Merry Christmas

Season's Greetings

A Christmas Message

Christmas is a busy time — the last minute shopping, the wrapping and exchanging of presents, the selecting and decorating of tree and wreath, the personal notes on greeting cards, the gatherings of friends and neighbors. All this is a happy part of Christmas.

It is also a thoughtful time. Each Christmas, as did the first, provides hope for the years to come. It should bring the inspiration and resolution to make our hopes come true.

But above all, it is a time for spiritual reflection and for reaffirmation of the teachings of Christ. Let us resolve to individually and collectively deserve the blessings we all enjoy. This the Christian World needs more than ever before.

May your Christmas be a merry — and a thoughtful one.

Sincerely,

S. T. Williams
President

On behalf of Scovill Local 1604, UAW, I wish to extend a Merry Christmas and a Happy New Year to all Scovill employees and their families.

Ralph Daddesio
President,
Scovill Local 1604, UAW

New Assignments

Closure Division

ROGER M. HALL—transferred from Atlanta as an assistant on the staff of General Manager P. E. Fenton.

ALFRED J. LEES—District Sales Manager, Atlanta Office.

Cosmetic Container Div.

JAMES BRUNO—Accounting Mgr.

KENNETH J. SHELDON, messenger in Cosmetic Container — Manufacturing Div., left on November 6, 1959 to enter military service.

STEDMAN SWEET, methods observer in the Planning Dept., left on November 6, 1959 for military service.

Scovill Enters French Market

Lyndon Subsidiary Sold

According to an announcement by President S. T. Williams, Scovill will participate in the formation of a new company in France to manufacture and market tire valves and related products, primarily for the French trade. This new company will be formed by Scovill and Edouard Dubied & Cie., S.A., of Neuchatel, Switzerland, with Scovill holding the majority interest.

Dubied, a major manufacturer of textile and special machinery, has long served the French tire valve market from its valve plant at Pontarlier, France, close to the geographical center of the European Common Market. It is this tire valve business and the Pontarlier plant which will be taken over by the jointly-owned Company.

Schrader will play an important part in the technical and administrative development of this joint operation because of its world-wide experience and acceptance in the tire valve business.

The new company is being formed, not to compete with products made in this country, but to allow Scovill to participate in the growing French market. Schrader has not been able to compete in this important market with products produced in Brooklyn or in England because of trade restrictions. Such restrictions are expected to increase with the growth of the European Common Market (an economic alliance to promote trade among France, West Germany, Italy, Belgium, Netherlands, Luxembourg). France has the largest motor vehicle registration in the European Common Market and the third largest in the world. Goodyear and Firestone are now building tire plants in France and have plants elsewhere in the E.C.M. area.

As of December 15, 1959, the Hydro-Aire Company of Burbank, California, will take over the business of Lyndon Aircraft, Inc., a Scovill subsidiary located in Newark, New Jersey. Acquired by Scovill in 1957, Lyndon makes components and control devices for airframe manufacturers. Current employment is 26. The product line did not complement other Scovill product lines and was not broad enough to justify the further investment required to realize its full market potential.

Foremen To Hold Annual Meeting

Members of the Scovill Foremen's Association are urged to attend the annual meeting to be held on Wednesday, January 6, 1960 at 7:30 p. m. at the Girls' Club.

Included in the business session will be a vote on a proposed amendment to the By-laws—Article IV, Section 3, to read "At all meetings of the association, a representation of 25 shall constitute a quorum".

New trustees for Divisions 1, 3 and 5 will also be announced.

With the reorganization of departments in the plant, the association has revised its divisions so that there are six at present. The three divisions to elect new trustees this year are made up as follows:—

Div. #1—Manufacturing (East Plant and Plumbers Brass); Div. 3—Mills, West (North Mill, Wire Mill and New Milford); Div. #5—Offices (Administrative and Staff services).

Refreshments will be served.

Plans for the annual banquet are being formulated. It is scheduled to be held on Saturday, January 16, at the Saratoga Room at Waverly Inn.

Plans include a cocktail party from 7 to 8 p. m. and dinner at 8 p. m. Admission is open to members and honorary (retired) members of the association.

Social Security Payments Go Up

Starting January 1, 1960, Social Security taxes will take a bigger bite out of your pay envelope.

The amount of tax to be deducted will be increased from 2½% to 3% of your pay and will be deducted each pay day until your total wages reach \$4,800 during the year.

