SCOVILL COUPLE RETIRE AFTER 75 YEARS OF JOINT COMPANY SERVICE.

Mr. and Mrs. John E. Oliver are congratulated by Ralph Daddesio, president of Scovill Local 1604 UAW, and Malcolm Baldrige, Company president, upon their retirement from active employment.

The Olivers are the first husband and wife team to retire from the Company at the same time.

Mrs. Oliver was originally hired in 1920 to work in the phonograph motor department. At the time of her retirement, she was a lipstick assembler in the Cosmetic Container Division. Mr. Oliver, an electrician, came to Scovill in 1918 and his first job was in the Employment Office.

The Olivers are one couple who are, indeed, "Looking Forward to Retirement". Mr. Oliver attended one of the first classes in the new retirement counseling program now being conducted jointly by the Company and the Union. Both he and Mrs. Oliver believe that this new program is of invaluable assistance in helping employees to plan for a happy and healthy retirement.

Stock Contest Winners Announced

George Kwasniewski of 237 Field St., Naugatuck, Conn., and Jane Strianse of 3681 Sarah Drive, Wantagh, Long Island, New York, are the two winners of the latest "Win A Share of Scovill Stock" contest—the topic of which was "How To Reduce School Drop-outs".

George, who is 15 and a sophomore at Sacred Heart School, is the nephew of Frank Bisalski of the Cosmetic Division. Jane is 12, a student at St. James School, and the daughter of John D. Strianse of our Schrader Division.

In his essay, George advised the potential drop-out to see his guidance

counselor first and to arrange a meeting between the counselor and parents to talk the whole matter over thoroughly. Above all, he advises students to "dig down and really try at your studies, and give it another chance."

Jane Strianse believes that parents can contribute the most help in reducing school drop-outs. "Parents should insist on good grades, personal habits, daily attendance, study, and all things necessary to be a good student."

But 12-year old Jane also believes parents need help. "The community must and can provide a very effective

TV Commercials Feature H.B. Knife

TV viewers in 22 market areas throughout the country have been seeing the new Hamilton Beach electric knife in action on their TV screens.

Scovill's Hamilton Beach Division began running a heavy schedule of sixty-second spot commercials on this new product in the middle of November. They will continue for five weeks right up to Christmas.

The 22 market areas covered by these spot commercials are the top ones in the country, accounting for about 64% of electrical houseware sales in 1963. To support and extend this TV coverage, electric knife advertisements are appearing in the Sunday magazine section of the New York Times and in Sunday supplements of other newspapers in major market areas of the country.

This is one of the most extensive and concentrated advertising programs on a single product ever undertaken by Hamilton Beach and, insofar as we can determine, by any other company in the industry. This unique program is getting results. Dealers in the market areas covered are selling out their stocks and are having difficulties in replenishing their inventories.

This hard hitting TV and newspaper advertising program has an ex-

(Continued on Page 2, Column 3)

Hamilton Beach Products Now In Employees' Store

Effective November 30, Hamilton Beach products are being made available to Scovill employees at a reduced price. Price lists should be available in all departments, or a call to the Employee Activities Office, Ext. 834, will get the desired information.

In addition to the Hamilton Beach appliances, also available are Puritron hoods and purifiers in all sizes. Due to the popularity of the new electric knife, the supply of these items is very limited and will be sold on a first-come, first-served basis as long as the supply holds out.

Season's Greetings

On behalf of the Company, I wish each of you a Merry Christmas and a Happy New Year.

May you and your families be guided and sustained by the true spirit of Christmas, during the holiday season and the new year that follows.

Sincerely,

Malcolm Balduge

President

On behalf of Scovill Local 1604, UAW, I wish to extend a Merry Christmas and a Happy New Year to all Scovill employees and their families.

Sincerely,

Ralph Daddesio

President

Scovill Local 1604, UAW

Early Bird Club

Elementary school children who wear impact-resistant safety glasses can now join the Early Bird Club.

The club, which is sponsored by the Connecticut Society for the Prevention of Blindness, is dedicated to the protection of eye sight for all children who wear glasses. Its prime purpose is to educate children and parents about the advantages of wearing glasses which meet the specifications of the ASA code of Eye Protection.

