

SCOVILL BULLETIN

OCTOBER, 1966

Published by Scovill Manufacturing Company for its Employees

NEW PRODUCTS INTRODUCED AT NATIONAL SHOW. *One of the most attractive and colorful exhibits in the National Housewares show in Chicago recently was the Scovill booth displaying its new line of Hearth Accessories and its Litchfield collection of pewter-like mantel and shelf accessories. The display includes wall plaques in motifs taken from Roman and Greek coins and the zodiac; the accessories are replicas of art of the American Federal period.*

Suggestion Contest Announced

A one-week trip for two to the Caribbean is being offered as first prize in a contest conducted by the Scovill Suggestion System Committee between October 3 and December 3, 1966.

A second prize will be a portable T-V set; third prize to be a portable AM-FM radio.

All hourly and piecework employees, and those on "D" Payroll, of the Waterbury Divisions including New Milford, are eligible to enter the contest. To enter, just submit a worthwhile suggestion on an official Suggestion form during the contest period.

Upon receipt of a suggestion, and if it is considered eligible according to the rules and qualifications set up in the Scovill Suggestion System booklet

and Company policy, the suggestion will be given a number which will be placed in a container and, on December 17th, the winners will be decided on the basis of a random draw out of this container in the SERA Building.

Top prize is a one-week trip to the Caribbean at the Company's expense (up to \$800). All arrangements including travel, hotel, etc. will be made for the winner by a local travel agency.

Number of suggestions by an employee is not limited—send in as many eligible constructive ideas as you can during the contest period. You do not have to win a cash award to be eligible for the drawing, but all suggestions will be evaluated and regular cash awards will be paid whenever the suggestion merits it.

United Fund Scovill Drive

Your One Gift—the United Way—works many wonders — with your fair share contribution to the United Council and Fund through payroll deductions, you will help to raise the necessary funds for 32 health and welfare agencies to carry on their work of serving people in the Waterbury area.

The annual campaign for funds will be conducted in Scovill the latter part of October.

As in previous years, the Scovill drive is a joint Management and Union effort and is being conducted on a divisional basis. In-plant co-chairmen are Fred A. Wilson, Albert Lupica and Felix Panasci.

Divisional co-chairmen, representing Management and Local 1604-UAW, are as follows:—

Closure Division—Vernon Russell, Gary Hall, Frank McHale

Cosmetic Division—David Rompre, Joseph Schiappa

General Products Division—West Plant:—Howard Smith, Helen Johnson, Joseph Fabiano, Lawrence Bernier and James Byars of the Foundry

General Products Division — East Plant:—Thomas Gifford, Anthony Lacerenza, Joseph Aureli

Mills Division — John Fogarty, Thomas Curtin, Algert Baker

Waterbury Services — Thomas Kulkas, Edward Borowski, Lester Kuchera, Arthur Woods

MEMO *from Management:*

What Causes Inflation?

There's a lot of concern these days about tight money and high prices — and there's a lot of finger pointing as to who or what is to blame. Some say it's because wage increases have been exceeding the productivity guidelines established by the administration. Others say that profits are too high — companies should be reducing rather than raising prices. Another group believes that we have been stretching our economy beyond its capacity — you can't produce guns and butter without something giving way.

Well, you can imagine what a situation this could lead to if you brought a group of people together, each expressing one of the above viewpoints, and tried to get general agreement as to what causes inflation, and what should be done about it — “Keep wage increases moderate” — “Reduce prices, profits are too high” — “raise taxes” — “lower taxes”, and so on into the night.

It isn't surprising that there is disagreement on the causes and cures for tight money and inflation. There is no magic formula for curing these problems. Each industry, in fact, each company, must arrive at decisions based on its own economic situation. It is becoming increasingly apparent to more and more people that profits are vital to prosperity. Profitable companies have more money to spend on new buildings, new equipment — and all the other things that lead to the growth that creates new jobs.

We at Scovill have been working to improve our profits with some success. But we still have a way to go to reach the level of earnings necessary to do two important things — give a good solid foundation to existing jobs — and create new ones.

