Nine Suggestions Earn Cash Awards

\$75.00

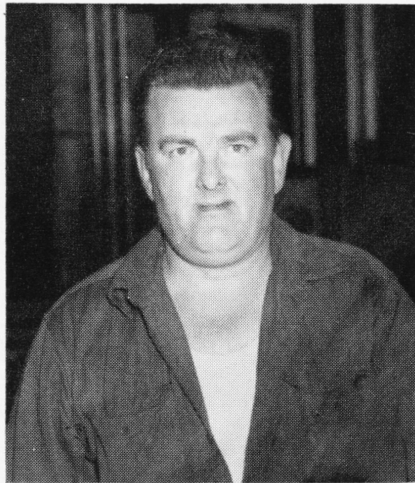

Clemente Saturno
Shell Dept.

\$75.00

Two additional awards—of \$75.00 each—were awarded to Ettore Pagano and Salvatore Triano, of the Dip Room who together submitted a suggestion.

\$15.00

Michael Guzzardi, Sl. Fast. Chains
Domenic Ianniruberto, CSM, Rolls
Henry Karpovicius, CSM, Rolls
Edward O'Brien, CSM, Finishing
William Wallace, Rod Finishing

\$25.00

John Civinskas
Rod Finishing

Letters of Appreciation

Arcas Aybar, Slide Fast. Wire Forming and Presses (three suggestions); Robert Currie, Trim & Knurl; Sidney Frank, Strip Mill Rolls; Egiziano Giacobini, Slide Fast. Finishing; James Gilroy, East Millwrights.

Also: Joseph Lambo, Trim & Knurl (two suggestions); Paul Leventhal, Rod Finishing; Carl Peterson, Rod Extrusion Press; Charles Rimkus, Electric Shell Tool; Mike Smeraglia, Slide Fast. Chain Machines.

Research

To those who do not understand, it may appear that money spent in research is money thrown down a rat hole. Nothing is farther from the truth. Only through research can any activity continue to live and grow.

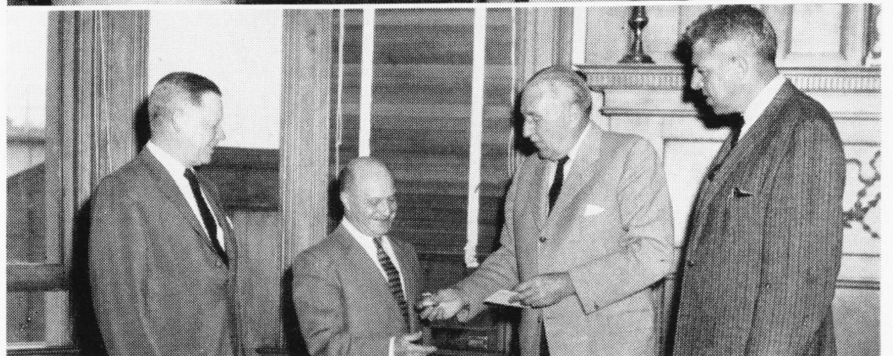

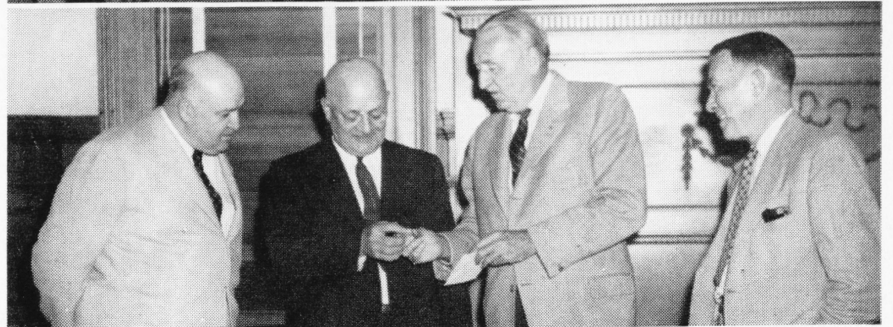

New and better products, new methods, new equipment are constantly appearing on the markets because of research. These are developed for sales appeal, usefulness and to reduce costs. Unless a manufacturer finds ways to "keep up with the Joneses" through research, his competition will outstrip him.

We are all acquainted with the super market. The eye appeal of the packaging of the products on the shelves is what persuades us to buy. Many millions of dollars have gone into research to develop packages with more eye appeal.

