diseases and insects), diseased wood, damaged wood and abnormal growths. Usually there will be no need for cutting off anything else. Never try to shape your plants until all the dead, diseased, damaged wood has been cut away so you can see what the living plant really looks like.

Wounds heal fastest when made between February 15 and May 15 but don't prune spring-blooming plants until after they flower. Delay pruning maples, yellow wood, walnuts, birches and California live oak until late summer. Wound dressings aren't necessary but feed your plants liberally to hasten growth of wound callus.

Fashion Points Of Skirts And Blouses

Not too long ago, a blouse and skirt carried with it the stigma of a uniform. Too often this combination brought back visions of the ill-fitting dark skirts and white middies worn in grade school days. With clever designing and expert styling the skirts and blouses we wear today embody individuality, becomingness, high style and perfect fit.

They have been adapted to all needs — sportswear, casual wear, dress-up wear and evening wear. The styles are many and varied so no matter what figure type you are you'll be able to find a flattering combination.

Skirts this year are generally inclined from one extreme to the other — very full and flaring or narrow and straight. Some have all around pleats, others fit smoothly. The graceful swirling ballerina skirt is very popular for dancing and dressup. Softly gathered skirts sometimes have wide, deep pockets over each hip to simulate the padded look.

Blouses run the gamut from man tailored to fussy, frilly and feminine, depending on when they are worn. Necklines are varied: high and round, sweetheart, medium and low V, diagonal, draped, off the shoulder.

There are many interesting yoke treatments in blouses this year. Dainty and refreshing are the lace yokes or lace insets. The shirtwaist style has

been softened by horizontal or vertical tucks on the bodice. Sleeves are wrist length with turn-back cuffs or full and billowing to just below the elbow then tight and fitted.

The nicest thing about skirts and blouses is the fact that they can be switched around so easily. If you think in terms of your entire wardrobe when you're deciding on a color for a new blouse or skirt, you'll be able to get twice as much wear from all your clothes.

Scovill's Setback, Pinochle Champions

Top photo, above, shows the quartet from the Button Tool Room who won the Inter-department Setback Tournament completed March 19th. They are, left to right: John McAree, Nils Malmberg, Stanley Przybyz, and Ray Brousseau. Bottom photo shows Bill Mancini's victorious pinochle team who came through to win the tournament on April 8. Front row, left to right: Tom O'Hara, Bill Mancini, Mike Martone, Art Denker; back row, same order: Art Proper, Peter Arots, Charles Marcellus, Neil Granoth and John Matulunas.

Retired, Active Employees Succumb

JOHN J. SPELLMAN, who retired from the Company in January, 1944, passed away after a long illness on April 6th, in Slatersville, Rhode Island.

Retiring from active service after 28 years with Scovill, Mr. Spellman was first hired in 1916 in the Telephone Division as Assistant Foreman. He became Foreman there a year later and, in 1941, was promoted to the job of Foreman of the Telephone Exchange and Signal and Call systems, which job he held at the time of his retirement.

The funeral for Mr. Spellman was held on Saturday, April 10th, from the Bergin Funeral home. Attending as representatives from the Company were D. S. Moreland and Bill Meehan.

WILLIAM O. ZEDLITZ, who celebrated the completion of 25 continuous years of service with the Company last August, passed away suddenly at his home on Thursday, April 8th.

An employee of the Pipe Shop during all his years with the Company, Mr. Zedlitz is survived by his wife, a stepmother, a brother and a sister.

The funeral was held on Saturday, April 10th, from the Alderson Funeral home. Burial was in the new Pine Grove cemetery. Scovill representatives attending were Norman A. Nelson and Elmer L. Hodges.

New York Items

Bonnie Featured In "Voiceways"

Sophia (Bonnie) Bonistalli, our switchboard operator, has been featured in the Spring, 1948 issue of VOICWAYS. Published quarterly by the New York Telephone Company, the magazine is issued "for those who manage and those who operate private telephone switchboards."

Bonnie was recently awarded her 25-year continuous service pin. She has been telephone operator for our New York Office since 1927. Nice going, Bonnie. Congratulations.

Five Employees To Be Retired

(Continued from Page 1, Column 3) has been placed on the special retirement list effective January 19, 1948. Mr. McGrath began his service as a Beltman and in 1920 became a Toolsetter in the Automatic Screw Department. In 1936 he was made an Oiler and Beltman, the position which he held at the time of his retirement.

Anthony Shurma

Effective today, April 19, Anthony Shurma is placed on the special retirement list.

Although Mr. Shurma first came to work here in 1916, his continuous service didn't start until 1929. All of his 19 years of Scovill service were spent in the North Mill and at the time of his retirement he was a dry-out helper there.

Classified Ads

(These ads are published as a free service to all Scovill employees. They are to be submitted in writing or brought in to the Bulletin Office. Telephone calls for ads cannot be accepted. Written ads must bear employee's name, department name and check number. The deadline for all ads is the Wednesday noon preceding the issue date.)