As you know, the Company must match your payments, dollar for dollar, cent for cent; so, starting January 1, 1960, Scovill's contribution toward your Social Security account increases from 2½% to 3% of your wages.

There will be no increase in benefits at this time.

Under the law, the 3% rate will be in effect during 1960-62. In 1963 it will be increased to 3½%; in 1966 to 4%; in 1969 to 4½%. These rates are designed to meet the future obligations of the program and keep it on a self-supporting basis.

TWO COMPLETE 25 YEARS' SERVICE IN NOVEMBER. President S. T. Williams congratulates Edward Leggett (West Machine) and Mrs. Mary Marek (Closing) on the completion of 25 years of continuous service at Scovill.

Edward Leggett is a member of the fourth generation of Leggetts to serve in Scovill. His great grandfather, John Leggett, Sr., was with Scovill from 1852 until 1887; grandfather John, Jr. from 1864 to 1869; father George from 1899 until retired in 1946; uncle William from 1894 until retired in 1949. Their combined years of service total 166 years.

Random Thoughts On Christmas

By Robert W. Butler, M.D.

It seems to me that this holiday business is overdone. That statement probably requires some explanation before the writer has to start dodging potshots from the corners — and also an advance apology for the too frequent use of the first person singular pronoun in what's to follow.

By overdone I mean too *concentrated*. And that doesn't mean concentration of shopping, decorating and partying effort either. It means too much concentration of *feeling*.

Let's go back a couple of weeks when most of us had a bellyful of turkey or some other good food and we took time out to be thankful — not just for the food, but also for the many other things which warranted our thanksgiving. One of those was good health perhaps — even good health for the preceding 365 days. How many of us, however, concentrated all our thanks for blessings into a few minutes of one day?

If we'd just make it a point to be thankful for it just half a minute *every* day, we'd be thinking about it often enough to take better care of it!

Don't misunderstand — this is no plea to abolish Christmas. I enjoy it — every part of it — as much as the next one; it's merely a suggestion that beginning December 26th we just don't wait 364 days for it to roll around again, but that we carry *some* of the spirit through the whole year.

I'm thinking particularly at the moment of the "Good Will To Men" part. Christmas is a grand season — everyone's happy and wants everyone else to be. We show it by giving gifts, and by passing a smile to the guy who steps on our bunion. And we get a happy glow of satisfaction and semi-holiness by doing it, too.

Now this "Good Will To Men" business as I see it is primarily a question of thoughtfulness, consideration and understanding — of the other fellow; and if we all had it 100% of the time, we'd have Utopia — a pretty dull situation.

But let's carry a *little* of it through the rest of the year — just a little. It's pretty hard for us to remember consistently (and this goes for you and me too) that the person we work with lives 16 hours a day outside of this place, and he doesn't just shed all his troubles by walking through that gate.

If he's been stewing in his own juice the last day or two, or the last month or two because the bank's about to foreclose the mortgage, the finance company's about to repossess his car, his wife's about to leave him, or the kids are sick, don't step on *his* bunion, brother, or be prepared to *duck*!

Ever work all day with a sore foot, or a headache so tough that you expected any minute to have your eyes pop out against a wall? If so, you probably weren't any prize example of light and joy to work with either.

Let's try to remember just part of the time between Christmas seasons that

that crab over there with the chip on his shoulder doesn't enjoy it, and it's tough to balance anyway, so don't knock it off. If you can't help him, leave him alone; in time, it'll fall off.

Incidentally, this wasn't intended to be a sermon and isn't. My collar's still on right way about — and has a tie with it too; and if you're wondering what all this has to do with health, just remember that your mental health is just as important as the physical.

Well, anyway, have a grand and merry Christmas — but just carry a *little* of it into the shank end of '59.

Retirements

PETER PADOLEWSKI, rotary rod overhauling machine operator — Casting Shop, retired as of November 17, 1959 with 33 years of service.

WILLIAM ABLAZEY, jitney operator in the North Mill, retired on November 23, 1959 with over 40 years of Scovill service.

JOHN DELUCA, crane trailer in the Casting Shop, retired as of November 23, 1959 with 17.4 years' service.

December 1 Retirements

ROBERT W. BELFIT, Organic Research Chemist in Metals Research—41 years, 8 months.

CECELIA T. BOCK, Analyst in Metals Research—36 years.

