

Published by Scovill Manufacturing Company for its Employees

THE NEW BLDG. 153 NEARS COMPLETION. Located in the East Yard area, in the location of the razed Box Shop, work on this new building was started on June 1, 1966

and is expected to be completely finished early this month. Production should be underway by the end of the month, according to Vice President C. A. Burnett.

Scovill's Building Expansion Program

Another building expansion program nears completion in Waterbury. In order to provide required space for ever increasing production needs, our General Products Division is adding two buildings to its facilities.

The first is a new one-story brick and Scovill aluminum siding building, comprising 100,000 square feet, located in the East Yard area, and will be known as Bldg. 153. The second is actually an addition to our Forge Shop area, to be identified as Bldg. 65-D.

Ground was broken for Bldg. 153 on June 1, 1966. Prior to the foundation pouring, 45,000 yards of soft fill had to be excavated and 65,000 yards of solid fill replaced to give adequate foundation for the heavy equipment to

be installed. This phase was completed within ten weeks. The first foundation concrete was poured on August 15th.

These additional areas will house manufacturing facilities required to produce metal components for the M-564 and M-565 fuzes on a sub-contract basis for the U.S. Time Corporation of Middlebury, Connecticut.

The Scovill phase of this program will require approximately 400 additional employees. Production operations are expected to start by the end of the year.

Additional building expansion includes a 6,000 square foot addition to the Wire Mill, to be known as Bldg. #148; a maintenance and tool room addition to Hot Forge; and enlarged locker room space for Hot Forge.

"Holiday Special"

Blood Day, Dec. 21

Wednesday, December 21st, is the date set for the fourth Blood Mobile Unit visitation to Scovill this year.

Designated as a "Holiday Special" this visitation gives all employees an opportunity to share the greatest gift of all — the gift of life — with someone less fortunate.

The Blood Mobile Unit will be set up in the SERA Building from 11:00 a.m. to 5:00 p.m. As usual, it will be manned with trained nurses, doctors, clerical workers and the wonderful ladies of the Red Cross Canteen who, together with the SERA, provide delicious refreshments for the donors.

In order to maintain the fine record of donations set at the first three visitations of the Blood Mobile to Scovill this year, a quota of 200 pints is set for this day.

What better way to start the holiday weekend than to volunteer a unit of life-saving blood? It is a happy season for most of us, but accidents, illness and the need for heart surgery do not take time off for holidays and it might even be that we ourselves or a loved one will be in need of blood before the holidays are over. Let's do our part to make sure that we will not regret the lack of blood in our hospitals for any emergency.

See you at the SERA on December 21st, between 11 a.m. and 5 p.m.

Call For Mill Workers

In order to meet increasing production demands, more jobs are now open to men for the second and third shift work in the Rod, Wire, Strip, and New Milford Tube mills.

Previous experience is not necessary; workers will be trained on the jobs.

Employees are asked to tell their friends and neighbors that mill jobs are open (husky males 18 years of age and over will be considered) and urge them to call in person at the Scovill Employment Office, 366 East Main Street, from 8 a.m. to 5 p.m. Monday through Friday.

SEASONS GREETINGS

On behalf of the Company, I wish each of you a Merry Christmas and a Happy New Year.

May you and your families be guided and sustained by the true spirit of Christmas, during the holiday season and the new year that follows.

Sincerely,

Malcolm Balduge
President

On behalf of Scovill Local 1604, UAW, I wish to extend a Merry Christmas and a Happy New Year to all Scovill employees and their families.

Sincerely,

Michael E. Carlin
President
Scovill Local 1604, UAW

Plant Holiday Schedules

Christmas Shutdown

The Waterbury Divisions and Services will close for Christmas at 12:00 o'clock noon on Friday, December 23, and will reopen with the start of the first shift on Tuesday, December 27.

New Year's Shutdown

The Waterbury Divisions and Services will close for New Year's at 12:00 o'clock noon on Friday, December 30, and will reopen with the start of the first shift on Tuesday, January 3.

Department schedules will be posted individually. Any exceptions to the above will be by individual notification or by posted notice.

Christmas and New Year's, and one-half day before each, are holidays for which employees who qualify are paid when they do not work. Because Christmas and New Year's fall on Sunday, they will be celebrated on Monday. The half days before, because they fall on Saturday, will be celebrated on Friday each week.