And so it is in every business today. Research in one field or another is the answer to developing useful and saleable products at reasonable cost.

Alan C. Curtis
Vice President

Three Receive 40-Year Service Awards

Top:—Upon completion of forty years of continuous service, John Griffin, Foreman in Salvage, accepts his award and pin from President William M. Goss. On hand for the presentation was Chief Plant Engineer Thomas W. Colina.

Center:—Henry C. Rochette, Casting Shop, looks over his 40-year pin presented to him by President W. M. Goss. Looking on are Casting Foreman Francis F. Connelly and Mills Division Assistant Works Manager Joseph F. Mulvey.

Bottom: Patrick Perriello, Forging Production, accepts his 40-year pin and certificate from President Goss. Smiling approval are: (left) Willis H. Machin, Forging Div. General Manager and (right) Norman J. Schaffer, Factory Supt.

District Salesmen to Hold Briefing Series

To sell its products, a company must turn out top-quality products and must have top-quality salesmen to interest the consumer in the product.

A top-quality salesman must know all there is to know about the product. Complete knowledge includes knowing how it is manufactured and the problems which arise in connection with producing the article: from the first phase of stamping the metal in the plant to the final phase of billing and cost accounting procedures conducted in the office.

Scovill salesmen in the field are brought to Waterbury regularly to keep them up-to-date on production and accounting procedures.

The first of a new series of meetings was held recently for salesmen in the recently formed unit called "North Central Regional Manufacturing Office". The new unit is comprised of men from the Rochester, Cleveland, Pittsburgh, Cincinnati and Philadelphia districts.

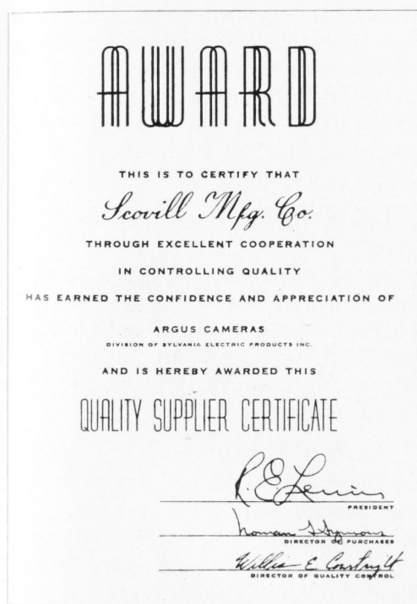

Ernest Lawton, Sales Promotion Manager of the General Manufacturing and Forging & Screw Machine Divisions, conducted the meeting.

(Continued on Page 3, Column 2)

Phila. Office Moves

Our office and warehouse in Philadelphia, Pa., have moved to new quarters. As of May 27, 1957 the new location is 2536 South 59th Street, Philadelphia 43, Pennsylvania. The telephone number is Belgrade 2-8123.

Quality Supplier

The above "Quality Supplier Certificate" was awarded to Scovill recently by Argus Cameras, Inc., division ofsylvania Electrical Products, Inc.

The receipt of this award is noteworthy as, although Argus Cameras (of Ann Arbor, Mich.) numbers their suppliers as several hundred, only three or four such awards were issued.

Schrader Air Chucks Used for "Skate"

The USS Skate, the Navy's third (and smallest) nuclear-powered submarine was launched in ceremonies held on May 16, 1957, at the shipyards of the Electric Boat division of General Dynamics Corp. in Groton.

Among the material and parts used to construct the submarine were the small air chucks manufactured by our A. Schrader's Son Division.

They are the type seen everyday in

gasoline stations and have a number of uses — inflating tires and rubber life rafts, inflating and bringing up pressure in tanks for operating compressed air motors, etc.

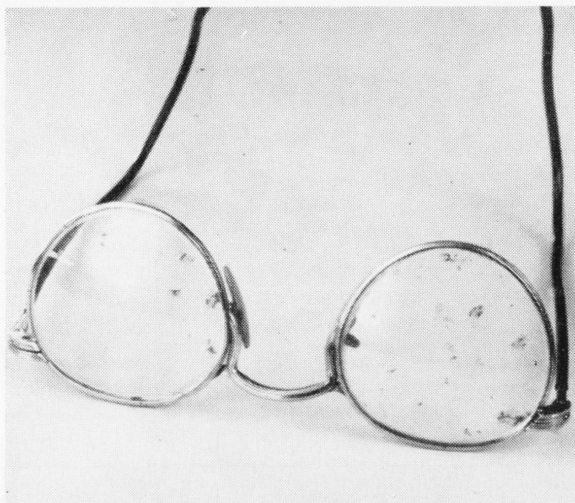

Another Pair of Eyes Saved

On April 23 at 3:40 a.m. in the Melting Division of the Casting Shop, a pair of prescription safety glasses were badly damaged but a pair of eyes saved.