LUTHER B. BRADFORD, Electrician in Electrical Dept.—41.3 years.

ANASTASIA COSTELLO, Machine Feeder — Dial Feed and Ratchet Dial Press in Closing—33.3 years.

RAYMOND JOHNSTON, Quality Control Inspector in the North Mill—9 years.

CHESTER RASMUSSEN, Floorman in Attaching Machines—26.3 years.

HARRY SKRAPOLSKY, Serviceman—Shipping Gang, No. Mill—37.1 years.

Retired Folks' Club To Attend Movies

Members of the Scovill Retired Folks' Club have been invited by Miss Julia Smith to be her guests at the matinee performance on Thursday, December 17th at the State Theater.

Cards will be mailed to all members of the Club and they are asked to bring these to the theatre with them as identification. They are asked to be at the theater by 12:45 p. m.

Our heartiest congratulations to Frank Herr who celebrated his 90th birthday on November 21st.

Pinochle Tourney

Standings for the evening of Thursday, November 19, were as follows:—

Laudate	38,795	321,055
Matulunas	37,370	313,795
Mancini	38,535	312,710

High scorers for the evening were: Baker with 4,470, and Robin, 4,155.

Thursday, November 26th being Thanksgiving, no games were held.

Your Social Security

Time, trouble, money! Like to SAVE all three of them? Here's how:

Think about your social security. To get the most out of it, you've got to give it a little thought and attention from time to time. If you don't do your part in the social security program, sooner or later it's going to cost you — in time, trouble or money —maybe all three.

Don't cause yourself or another person to lose payments that are rightfully theirs—because you don't take time to take care of social security. To get the facts, you may pick up a copy of the booklet "Your Social Security" at the Bulletin Office.

Kids' Christmas Party

The Christmas party for Scovillites' children and grandchildren again will be held on two days this year.

This annual event is sponsored by the Scovill Girls' Club and will be held at Doolittle Hall on Saturday, December 19 and Sunday, December 20.

Children between the ages of 2 and 10 years are invited to the party which will be held from 2 to 4 p. m.

Tickets are available on a first-come, first-served basis. If you desire tickets for Saturday, be sure to get your requests in as soon as possible. A call to the Employee Activities Ofc. Ext. 834, will reserve tickets for you.

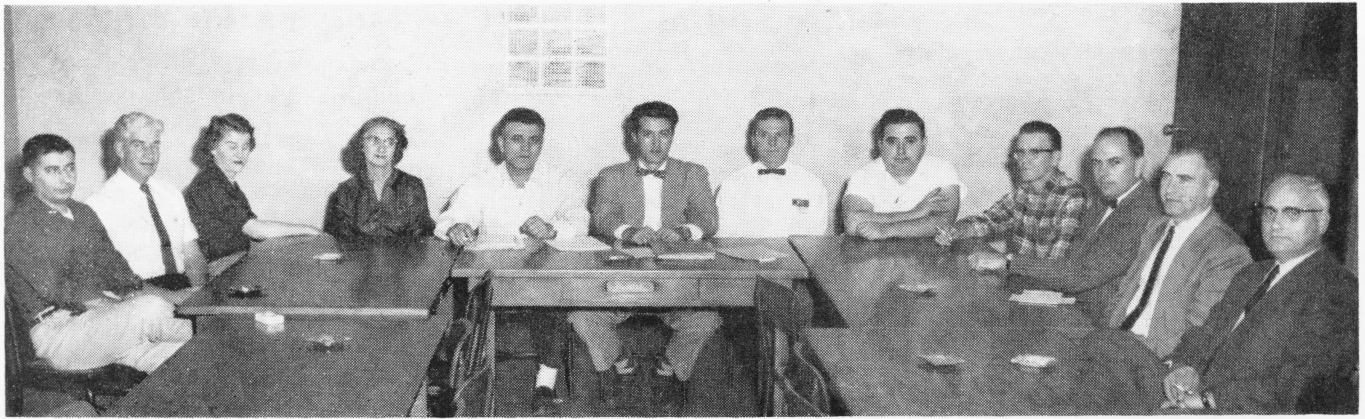

CO-WORKERS FETE RETIRING EMPLOYEES. These retired November 1, 1959.

COMMITTEE FOR HOLIDAY SPECIAL BLOOD DAY. All divisions throughout the plant were represented on the committee which met recently to set up plans for the December 15th Blood Donor Day.