Those youngsters who do sign up in the program will receive an official membership card and pin. For further information, write: Conn. Society for Prevention of Blindness, Box 2020, Madison, Conn.

Holiday Shutdowns

Christmas Shutdown

The Waterbury Divisions and Services will close for Christmas not later than 7:00 p.m. on Thursday, December 24, 1964. They will reopen with the start of the first shift on Monday, December 28, 1964.

New Year's Shutdown

The Waterbury Divisions and Services will close for New Year's not later than 7:00 p.m. on Thursday, December 31, 1964. They will reopen with the start of the first shift on Monday, January 4, 1965.

Waterbury offices will close at noon

TV Commercials

citing message. It stresses the fact that the Hamilton Beach electric knife is something new and that it is the finest of its kind. It points out the exclusive features of this knife — the "hole-in-the-handle" which makes it easier to grip, and the built in quality that backs up its five-year guarantee. It is helping to firmly establish Hamilton Beach's reputation as an aggressive, modern producer of top quality merchandise.

Retired Folks' Club

Christmas Party

All retired employees of the Waterbury and Oakville Divisions are invited to attend the annual Christmas party of the Scovill Retired Folks' Club to be held in the SERA Building on Tuesday, December 15, at 2:00 p.m.

New Assignments

Closure Division

JOHN J. BUTKUS — Has been assigned responsibility for Dept. 356, Attaching Machines, and Dept. 376, Closure Tool & Machine Room, in addition to his duties as General Foreman of productive departments—Waterbury operations.

Stock Contest

campaign through any or all local organizations which can bring this very urgent subject into the homes. Parents should be advised of any signs indicating a possible drop-out. An intense program should be followed in all high schools to keep reminding and illustrating through posters, movies, and talks on the bad results of school drop-outs".

She concluded with this pertinent statement, "If we are to have a strong nation, we must have a well educated youth."

on these Thursdays.

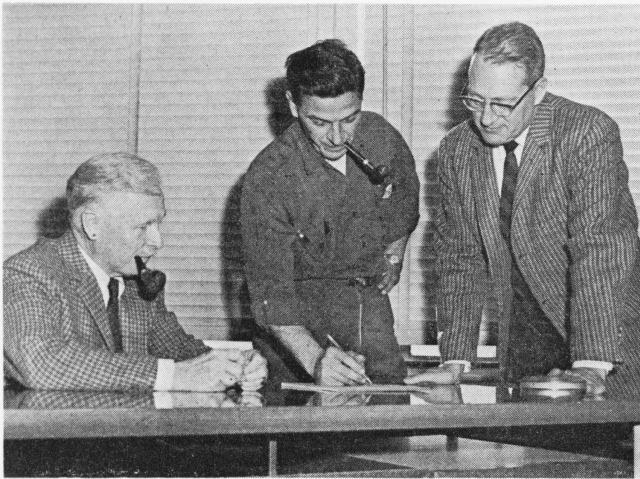

Departmental schedules for each of these Thursdays will be posted.

Employees will be paid on regular schedule both weeks.

Any exceptions to the above schedules will be by individual notification or by posted notice.

Top Award To Date \$2,852 — Renaud LaChance, Gen. Mfg. Tool Room

\$440.00 INITIAL AWARD. *Joseph Ciarlo details for Cosmetic Division Manager W. H. Harris and Superintendent Leo Belliveau his suggestion of changing types of feeder rolls on Harper Buffing Machines which cut maintenance cost. The operation will be reviewed next year and a final award, based on actual savings, will be made.*

\$150.00 Award

A joint award to Alton Milton and Joseph Romanuskas, of the Cosmetic Tool Room.

Letter of Appreciation

Ronald Baker, Warren Baker and Robert Zabit—Cosmetic Division
 Thomas Curtin and Stanley Kolkowski—Aluminum Mill
 James Mastrodonato, Transportation

Kloc-Hartwick Win In Early-Bird Golf League

John Kloc of Manufacturing Eyelet, and William Hartwick, of Gripper Eyelet, defeated Ralph Pastore and Jack Phelan to win the championship 18-hole playoff. Kloc was low with 78, while his partner fired a 91.