So we return to the original question: “What causes inflation?” There is no one answer. No single factor in our economy can be blamed exclusively. We do know that there must be a realistic relationship between costs and prices in every individual situation. It is our aim to achieve such a relationship at Scovill. This is one positive contribution that we can make towards a sound economy.

Christmas Mail For Overseas

Armed Forces Overseas

The period of October 21 to November 10 has been designated for mailing Christmas parcels and greeting cards by Surface Transportation to members of our Armed Forces overseas. For Air Mail parcels the period is December 1 to December 10.

The term Armed Forces overseas, includes personnel of our Armed Forces, members of their families, and authorized U.S. Civilians employed overseas, who receive their mail through an APO, New York, N.Y., San Francisco, Calif., or Seattle, Wash.; Fleet Post Office, New York, N.Y., or San Francisco, Calif.; or Navy Post Office, c/o Postmaster, Seattle, Wash.

Domestic Mail

Mail gift parcels for distant States before December 5, to insure delivery before Christmas. Gift parcels for local and nearby areas should be mailed not later than December 14. Greeting Cards for distant States should be mailed not later than December 10, and those for local delivery not later than December 15.

Alaska and Hawaii

Surface mail for Alaska and Hawaii should be mailed not later than November 30 and Air Mail not later than December 15, to insure delivery before Christmas.

General Information

In addition to the above information, Postmaster John J. Slattery says, “Know and use Zip Code Numbers on all mailings, for less handling and speedier dispatch, also all articles should be packed in boxes of wood, metal, solid fiberboard, or strong corrugated fiberboard, be sure to enclose in the parcel a slip showing the list of contents, and the name and address of Sender and Addressee.”

PATRICK D. GORDON, of the Gripper Eyelet Department, left on Sept. 10, 1966 to serve with the U.S. Marines—1 year of Scovill service.

DON S. GORCZYNSKI, of Shipping & Receiving, left on Sept. 9, 1966 for service with the U.S. Army—1 year service.

SERA Re-elects Executive Officers

Fourteen members of the Board of Directors were re-elected to serve another term and two new members were elected to serve their first year at the annual membership meeting of the SERA held Tuesday, September 13th.

Immediately following the membership meeting, the Board of Directors met to elect its officers. Re-elected for another term were: President Fred Kirschbaum, Vice President Joseph Fabiano, Secretary - Treasurer Ruth Peterson.

New members elected to the Board were: Rose Petti, Casting Shop Office; and Marion Green, Oakville Division. Re-elected were:—Fred Kirschbaum, Manufacturing Eyelet; Joseph Fabiano, Trucking; Ruth Peterson, Employee Activities; Ernest Allen, Attaching Machines; Edward Borowski, Carpenters; John Capone, Tin Shop; Carmen DiMaria, Electrical; John Dui-gan, Trucking; Robert Fumire, B & F Lab; Sue Guarrera, Cosmetic Div. Manager's Office; John Mitchell, Sr., Manufacturing Packing; Jean Ostroski, Group Insurance.

Elected as alternates were: John Deegan, Gripper Eyelet; Nepton Jaffer, Synthetic Materials Lab; Margaret Snowden, Gen. Products Tool Room; Len Synkowitz, Attaching Machines.

Shirley Errico, Wire Mill
10 years—Sept. 15, 1966

John L. Egan, New Milford
10 years—Sept. 16, 1966

John Kayser, Gen. Products Div.
New York Office
10 years—Sept. 24, 1966

Stamp Show

The Waterbury Stamp Club will hold its annual stamp show at the SERA on October 14, 15 and 16th. The exhibit will be open for inspection on Friday evening, starting at 7:00 p.m., all day Saturday and Sunday until 9 p.m.

Employees interested in stamps are invited to view the exhibits and collectors are invited to enter their collections. Space can be arranged for by calling Ext. 834.

Scovill employees wishing to attend the show may have free admission tickets by calling Ext. 834.

Retirements

HELEN YAKIMAVICH retired as of Sept. 1, 1966. A bench worker and miscellaneous press operator in Relay—24.4 years' service.

Effective Oct. 1, 1966

MARGARET BECKER, Horton press operator in Mfg. Packing—28.3 years.