Attending the meeting were: (left to right) Vincent Campoli, Mfg. Eyelet; Martin Hollywood, Cutting and

Closing; Helen Niedzial, Payroll; Katherine Young, Cosmetic Container Div.; Gabriel Riccio, Foundry; Les Coley, Jr., Engineering; Vincent Manzolli, Manufacturing Production; Joseph Cronkbite and Fred Hyspb of Plumbers Brass; John McGovern, Mills Div.; John P. McDonnell, Closure Division; and Andrew Raeburn of the Casting Shop.

ONE PERFECT
CHRISTMAS
GIFT!

Scovillites Donate For Heart Surgery

Three Scovill employees, or members of their families, today are in fine health, performing a normal day's work and have a normal life expectancy—thanks to 42 Scovill employees who donated a unit of their blood.

These three people underwent major operations involving open heart surgery with each operation requiring a minimum of 14 units of blood.

The minor son of another employee is scheduled for heart surgery this month. With the cooperation of our volunteer donors, this youngster also will be assured of a successful operation and a chance to live a normal life—even as you and I.

The blood used for these cases must be fresh blood and the volunteers must appear at the hospital a few hours before the operation,—yet every person contacted agreed, without hesitation, to give a pint of blood.

“Holiday Special” - December 15

Employees throughout the entire Waterbury Divisions are invited to participate in the annual Employees Holiday Special Blood Donor Day on Tuesday, December 15th, at Doolittle Hall from 12:45 to 5:30 p. m.

A general committee has been set up with representatives of each of the Waterbury Divisions. Working with this committee, each department head has at least one representative to take the names of volunteers who will donate a pint of blood at this time.

Applications should be available in each department. However, if you have not been contacted by a department representative (and if you are between the ages of 18 and 60) why not call the Employee Activities Office, Ext. 834. They'll be most happy to accept your name as a volunteer donor.

Happy Holidays Ahead

The holidays ahead can be happy and carefree days. Adopting for your slogans—“Be Prepared”—“Act Safely” (together with “One for the Road—Make it Coffee”) will help greatly in keeping these days so.

Remember—accidents show no discrimination. Neither do they take “Time Off” because of the holidays. One could happen to you — or to a loved one.

Incidentally, these slogans are good all year around and especially during the long winter nights.

To “Be Prepared” for any emergency—illness or accident—why not volunteer a unit of your blood on Tuesday, December 15th?

Transportation will be provided by bus from various locations in the West Plant to Doolittle Hall.

At least 160 pints of blood are to be collected if we are to maintain the excellent records set by employees in the past.

Rod & Gun Club Annual Meeting

Election of officers for 1960 will be the feature item at the annual meeting of the Rod & Gun Club scheduled for Tuesday, December 15th at the Scovill Girls' Clubhouse.

Also on the agenda for the business session which is set for 7 p. m. are the report of the current year's activities; plus formulating plans for the restocking of Woodtick Lake and the need for purchasing boats.

Refreshments will be served.

Tin Shop To Hold 14th Annual Party

Plans for the Tin Shop's 14th annual New Year's Eve Party are well underway according to co-chairmen John Capone, Art Graveline and Hector LaRiviere.

Always an outstanding event, the party is slated for Doolittle Hall with Joe Rock's orchestra to provide dance music from 9 p. m. to 2 a. m. As usual, tickets are on a first-come, first-served basis. For further information, contact any of the co-chairmen.

Obituaries

DR. HAROLD J. CURRAN died on November 4, 1959 after a long illness.

Dr. Curran first became employed by Scovill in February, 1930 but had been "on call" to Scovill for several years previously. When forced to leave active practice in March, 1958, due to illness, Dr. Curran was serving as Assistant Medical Director.

BRONISLAVAS J. BIVAINIS died on November 12, 1959.

Mr. Bivainis had retired on September 1st of this year, with a service record of over 26 years. When retired, he was a Productive Helper in the Scrap Processing Dept.

EMILE TOSCANO died on November 16, 1959.

Mr. Toscano had retired in May, 1953 with over 38 years' service. He was serving as a toolmaker in Chucking Tool when retired.

FLORENCE J. KANE died on November 29, 1959.

Miss Kane had a continuous service record of over 44 years. She was an accounting clerk in the Traffic Dept. when taken ill.

VINCENZO DIGIOVANCARLO died on November 30, 1959.