A Safe Christmas

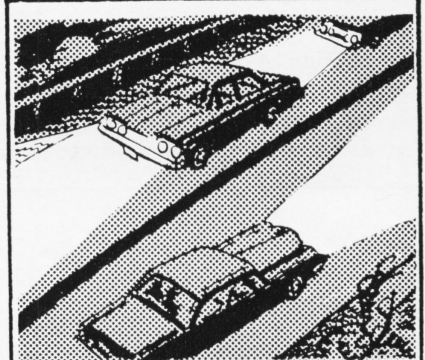

Looking for a worth-while gift for the man who has everything—or even for the man who doesn't? Why not consider a Fire Extinguisher or a First Aid Kit? They're ideal for your shopping list. It's good sense to have these at home and in the car on trips.

Another excellent idea is to plan a safe Christmas so extinguishers and first aid kits won't be needed. Home accidents can be prevented:

- furnaces and chimneys can be made safe,
 - electric wiring can be in good order and not overloaded,
 - poisons can be marked and put out of reach of children,
 - flammable liquids can be eliminated or kept in small quantities in safe cans,
 - decorations can be found which don't make a fire hazard,
 - candles can be used with good sense and care,
 - falls can be prevented by attention to slipping and tripping hazards.
- Ordinary common sense and a few minutes here and there at home can make a big difference in holiday happiness.

Be thoughtful for the safety of others—make it a SAFE CHRISTMAS!

USE YOUR LIGHTS AT DUSK

At sunset, many drivers on the highway fail to use their lights until it is really dark — cause accidents. Turn on your lights (just the parking lights if need be) at the first sign of dusk. It will help others on the road to see you, avoid running into your car.

SERA Committees

SERA President Fred Kirschbaum, with the approval of the Board, has named chairmen for activities committees as listed below. The Chairmen will select their committee members.

- Executive—Joseph Fabiano
- House & Grounds—John Mitchell
- Children & Family—Rose Petti
- Sports—John Deegan
- Social—Jean Ostroski
- Fishing—Robert Fumire
- Girls' Activities—Sue Guarrera
- Retired Folks—Margaret Snowden

Clifford Newcomer, Mills-Cleveland
10 years—Nov. 26, 1966

JUNIOR ACHIEVEMENT COMPANIES RECEIVE CHARTERS. *Scovill President Malcolm Baldrige presented Charter of Operation certificates to presidents of two Junior Achievement companies which are sponsored by the Company this year.*

Michael Russo, Jr. (left), president of *Ideal Industries*, holds a sample of the Magnetic Knife Rack being produced by his company; James Scully (right), president of *Teensco Enterprises*, discusses his company's product

with Mr. Baldrige who holds one of the Formica Trivets. Coincidentally, both presidents are juniors at Crosby High School. Members of Junior Achievement companies are senior and junior students from area high schools.

SCREW MACHINE PRODUCTS ASSOCIATION TOURS MILLS

Recent visitors to the Casting Shop, Rod and Wire Mills included members of the Naugatuck Valley Screw Machine Association. Attending were 56 men representing 19 companies, all of whom are now customers or are prospective customers of our mill products.

The tour was in conjunction with the Association's regular November meeting and was arranged to show the

complete flow of materials from processing scrap through casting and on to finished products.

Warren F. Bice, Sales Manager of Scovill's Screw Machine Products, is president of the Naugatuck Valley Association which is an affiliate of the National Screw Machine Association. Mr. Bice and William F. Andrews, Jr., Rod and Wire Products Manager, were hosts to the visitors.

New Year's Eve Dance

Plans for the 22nd annual New Year's Eve dinner dance to be sponsored by the SERA for Scovill employees are now complete, and reservations are being taken at the Employee Activities Office on a first-come, first-served basis.

The festivities will start with a full course roast beef dinner at 8 p.m. with dancing to Lou Masters Orchestra from 9 p.m. to 2 a.m.

Jean Ostroski and John Capone, co-chairmen of the event, ask the cooperation of all employees in keeping their invited guests to their immediate families. Because of the popularity of this annual event, there is always a greater demand for tickets than the number of persons allowed

Retired Folks' Club

The annual Christmas party for retired employees of the Waterbury and Oakville divisions will be held at the SERA Building on Tuesday, December 20, starting at 2:00 p.m.

Entertainment, group singing, refreshments and a gift for each make up the program for the afternoon.

Retirees are invited to bring along a guest — however, due to the number of persons allowed in the hall by safety regulations, each is asked to keep the number of invited guests to one.

in the hall and, in fairness, all employees should have an opportunity to attend.

Kids' Christmas Party

The annual Christmas Party for children and grandchildren of Scovill employees will be held on Saturday and Sunday, December 17 and 18th, at the SERA from 2:00 to 4:00 p.m. under the sponsorship of the Girls' Club.