TIMOTHY J. CRONIN, lineman in Casting—41 years' service.

HEDWIG GORSZWICKI, bench worker and miscellaneous press operator in Mfg. Packing—24.8 years.

CATHERINE HANSON, stenographer-clerk in Attaching Machines—almost 16 years' service.

BERNARD KUNTZWEILER, group-leader-janitors, Sanitation—27.8 years.

JULIA STACK, clerical supervisor-Invoice Billing in General Products Accounting—almost 49 years.

FRANCES ZUYUS, bench worker and miscellaneous press operator in Press 2—27.8 years' service.

Scandinavia Trip For Spring Vacation

A two-week trip to Scandinavian countries, starting May 8, 1967, is being planned as a spring trip for interested Scovill employees. The itinerary is being arranged and copies will be available soon. All interested in getting information are asked to call the Employee Activities Office.

Standard Time

Eastern Standard Time will go into effect officially in the state of Connecticut at 2:01 on Sunday, October 30. At about that time, all clocks in the Waterbury divisions will be set back one hour.

Your Voice In State Government

On November 8th, Connecticut citizens will vote for their representatives to the General Assembly for the first time in four years. Redistricting promises a whole new look for our legislature. It also provides an opportunity to re-evaluate the role of state government and improve its capacity to participate in the federal-state partnership.

For voters, redistricting means new districts and new political faces. The most drastic change will occur in the House of Representatives. Instead of one or two representatives from each town or city and a House of 294 members, the new House will have 177 members. Each lawmaker will represent approximately 14,000 people. To accomplish redistricting, cities have been subdivided and small towns grouped to form assembly districts.

In the past, candidates for the House of Representatives were nominated by town committees, local caucus or local conventions. Town and cities with two representatives elected them at large. Now, one candidate will be nominated by each party from each of the 177 assembly districts. Voters will elect one candidate from each district to represent them at the State Capitol.