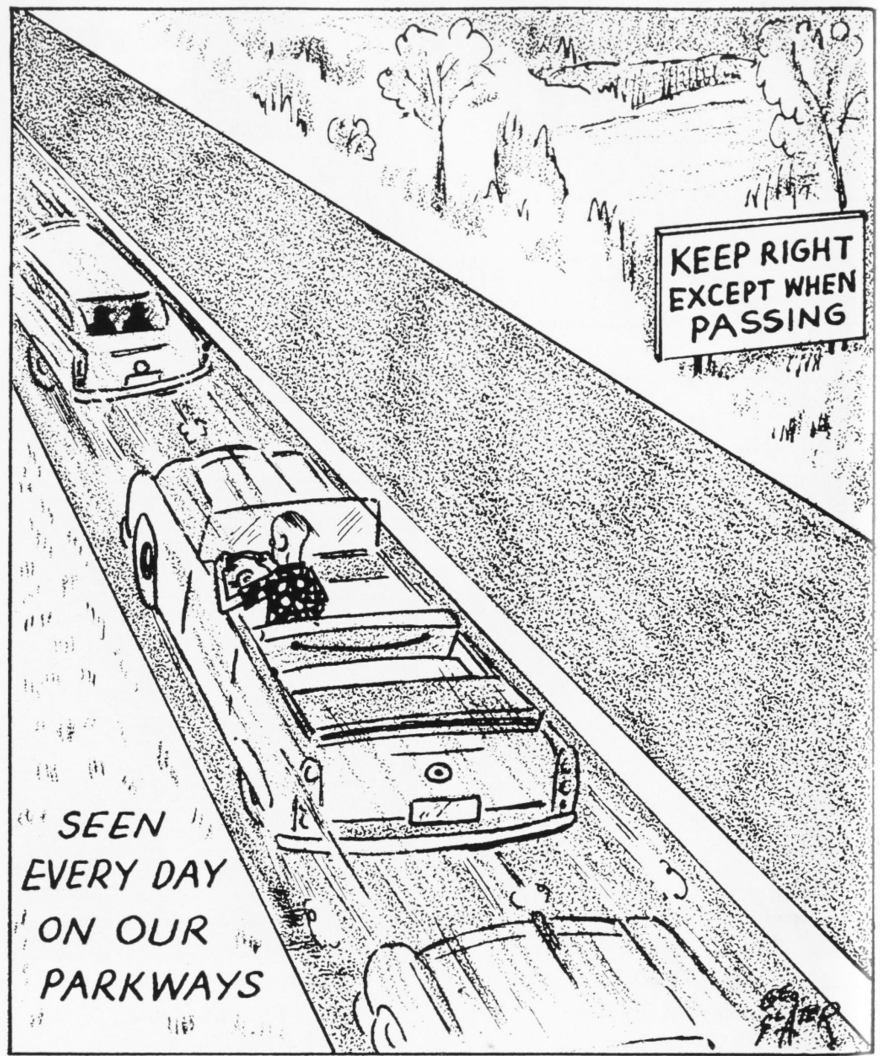

It happened in a split second. Chester Trojanowski was pushing scrap into a furnace when molten metal splashed out and struck his face and

ears. This might have been disastrous — Chester might have lost his eyesight but he was wearing his safety glasses.

His rating of safety glasses is also mighty high because this is the third time his eyes have been protected and his vision saved by them within the past few years. He is never without them.

In photo at left are the badly damaged prescription safety glasses which saved the eyesight of Chester Trojanowski (right) of the Casting Shop.

Sixteen Retire As Of June 1

The following have retired from active service as of June 1, 1957.

FRED BOUCHER accumulated 41 years of continuous service since March, 1916. He was hired as a Drill Press Operator in the Fuse Department. He then went to the Tool Division as Lathe Operator under instruction; to Hot Forge, as Helper Die Press; going on to Trim and Knurl in 1926 as a Toolmaker's Helper. He moved up to Foreman of that department in 1929; then out to Hot Forge where, in turn, he served as Foreman and since January, 1942 as General Foreman, serving in that capacity when retired.