Tickets are now available at the Employee Activities Office and are limited to children and grandchildren (between the ages of 2 and 10) of Scovill employees. This restriction has to be placed because of the space limitations and fire regulations.

Tickets are being issued on a first-come, first-served basis and employees' cooperation is asked in obtaining tickets only for children who qualify.

Your Social Security

The term "social security" means different things to different people. Whatever it means to the users of the term, the Social Security Administration wants everyone to know what it represents in family protection provided through its old-age, survivors, and disability insurance system.

Most people know that social security insurance payments go to retired workers and to their families. Fewer are aware of the benefits for families of workers who die. Still fewer have heard of disability insurance for eligible severely disabled workers and their dependents.

This three-way family protection is worked for and paid for by employees, their employers and the self-employed; yet there are many among those who work for and pay social security taxes who do not realize the full extent of the financial protection they are providing for themselves and their families.

The Social Security Administration urges you to write or visit your nearest social security office for benefit information whenever you or someone in your family retires or becomes severely disabled.

You should also get in touch with your social security office whenever a worker in your family dies. The Waterbury office is located at 236 Grand St., and is open Monday, Tuesday, Wednesday and Friday from 9 a.m. to 5 p.m.; Thursday from 9 a.m. to 9 p.m.

Social Security Payments

Starting January 1, 1967, your payroll deductions for Social Security will be increased to 4.4% based on earnings up to \$6600. As Scovill must match your contribution, its payment is also increased on that date.

This increase was provided in the Medicare Amendment passed in 1965.

Volleyball

Three teams are entered to date in the Scovill Volleyball League with standings as follows:—

Extrusion	6 wins, 0 losses
Closure	2 wins, 4 losses
Misfits	1 win, 5 losses

All men interested in joining the league are invited to join the group at the SERA on Fridays at 7:00 p.m., or contact the Employee Activities Office for information on participation.

RETIREMENT PARTIES FOR THE LADIES. Upper photo — Katherine Christensen receives well wishes of her co-workers in the Coupling Department while Mary Mack (lower photo) is the honor guest in Cosmetic Assembly & Pack. Both ladies retired from active service as of November 1, 1966.

Girls' Club News

By Sandy Goldberg

Subbing for vacationing reporter *Nora Williams*, I'm happy to welcome new members into the Club on behalf of the Council: *Elizabeth Ann Bailey*, Dept. 60; *Rosemary Mariano*, Dept. 60; *Maria Lorenzini*, Dept. 81; *Austra Gunther* and *Ferol Slekis* of the Oakville Division.

Our current bus trips are going exceptionally well. At press time, six busses were completely filled for the December 3rd trip to New York City, with three already reserved for the December 12th trip to Hartford.

Our happiest event of the year, the Children's Christmas parties are set for December 17th and 18th.

A warm and happy Holiday Season is wished to all Scovillites with special greetings to all who are making our Christmas Activities such a success with their purchase of Christmas cards and candy. Remember, these items are being sold at the Employee Store in the SERA Building. Your purchase of these items helps to cover the cost of our Children's Christmas Party and food baskets for some of our employees who are, at this holiday time, not as fortunate as we.

Scovill Golfing

The Thursday Night Golf League wound up its 1966 season with a banquet at SERA. Champions for the year were announced as *Albert Lynch* and *Calvin Teller* winners of the 1st and 2nd round playoffs with *Charles Lewis* and *Joe Lokis*.

Low net winners were *Al Lynch* and *Jack Phelan*; *Calvin Teller's* score of 35 won low gross honors.

Officers for the coming year were elected as follows:—

Co-chairmen: *J. Arthur Rompre* and *Ambrose Carangelo*; Secretary-Treasurer—*Albert Lynch*

"Voice From Home"

An opportunity to say "Merry Christmas" in a personal manner to your serviceman who will be unable to come home for the holidays is again being offered this year by the Red Cross.

You can record a talking letter by going to the Red Cross Chapter House at 64 Holmes Avenue on Thursday, December 8th, from 5 to 8 p.m. or any day between now and December 14th from 1 to 5 p.m. The only cost to you will be the postage for mailing your record to your serviceman.

The talking letter can be played on a phonograph available at military installations. They are made on 33-1/3 rpm speed discs. Red Cross volunteers will be available at the recording sessions to help you plan your message and to record and play it back.

Call Red Cross Service to Military Families at 755-1137 and make an appointment for the recording week.

\$360. TO MARY ORLANDO OF RECEIVING. William T. O'Brien, Assistant to the Director of Purchasing checks over Miss Orlando's suggested method of ordering materials from local suppliers. Her plan greatly cuts down on the number of Purchase Orders issued.