Ralph Pastore won low gross honors for the season with a 35, while Bob Zabit won low net honors with a 30.

Prizes will be given out at the annual banquet to be held at SERA.

\$400.00 AWARD. *John Orsini, of Transportation, receives check from Vice President and General Manager of Waterbury Services George A. Goss. His suggestion greatly improved the method of delivering items from the Receiving Room. Looking on is William J. Morrison, Assistant Director of Traffic.*

Christmas Mailing Suggestions

In order to assure prompt handling and a smooth flow of the greatly expanded Christmas mails, Waterbury Postmaster John J. Slattery offers the following guide for your convenience.

MAIL EARLY—Distant out-of-town letters and packages (domestic) should be in the mail before December 10th. Mail for nearby points will arrive in time if mailed before December 15th.

For best service, use 1st class postage — the special 5¢ Christmas stamp is recommended. First class assures faster handling, permits greetings to be sealed and a personal message may be included. Also, your card will be forwarded if addressee has moved and returned to you if undeliverable.

Mail is handled faster in the post office if out-of-town is separated from local mail and all mail is faced with addresses one way and tied into bundles. Also, out-of-town and local labels are supplied by the post office on request.

Large bundles of greetings can be sent on their way faster if deposited

directly in the main post office or one of the branches or stations operated by regular postal employees.

Careful packing of gift parcels is urged. Use plenty of cushioning material. Cartons, for greatest durability in handling, should be of strong double-faced corrugated fiberboard or solid fiberboard, particularly if going to distant points.

All addresses — both those of the addressee and the sender — should be legible and use of abbreviations should be avoided.

Do not mail money in Christmas gifts or greetings — use registered mail.

Very important — use your ZIP Code in return addresses and in all destination addresses, when known. This applies to packages as well as greeting cards.

Christmas Caution

(This anonymous poem is submitted by our Safety and Fire Prevention Department.)

'Twas the night before Christmas when
all through the house
Not a creature was stirring, not even
a mouse,

When down through the chimney all
covered with soot,
Came the "Spirit of Fire" an ugly
galoot.

His eyes glowed like embers, his fea-
tures were stern,
As he looked all around for something
to burn.

What he saw made him grumble, his
anger grew higher,
For there wasn't a thing that would
start a good fire.

No door had been blocked by the
green Christmas tree,
It stood in the corner leaving passage-
ways free.

The lights that glowed brightly for
Betty and Tim,
Had been hung with precaution so
none touched a limb.

All wiring was new, not a break could
be seen,

And wet sand at its base kept the tree
nice and green.

The tree had been trimmed by a
mother insistent,

That the ornaments used be fire re-
sistant.

And mother had known the things to
avoid,

Like cotton and paper and plain cel-
luloid.

Rock wool, metal icicles and trinkets
of glass,

Gave life to the tree; it really had
class.

And would you believe it, away from
the tree,

Was a suitable box for holding
debris.

A place to throw wrappings of paper
and string,

From all of the gifts that Santa might
bring.

The ugly galoot was so mad he could
bust,

As he climbed up the chimney in utter
disgust.

For the folks in this home had paid
close attention,

To all the rules of fire prevention.

RECENT RETIREES RECEIVE GAY SEND-OFFS

Top photo:—Ida Michaud was the center of attraction as her co-workers in Closure Packing gathered together to wish her a long, happy retirement.

Center photo:—Jennie Iadolora was the honored guest at this gathering in the Drawing Room on the occasion of her November 1st retirement.

Bottom photo:—The boys of the West Machine Room gathered together in the SERA Building to extend their best wishes to retiring Andrew Dubiel.

Spring Vacation — A European Tour

"Europe From the Driver's Seat" is the theme of the 1965 spring vacation trip being planned by the SERA.