ANDREW CLERMONT first came to Scovill in June, 1916, but started his continuous service record in August, 1922. He served in various departments until he went to Chucking in February, 1943, where he has been serving as Hand Screw Machine Operator when retired.

EMILE DESPINS first came to Scovill in January, 1916, but due to periods out of the plant, his continuous service began in June, 1928. Always in the Casting Shop, Mr. Despins served as a Moldman when retired.

EMIL DOLL retires with over 36 years of continuous service. He was first hired in October, 1912, working intermittently until starting his continuous service record in August, 1920. Always in the Main Tool Room, he served as Toolmaker when retired.

BIAGIO GAGLIARDI first came to Scovill in September, 1910, but due to periods out of the plant, his continuous service began in October, 1931. Always in the Waterville Foundry, he was serving as a Grinder when retired.

MARY GRADY was hired in October, 1944, but due to a period out of the plant, her continuous service begins in November, 1948. For a short period of time she was a Mfg. Div. Timekeeper prior to serving as Quality Control Inspector in Slide Fastener Wire Forming Division.

HENRY KUCHINSKI started his more than 37 years of continuous service in November, 1920. When he first came to Scovill in November, 1915, he served in the North Mill, Screw and Rivet. Returning in 1920, he went to the Casting Shop as Maintenance Man.

AGNES KUKAS came to Scovill in March, 1945, and has a continuous service record since June, 1947. She worked in various departments prior to August, 1956, when she went to Press 2 as a Power Press, Foot Press, Miscellaneous Machines Operator.

ELIZABETH LEAHEY has over 48 years of continuous service since January, 1909. She first came to Scovill in October, 1908, working in various Packing Rooms until 1919, when she went to Packing A as an Inspector Packer.

PASQUALE MANCINO came to Scovill in March, 1937, but began his continuous service record in November, 1950. When he first came to Scovill, he served in the Tube Mill and Rod Mill. Since returning in 1950, he has been in Hot Forge as a Grinder.

JAMES McCORMACK first came to Scovill in June, 1916, and has over 34 years of service beginning in November, 1923. He served in various departments until 1934, when he went to the West Machine Room. He was serving as Blacksmith's Helper—1st class, when retired.

ANNA O'CONNELL came to Scovill in December, 1908, and has a continuous service record of over 48 years, since February, 1909. She served in various Packing Rooms and when retired was serving as an Inspector Packer in Packing B.

JUZEF A ODEROWICZ came to Scovill in March, 1920, but due to a period out of the plant, her continuous service began in December, 1923. She served in various departments prior to September, 1945, when she went to Press 2 as a Tractor Feed Machine Operator and Vertical Edger.

Rod & Gun Club Notes

At the regular May meeting it was determined that the Annual Rod and Gun Club Fishing Competition will be held at Woodtick on Saturday, July 27. This competition is open to members only. Final details will be given later.

The Reeves Fishing Competitions will also be held at Woodtick on Saturday, September 7 and 21; October 5 and 19. This event is open to all Scovill employees. Watch the BULLETIN for further announcements.

The Rod and Gun Club Annual Outing will be held at Woodtick on Saturday, August 10. More about this later.

The May meeting was a gala affair with steak sandwiches and refreshments a la *Henry Miller*. A good time was had by all—and how! There will be no regular meeting during June, July and August; special meetings may be called at the discretion of the Chairman.

There seems to be a slight misunderstanding among a few of our members as to the privileges of club membership in relation to fishing at Woodtick. The membership dues amount to one dollar per year. That dollar operates the Club, its social activities, and helps to restock Woodtick Lake.

Rod and Gun Club membership does not mean free fishing privileges for members at Woodtick.

All our members, regular and honorary alike, are expected to pay their own way. A season pass costs but two dollars. Rental of a boat is only fifty cents per day (in some places we are charged fifty cents per hour!) If a fisherman does not wish to buy a season permit, he can buy a daily permit for twenty-five cents!

Certainly everything has been done to keep fishing at Woodtick within reach of every one. So, let's enjoy it.

Retirements

(Continued from Page 2, Column 4)

ERNEST PANACCIONE's continuous service record of 26 years started in May, 1931. He was first hired in May, 1916. He served in various departments before going to the North Mill as Jitney Operator.