\$165. TO MICHAEL SCURSSO OF CASTING. Metallurgical Engineer Arthur Silberberg is very much interested in Mr. Scursso's explanation of how formerly scrapped graphite thermocouples could be used as fluxing tools on the new rod casting machine, thereby obtaining further use of thermocouples which are no longer fit for use in furnaces.

Letter of Appreciation

Frank Loffredo, Rod Mill; Kay Sileo, IBM; Victor Valenti, Manufacturing Eyelet; Robert Hohman, Systems & Procedures; Andrew Gwisdala and Henry Tarasewicz of the Foundry.

Arthur Graveline, Tin Shop; William Serrell, Repair; John Butler, Blanking Tool; Walter Cronan, Rod Mill; George Demske, Gripper Eyelet; Mary Hudobenko, Tabulating; Marie DiBiase, Purchasing Office.

\$120. TO ANTHONY BRUNETTI OF COMBUSTION CONTROL. This second payment brings the total award to \$240 for his suggested method of writing mill procedure sheets in the Tube Mill. Suggestion System Administrator William Archmour made the presentation.

\$138 TO GEORGE NIX OF COSMETIC. Asst. Foreman James Polzella shows great interest in Mr. Nix's suggested method of inserting plastic liners into base shells on the dial press—a quicker and simpler method. Mr. Nix was also awarded \$38. for a second suggestion submitted at this time.

- \$156. Mario Cannucciari, Pipe Shop
- \$120. Philip DelGobbo, Lacquer
- \$100. Arnold Govain, Transportation
- \$ 60. Robert Archambault, West Mach.
- \$ 30. Ruth LaFlame, Room Clerks

To All Employees:—

A happy holiday season, with best wishes for a successful and profitable New Year.

Suggestion System Committee

Christmas Mailings

Armed Forces Overseas

The only way to insure delivery in time for Christmas to members of our Armed Forces overseas is to send parcels by Air Mail—by December 10th.

Domestic Mail

Gift parcels for distant states should have been sent by December 5th to insure positive delivery. Gift parcels for local and nearby areas should be mailed not later than December 14th. Greeting cards for distant states should be mailed not later than December 10, and those for local delivery not later than December 15th.

Alaska and Hawaii

Air Mail parcels mailed not later than December 15 will get to Alaska and Hawaii in time for Christmas.

General Information

Do not send cash through the mail without registering it.

Be sure to make all addresses legible and complete, with full names, correct number and street; write out the name of the city and state to assure proper sorting when mailing out-of-town.

Make use of the special labels provided by the Post Office Dept. "All for Local Delivery" and "All for Out-of-town Delivery"—sorting the cards into two groups, with all addresses facing one way. Remember that Christmas cards, if sent first class:— are returned to you if they can't be delivered; are forwarded to any changed address, if known; may contain a personal message.

Mail early! Use Zip Codes!

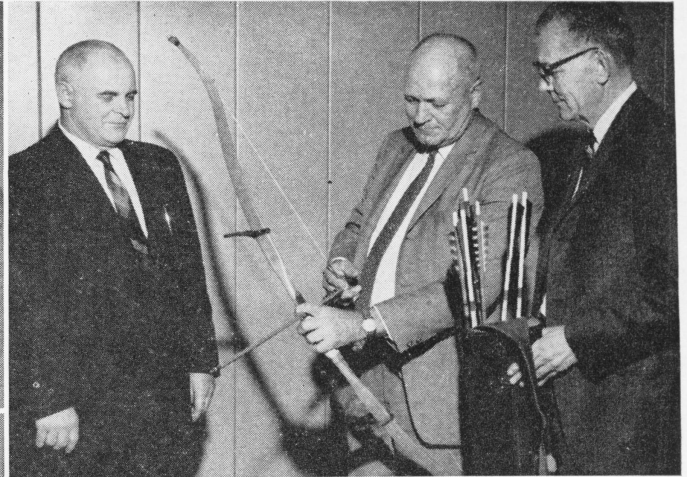

In-Plant Mailings

If you are sending cards to associates within the plant, be sure to write out the department name in which the person is employed. Do not use department or building numbers.

Please do not bring in your personal Christmas cards for mailing from the plant. Our Mailing Department is swamped with regular business mail and cannot handle personal mailings.

Basketball

All will be in readiness for the Scovill Basketball League to start play right after the holidays. Three-man teams will be set up and they will play half court. All men interested in joining the league are asked to contact the Employee Activities Office.

ROD & GUN CLUB BANQUET. James Gilroy, Champion Fisherman of the Year, (top photo left) receives award plaque from Club president Paul Delage with SERA president Fred Kirschbaum looking on.