The 19-day trip will start on Thursday, April 15, and the group will fly from Kennedy International Airport, via jet, to Brussels. Good Friday will be spent in this lovely old city and special religious services will be conducted in the churches which our members will attend. Easter Sunday will be spent in Brugg, Switzerland, after a ride through the picturesque towns and villages of the Black Forest.

The final day of the trip, Monday, May 3, will see our group leave from Paris to fly, via jet, back to Kennedy Airport and thence on back to the SERA Building, the starting point.

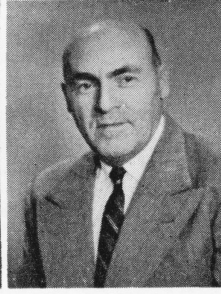

Details and brochures of the trip will be given at a meeting of all interested to be held in the SERA Building on Thursday, December 10. At this time, those definitely decided on the trip, may make their reservations, with a down payment of \$150.00 The tour director will give particulars as to passports, vaccination certificates and will answer any questions.

"Holiday Special"

Blood Day, Dec. 22

The final employee blood donor day of the year is again being designated as the "Holiday Special" and employees through all divisions of the plant are invited to participate.

The Blood Mobile unit will be set up in the SERA Building on Tuesday, December 22nd, from 1 to 5 p.m.

Applications should be available in all departments but, if you have not been contacted by a department representative(and you're between the ages of 18 and 60) a call to the Employee Activities Office, ext. 834, will get your name on the list of volunteers.

At least 150 pints of blood are to be collected if we are to maintain the excellent records set by the three other visitations this year. It is hoped this quota will be topped as all employees fully realize the importance of having blood available during the winter and holiday season.

Accidents, illness and need for heart surgery do not take time off for holidays—won't you add your name to the list of those who will be giving the most precious of all holiday gifts—one pint of blood which could be the means of saving a life?

Kids' Christmas Party

The annual Christmas party for Scovill children will be held on Saturday and Sunday, December 19 and 20, from 2 to 4 p.m. in the SERA Bldg.

Because of space limitations and fire regulations, tickets are limited and the following rule will be adhered to. Please, in fairness to other children who are eligible to attend, do not ask the office to make exceptions.

Only children and grandchildren (between the ages of 2 and 10) of Scovill employees are invited to attend. Tickets are available now at the Employee Activities Office.

Retirements

Effective Dec. 1, 1964

JOSEPH DADDONA, elevator operator and trucker in Mfg. Elevators—25.3 years' service.

LOU DELANEY, scale clerk in Scrap Processing—almost 17 years.

LOUIS GAUMOND, maintenance man in the Rod Mill—almost 42 years.

ROSE LAMONTAGNE, Horton press operator in Manufacturing Packing—28.7 years' service.

JOHN OLIVER, electrician in the Electrical Dept.—almost 36 years.

LORETTA OLIVER, assembler in Cosmetic Division—39 years.

ALFRED WEST, painter in Button Attaching Machines—13 years.

IT'S MADE OF PLASTIC! Charles Stickney, George Goss, Calvin Teller, Domenic Daddona and Donald Seaver are impressed with items made of plastic displayed at the recent DuPont Materials and Design Seminar. They included a rifle stock and hand grip, television picture tube window, electric drill motor housing, automobile arm rests, and many types and sizes of valves.

DuPont Seminar Shows Use of Plastics In Items For Home, For Work, For Play

Approximately 60 persons from our design and methods engineering and sales departments attended the DuPont Plastics Department seminar sponsored by our Synthetic Materials Lab held in the SERA Building recently.

DuPont engineers told of a number of new DuPont resins which have been perfected since the last design seminar held here several years ago.

With slides and samples of articles which were made from various types of

plastics, they demonstrated the use of these new plastics in many noteworthy applications which would help to cut costs and promote sales through the use of such materials. The range of articles which can be made from these new materials was of great interest to our personnel attending the seminar.

Arrangements for the engineering plastics seminar were made by Walter Hoerman, engineer in charge of our Synthetic Materials Lab.

Girls' Club News

By Laura Denton

The Council extends its very best wishes to all 638 Girls' Club members for a happy season. (That's the latest official membership count reported by Della Riccio at the November meeting —509 active and 129 retired members).