JAMES VALERIO has accumulated almost 40 years of continuous service since October, 1917. He first came to Scovill in November, 1916, serving in various departments until 1933, when he went to the Repair Room as Tool Crib Attendant.

NATALIA ZDONCZYK began in Scovill in October, 1933, but started her continuous service record in February, 1937. She served in Press 1 and Burner 1 prior to 1937, when she went to Connector as Power Press Operator.

Take Blue Cross Card On Your Vacation Trip

If you are planning to go on a vacation this year, make certain you take your Blue Cross membership card with you. Your Blue Cross coverage is good at any approved general hospital in the world.

Should you, or any member of your family need treatment in an out-of-state general hospital, just ask the hospital to wire Blue Cross collect, giving your name and membership number.

Blue Cross will reply by wire, confirming your membership, and asking the hospital to extend credit to you.

If you prefer, pay your hospital bill and forward the receipted copy to Blue Cross, in New Haven. A check will be mailed to you directly from Blue Cross.

Accidents or illness can happen anywhere. Last year alone, more than 13,000 Connecticut Blue Cross members received hospital care in all 48 states, and in 28 foreign countries.

Lady Luck

By *Walter Racicot*

Courting a gal can be a lot of fun and there's one gal in your life to whom you should pay particular attention. She is *Lady Luck*, a fickle dame. If your job calls for wearing safety glasses—don't ever lay them aside. Not for a moment. Trouble can come as fast as lightning. Ask the person who did have an eye injury—and, with *Lady Luck* at the controls, the best—or the worst—could happen.

If you're wearing eye protection there's little chance for the worst—*Blindness*.

Always wear your eye protection on the job—because a glass eye is a poor substitute for a *seeing eye*. *Keep both your eyes seeing*.

District Salesmen

(Continued from Page 1, Column 2)

Vice Presidents H. W. Wild and Willis Machin outlined their goals and requirements. George Wadsworth, Controller, discussed cost accounting procedures. Key production personnel of the various manufacturing offices discussed problems connected with the sales and manufacture of products of the General Manufacturing and Forging & Screw Machine Divisions.

Attending the meeting were:—Tom Howell, Bob Pierson and Willis Machin, Jr., of Rochester; Harry Soper of Cleveland; Bill Southerland of Pittsburgh; Al Kiefer and Walt O'Halloran of Cincinnati; Bill Wheeler of Philadelphia.

Quality Control Groups Complete Course

Scovill-made products have always been of the best quality attainable. To keep this record, and to maintain our competitive position in the industry, we must always keep on the watch for methods of improving even more the quality of our products. Basic and refresher courses are held at regular intervals for employees concerned with Quality Control within the plant.

Approximately 70 people have just completed the latest seven-week basic and refresher course on quality control by statistical methods and use of sampling tables and procedures for inspection by attributes. They included

Quality Control Inspectors, Tool Engineers and Foremen of the Gen. Mfg., Rod Fabricating and Closure Divisions.

Below are pictured 3 groups which attended classes twice weekly under the instruction of Grover Baldwin, Chief Quality Control Engineer and Chris Pedersen, Quality Control Engineer.

Also completing the course but absent when photos were taken were: Mary Green, George Venter, Joseph Stevens, Edward Kailukaitis, Stanley Schwenterly, Walter Hoethke, Frank Mays, Harold Stapleton, Frank Phelan, Jerry Maxwell.

Group #1:—(seated, left to right) Helen Johnson, Lydia Girourd, Roger LaFrance, Bob Anderson, Helene Pace, Charles Ancypa, Eileen Murphy, Eileen Foley, John Matulunas, Doris Bowen, Mary DeLeo. (Standing) Margaret Wilcken, Mary Murphy, James Wallace, Pauline Semplenski, Stacia Ostroski, Marie Orio, William Lanzoni, Ed Yeaton, Roderick Bennett, Grover Baldwin, Chris Pedersen.

Group #2:—(1st row) Verna Saucier, Mary Kisonas, Anthony Sandulli, Michael Cicchetti, Leo Smith, Veronica Scott, Mollie Branco, Verna Daniels, Laura Crowe, Ed Keane, Peggy Pryor. (Standing) Julia Guiditta, John Francis, Joseph Bartuski, Henry Jankowski, Jack Gorman, Jennie Shaben, Ethel Wallace, Grover Baldwin, Chris Pedersen, Peggy Canavan.