Mr. DiGiovancarlo, a trucker and elevator operator in Trucking, had over 21 years of service when illness forced him to leave in July.

JOHN J. DANAHER died suddenly on December 1, 1959.

Mr. Danaher, foreman in the North Mill Rolls Division, had over 32 years of continuous service.

Sewing Classes

Monday and Tuesday evenings at the Girls' Clubhouse are abuzz with the hum of sewing machines on the second floor. Registration for the Monday classes exceeded the facilities and several have had to switch to Tuesday.

There are still a few openings for the Tuesday evening class and any Scovill woman employee is invited to join the group. Sessions start at 8 p.m., instructions are provided, and refreshments served.

Information concerning the classes may be obtained by calling the Employee Activities Office, Ext. 834.

Christmas Mailings—Local, In-Plant

Parcels for members in our Armed forces overseas must be sent by air mail before December 20th if they are to reach the recipients in time for Christmas. If sending packages overseas, be sure they are adequately packed to protect contents.

In answer to the many inquiries received at the Post Office relative to postage rates on Christmas Greeting Cards, Postmaster William J. Phelan, has issued the following:—

Domestic Rates:—1st class—4¢ per ounce, envelope sealed, a personal message may be included, may be forwarded or returned if it becomes necessary. 3rd class—3¢ first 2 ounces, 1½¢ each additional ounce or fraction of an ounce, envelope unsealed, flap tucked in, no forwarding or returned service, no personal message, only a written signature.

Out-of-town packages and cards should be gotten into the Post Office before December 10th, those for nearby points will arrive before Christmas Eve if mailed by December 15th.

Be sure to include your name and address on every Christmas card envelope—not only will it enable return of card to sender if addressee is not found, but it will enable you and your friends to keep mailing lists up-to-date.

In-Plant Mailing

If you are sending cards to associates within the plant, be sure to write out the department name in which the person is employed — do not use department or Building numbers.

Please do not bring in your personal Christmas cards for mailing from the plant. Our Mailing Dept. is swamped with regular business mail and cannot handle personal mailings.

Girls' Club News

By Juanita Adnessio

The Club is very busy these days getting ready for our Christmas activities — such as the Kiddies' Party (actually two) on December 19 and 20; buying various sundries for our retired members, and preparing a menu for Christmas baskets for the needy families in Scovill.

The girls in charge of our activities are:—*Violet Dander* and *Evelyn Smoil* on the food baskets; *Clo Read* and *Teresa Ryan* on Retired Members; *Clo Read*, *Adele Sharka*, *Della Riccio*, plus all the help they can get, on the Kiddies' Christmas parties.

I was questioned the other day as to the procedure of issuing baskets to needy families and thought others of you might wonder the same thing, so I'd like to tell you about it.

First of all, a notice is issued by the Employee Relations Dept. to all foremen in the plant. It covers a request from the Girls' Club asking each foreman to send in names of his employees who he feels are up against it this year and could use a helping hand in the way of providing their Christmas dinner. The names are sent to Committee Chairman *Violet Dander* who then checks them with the Company's Social Worker *Marie Hayes*.

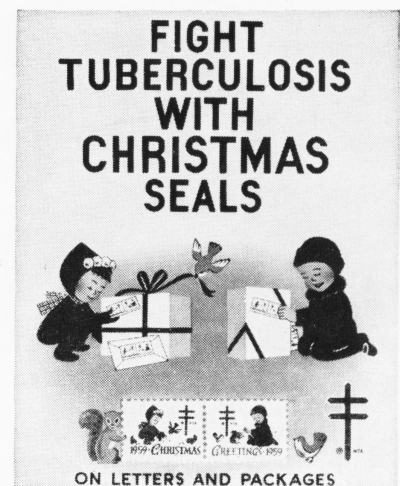

As there are other organizations in town which provide baskets at Christmas to needy families, our list is then checked with a central agency to avoid duplications. No others are added to

our list — only Scovill families receive Girls' Club baskets.

A great big thank you to the boys in Tool Design, Closure Div., who gave a donation large enough to furnish a complete basket . . . to the SERA for their contribution . . . to all you employees who contribute by your purchases of Christmas cards and candy which are being sold at the Employee Store (Employee Relations Bldg.)

Dolls are provided for little girls in these families and our wonderful and talented girls in the Billing Dept. are dressing them again this year.

On behalf of the Council—a blessed Christmas and a glorious New Year to all of you and yours.