Joyce Emmons was welcomed as a new Council member, replacing Josephine Levanavicius who has resigned. The Club needs capable Council members and, judging by her past performance, Joyce will certainly be one.

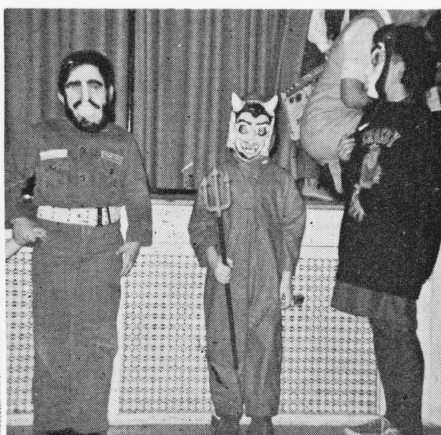

Virginia Doolin and Violet Pelletier will be assisted by all Council members at the annual Children's Christmas party scheduled for December 19 and 20.

Dorothy Chambers reports that the staff in the Employee Activities Office are doing their usual fine job handling sales of cards and candy for the Club. The candy is the same good quality as last year, but more variety has been provided in the new selection of cards. We're sure you'll like them.

This seems like a good time to issue one of our many reminders that your purchases of these items brighten the winter holidays for many people, and brighten many a summer day for some of our children at camp. Therefore, on behalf of the Club—thank you very much, and happy holidays to you, too!

Fisherman, shows his winner's plaque to table mates; (right) Featured speaker of the evening was Bob Pond, professional spin caster, who demonstrated skills with the rods, gave a highly interesting talk and showed movies of salt water fishing which featured the young lady, at the head table, an expert "fisherman".

Obituaries

RAYMOND E. SMITH died on October 30, 1964. Retired, Repair Room, August, 1964—22 years' service.

EDWARD HARTY died on November 6, 1964. Retired, North Mill, July, 1959—23 years' service.

J. CHARLES KEELEY died on November 7, 1964. Retired, Slide Fastener Tool, February, 1957—36 years.

RAYMOND JOHNSTON died on November 13, 1964. Retired, North Mill Finish, December, 1959—9 years.

JOSEPH ROMAN died on November 19, 1964. Retired, North Mill Finish, September, 1960—28 years.

ADAM WAITKUS died on November 20, 1964. Retired, Waterville Div., August, 1957—20 years.

SANTI CATALINI died on November 21, 1964. Retired, Chucking Dept., July, 1947—27 years.

MARTIN HAPENNY died on November 21, 1964. Retired, Milling and Grinding, December, 1944—26 years.

JOSEPH CHIUCARELLO died on November 22, 1964. Retired, General Stores—Physical, January, 1955—27 years' service.

Prizes Awarded At Annual Banquet

The 115 persons in attendance at the annual banquet spent a most enjoyable evening—the charcoal broiled steaks were delicious and the entertainment was par excellence.

Ed Zukauskas captured the 1964 Championship title with these catches during the season (made on the days that really counted):—14¾" trout;

13½" calico bass; 20¾" and 18¾" pickerel; 11¾" perch.

Prizes for the longest fish caught in each category went to:—

Charles Rietdyke, 23½" large mouth bass; Basil Bezuhly, 22½" pickerel; W. Bellemare, 17¾" trout; W. Rogers, 13½" calico bass; Charles Rietdyke and Charles Klim tied for perch, each reporting a 13¾" catch.

PAUL MIRABELLE, Attaching Machines Dept., left in October for service with the U.S. Army. He had been employed in Scovill since December, 1961.

THOMAS HOLLOWAY has left for service with the U.S. Army. A draftsman in training in the Cosmetic Div. Superintendent's Office, he had been in Scovill since August, 1962.

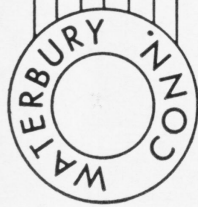

PAUL J. PEZIK, JR., machine operator in Chucking, left in October for service with the U.S. Army. He had been in Scovill since September, 1963.