Group #3:—(1st row) Roy Fumire, Nicholas Apicello, Ray Meredith, Claire Krivinskis, Rita Kennedy, Virginia O'Brien. (Standing) Stanley Wise, John Corbett, William Rotella, Chris Pedersen.

Picnics at Woodtick

Any group or department wishing to have a picnic at the Woodtick area is asked to call the Employee Activities Office, ext. 834.

Picnics scheduled for June are:

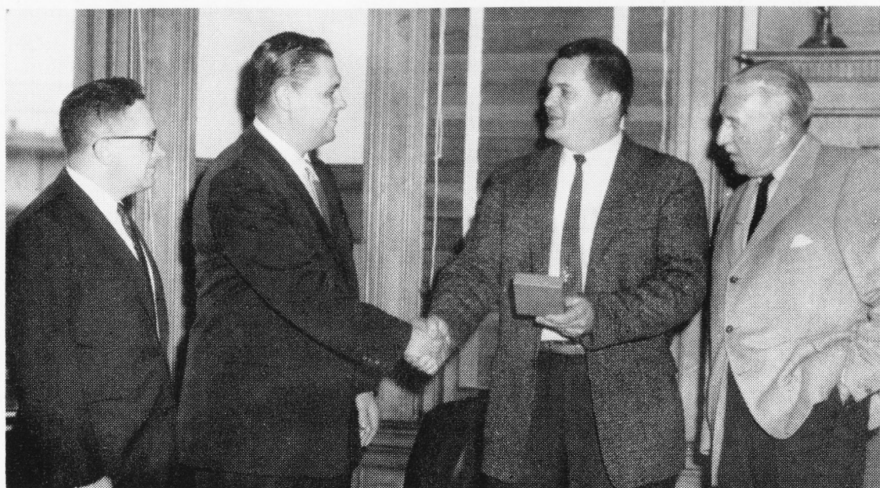

- June 6—Oakville
- June 8—General Training
- June 15—Tin and Welding
- June 16—Receiving Room
- June 20—B. & F. Sales
- June 23—Rod Mill
- June 26—Mdse. Sales
- June 27—Cost Office
- June 29—Press #2

Girls' Softball

After a few practice sessions of softball, the girls played their first game on Wednesday evening, May 22, at Woodtick. A few more girls are needed. How about a game, girls? No experience necessary. If interested, please call Employee Activities at 834.

Some of the girls going out to Woodtick to play softball are: Peg Sanchi, Marianne Shea, Bertha DeSantis, Laura Ashe, Marie Ciresi, Marie Cipriano, Ellen McFarland, Dorothy Almeida, Judy Nezir, Eraine Genest, Alice Krause.

Dick Lawson Awarded Life Savers' Medal

Dick Lawson (third, left) accepts the Life Savers' Medal from Mr. Norman L. Statts, Waterbury Resident Manager of Liberty Mutual Insurance Company.

Fred J. Haesche, Liberty Safety Engineer (left) and Scovill President W. M. Goss extended congratulations to Dick on his alertness, courage and knowledge which enabled him to save the life of a three-year old boy in February.

Three Succumb

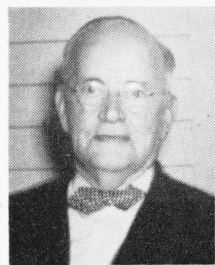

ANNIBALE NICOLETTA, retired, died on May 23, 1957.

Mr. Nicoletta first came to Scovill in July, 1918 and had 34 years of continuous service beginning in February, 1922. Except for a short period of time in the Yard Department, Mr. Nicoletta had always been in the Steam Department as a Stoker Operator until his retirement in February, 1956.

FERRIS (HARRY) GEORGE, Hospital, died on May 17, 1957.

A graduate chiropractor, "Harry" came to Scovill in December, 1943. He had served as a trained male attendant in the Hospital throughout his years of service in the company. He was forced to leave, due to illness, on May 9 of this year.

WILLIAM M. BLACK, retired, died on May 23, 1957.

Bill Black, well known to Waterbury and Waterville divisions employees, retired in November, 1948, after fifty years of continuous service.

He came to Scovill in 1898 as a toolmaker. He soon became an Assistant Foreman and then a Foreman and, in 1914, was named Assistant Superintendent of the Case Shop. He later became the Superintendent.