Right:— Harvey Krantz, guest speaker, demonstrates the art of hunting with bow and arrow to Club Vice President Dom Cherubini and past president Harold Rogers.

Lower photo:— Seated at the head table were: Club Secretary-Treasurer Walt Dziura, Dom Cherubini, Guest speaker George A. Goss, Paul Delage, Master of Ceremonies Milt Burrall, Fred Kirschbaum, banquet co-chairman John Capone, Harvey Krantz and Harold Rogers.

Obituaries

JOHN D. COPELAND died on November 8, 1966. Retired, Waterville Division in January, 1955—32 years.

WILLIAM SERVICE died on November 12, 1966. Retired, Engineering Dept. in September, 1946—35 years.

JUSTINA RIBEIRO died on November 14, 1966. Retired, Press 1, in February, 1954— 35 years' service.

HENRY FONTAINE died on November 27, 1966. Retired, Casting Shop, in May, 1964—37 years' service.

JOHN MAKAREWICZ died on November 27, 1966. Retired, Casting Shop, in September, 1954—31 years.

AGNES MCGURK died on November 25, 1966. Retired, Blanking Room in November, 1961—11 years.

Training Course

DRAFTSMAN.

Thomas F. Holloway was graduated as a draftsman as of November 21, 1966. He has been assigned to the Cosmetic Superintendent's Office.

Rod & Gun Club

By Walt Dziura

The Fall banquet was held November 10th in the SERA Bldg.; with Reeves Fishing Contest awards presented to deserving winners after a delicious meal of prime rib roast.

Champion Fisherman — James Gilroy with 20 points. 2nd place winner — Pat DeSantis, 14 points. 3rd place — Henry Miller, retired, 10 points.

The 1st place winner receives a cash prize of \$1 for each point, plus a placque which can be shown with pride. All winners of each weekend competition receive \$1. for each point. There are great opportunities since relatively few fishermen enter, so, let's see more contestants next year!

\$5. was awarded to the following for largest fish in the category:—R. Munson, 15 $\frac{1}{8}$ " calico bass; Neil Granoth, 22 $\frac{3}{8}$ " bass; Lee Grabam, 21 $\frac{1}{2}$ " bullhead; I. Stoto, 23 $\frac{1}{4}$ " pickerel; Wally Bergstrom, 14 $\frac{5}{8}$ " trout; Pat DeSantis, 12 $\frac{3}{8}$ " perch.

As usual, Milt Burrall did an excellent job as toastmaster. Honored guest George Goss spoke a few words as did Club officers. Speeches were very short so that movies could be shown before the card games and story sessions were started. All had a fine time.

At the regular monthly meeting of Nov. 15th, it was voted to buy 1000 calico bass for immediate stocking. However, to insure the greatest number of them to be in the reservoir for spawning, it will be illegal to keep calico bass during the winter fishing season. This addition of fish should insure lively fishing next summer.

Because of the many inexperienced shooters wishing to participate in league shooting, it is hoped that a sufficient number of experienced shooters will be available so that one experienced shooter and two inexperienced shooters will make up each team. In this way, individual instruction can be given until the new shooters can stay on target. Also, more range officers

are needed so the range can be available several nights every week. Anyone wishing to be a range officer is asked to contact Charles Carpenier, Gauge Dept.

Two more rifles have been purchased, one by SERA and one by our Club. Now all five bays can be used simultaneously.

Nominations for Club officers for the coming year were accepted, with elections to be held next meeting, which will be held on Dec. 20th at 7:30 p.m.

The first inter-department rifle match was held on November 18th between the Manufacturing Tool Room and the Blanking Tool Room. Mfg. Tool were winners with a close total score of 379 to 378. Points scored were as follows:

Mfg. Tool	P	S	K	OH	Total
E. Zukauskas	35	28	23	22	108
F. Heverling	38	39	26	17	120
K. Bouley	44	43	40	24	151

Blank Tool

M. Guerrera	44	32	28	23	127
P. Delage	40	40	40	29	149
R. Johnson	25	24	39	14	102

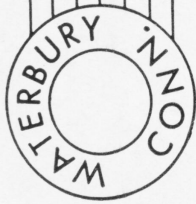

He's done it again — Harold Slocum won 1st place in the State Team Postal match with a score of 197-14V and 3rd in the State Championship with 295-21V.

Christmas Gifts

The greatest gift—and the most valuable — is the least expensive.

Won't you give one pint of your blood when the Blood Mobile visits the SERA Bldg. on Dec. 21st?