In the early '20s, Mr. Black took over the general foremanship of the Manufacturing Division. He later became the Assistant Production Manager and finally was appointed Factory Superintendent of the entire Manufacturing Division. In 1946 he was assigned to the Waterville Division as a Factory Consultant, serving in that position until his retirement.

Life Savers' Medal

The Life Savers' Medal is awarded by the Liberty Mutual Companies to any policyholder or policyholder's employee who, as the immediate result of any physical action above or beyond his or her regular duties or responsibilities, saves a person's life.

The award was established by the late D. S. Beyer, Vice President and Chief Engineer of the Liberty Mutual Insurance Company in 1922. Only 165 of these Life Saving awards have been made in the 34-year period since January 1, 1923.

The medal is a gold-plated metal oval encased in a 3 1/2" high block of clear plastic, the base of which measures 2" x 3". The central Statue of Liberty insignia is encircled by the words "Liberty Mutual Life Savers' Medal". On the face of the plastic block appears the gold letter inscription:—

Presented to Richard G. Lawson for Saving a Human Life — February 10, 1957.

Foremen's Club

The Foremen's Club Program Committee has completed preparations for the Annual Outing to be held at Noble's Grove, Naugatuck on Saturday, June 8. The outing is an all-day affair starting from 10 a.m. to ?. Admission is free and restricted to regular and honorary members only.

Flyers were issued to all members with the menu listed and direction on getting out to Noble's Grove.

The Second Annual Handicap Golf Tournament will be held at Meadowbrook Country Club on Saturday, June 22. Tee-off time—7 to 9 a.m., Joe Brenneis, starter. A full course dinner will be served in Doolittle Hall at 2 p.m.

The committee in charge are: Herbert Colby and John Mitchell, Co-Chairmen; Frank Williams, John Meehan, John Hall, Jim Gibbons, John Greaney, Charlie Vaughan, Tony Sebastian, Ray Driscoll, Bill Meehan, Art Graveline, Henry Carlson, Charlie Paul.

Retired Folks' Club

Members of the Scovill Retired Folks' Club will hold their annual summer meeting at the Woodtick Recreation Area on Tuesday, June 11, 1957.

They will meet at the Scovill Girls' Clubhouse at 1:30 p.m. and will be taken to Woodtick in cars. Members who will be driving and can take passengers are asked to stop at the clubhouse and take along a few members.

In case of inclement weather, the meeting will be held in the Clubhouse.

Scovill Rifle Team

The Lyman Range in Middlefield is the scene of the Scovill Rifle Team—Moon-Lite, Mid-Nite League matches. To date, they have competed with and lost to the Bridgeport team. On May 20, they were scheduled to shoot against Elmwood but, due to rain, the match was cancelled.

Matches are scheduled as follows:

June 18—Middlefield

July 8—New Britain

July 16—Quinnipiac

July 29—Mohigan

August 5—Torrington

The Club has available three Winchester Model 75 rifles equipped with Lyman 10 power scope for members' use.

Girls' Club News

By Teresa and Juanita

The new 1957-1958 Council held their first meeting on May 20th. They are planning a few new activities for this year. The incoming and outgoing Council dinner will be held on June 12 at the Carriage Drive in Hamden.

Clo Read appointed Adele Sharka as Chairlady of Entertainment and Sophie Stankus as Co-Chairlady with Vera Scott and Della Riccio on the committee. Mildred Basso was chosen Chairlady of Membership. At this meeting, Lillian Gaudino and Della Riccio, Waterville, brought 16 new membership cards.

The Council voted on sending two children (from needy families) a week, to the SERA Summer Camp. Thus, 16 children will be able to have one week of camp. "I really like this idea".

The Club will have a Cabaret Dance June 8. Don't forget to get your tickets early, as this type of dance is usually a sell-out far in advance.

Jo Iannacci and Adeline Rosa sailed on May 11 for a three months trip to Europe. Just imagine! Spending a couple of months on the Riviera!

Jean Carlin, Tax, was married on May 31 to Orrin Hubbard, Attaching Machine Department.

Claire Bellemare and Julius Weiss were married on June 1 at St. Ann's Church. Marie Guerrea was matron of honor and Kay Lawson, bridesmaid. Claire was honored at a cocktail party given by the folks in the Cost Office, which was a very nice affair. She received some lovely gifts.