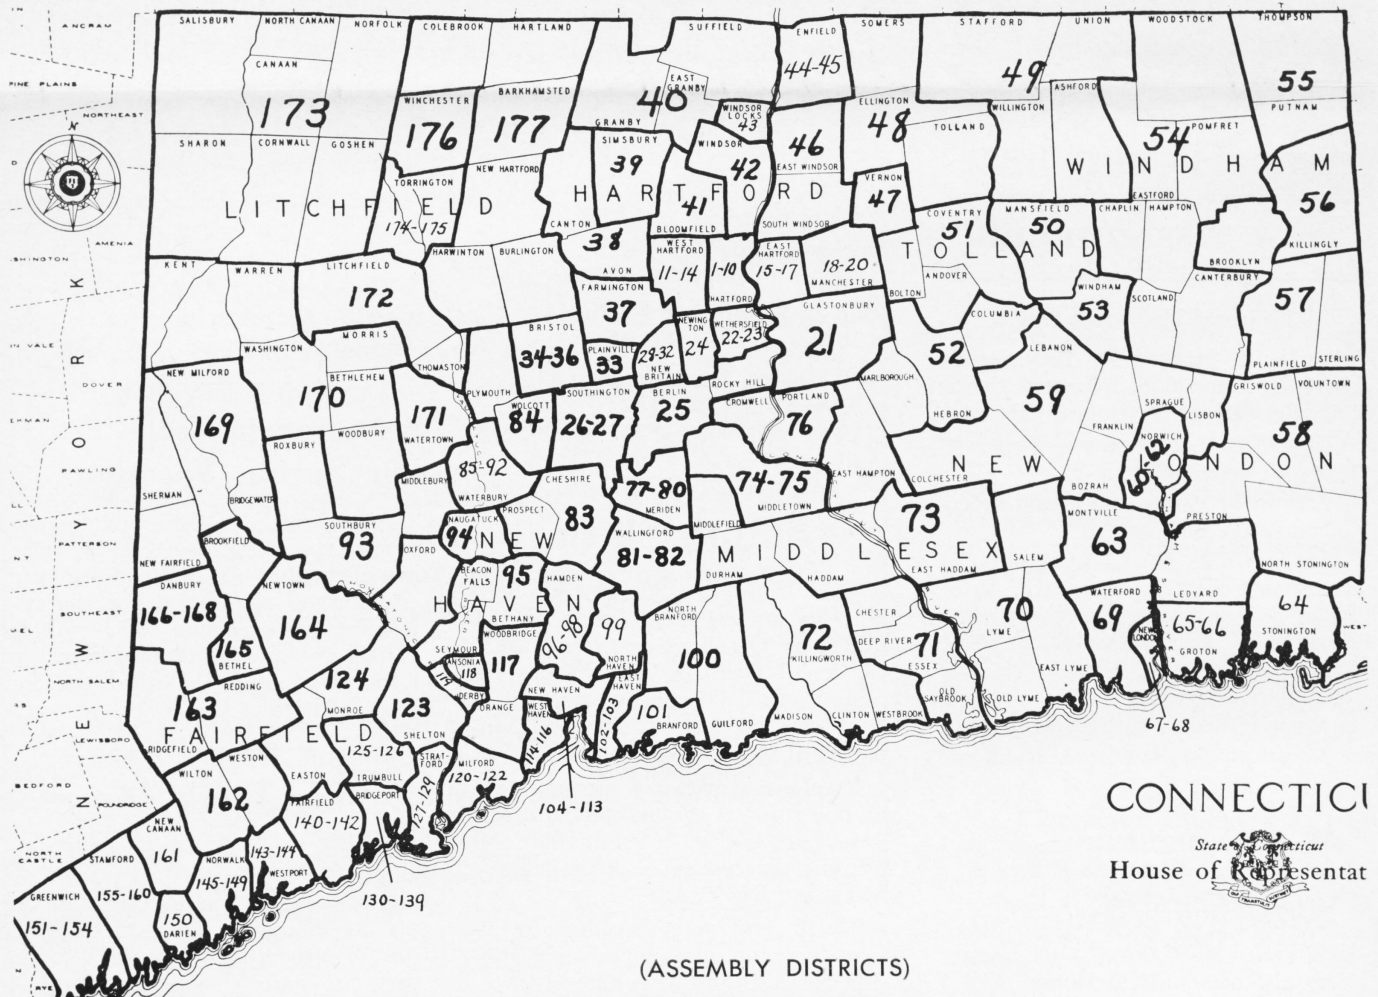

Thirty-one cities have been subdivided into as many as ten and as few as two for a total of 118 districts (see map). For example, Hartford, New Haven and Bridgeport each contain 10 assembly districts; Water-

bury has eight; Stamford six; Norwalk and New Britain, five each. Another 25 towns will have one representative each. Thirty-four multi-town districts include 113 towns in groups of from two to seven.

As for the State Senate, boundry lines have been redrawn to provide districts of approximately 70,000 people. The number of lawmakers remains the same—36. The three largest cities will have fewer senators under the realignment. Instead of four senate seats, New Haven will have two while Hartford and Bridgeport drop from three to two, each.

The maps below will help you find your political address. If you live in a city with several districts, consult your registrar of voters for your legislative district.

YOU'LL BE VOTING FOR:	IN DISTRICT:
U. S. Representative	— Congressional (there are 6)
Governor, Lt. Governor, Secretary of the State, Treasurer, Comptroller, Attorney General	— STATE
State Representative	— Assembly
State Senator	— Senatorial
Sheriff	— County (8)
Judge of Probate	— Probate

(ASSEMBLY DISTRICTS)

Your Social Security

A recent change in the Social Security Law effective October, 1966, provides for a special social security cash benefit to be paid to persons 72 years of age and older who could not previously qualify for benefits.

If you are single, this benefit is \$35 a month. If you are a married man and both you and your wife qualify for this special benefit, you may receive \$35 a month and your wife may get \$17.50. You can apply for this special benefit up to three months before the month you reach 72.

If a person is eligible for any periodic benefit under a governmental pension system, even if he has not yet applied for it, his special social security benefit will be reduced by the amount of the pension or payment. This reduction does not apply to any payment under Workmen's Compensation law or to a VA payment as compensation for service-connected disability or death.

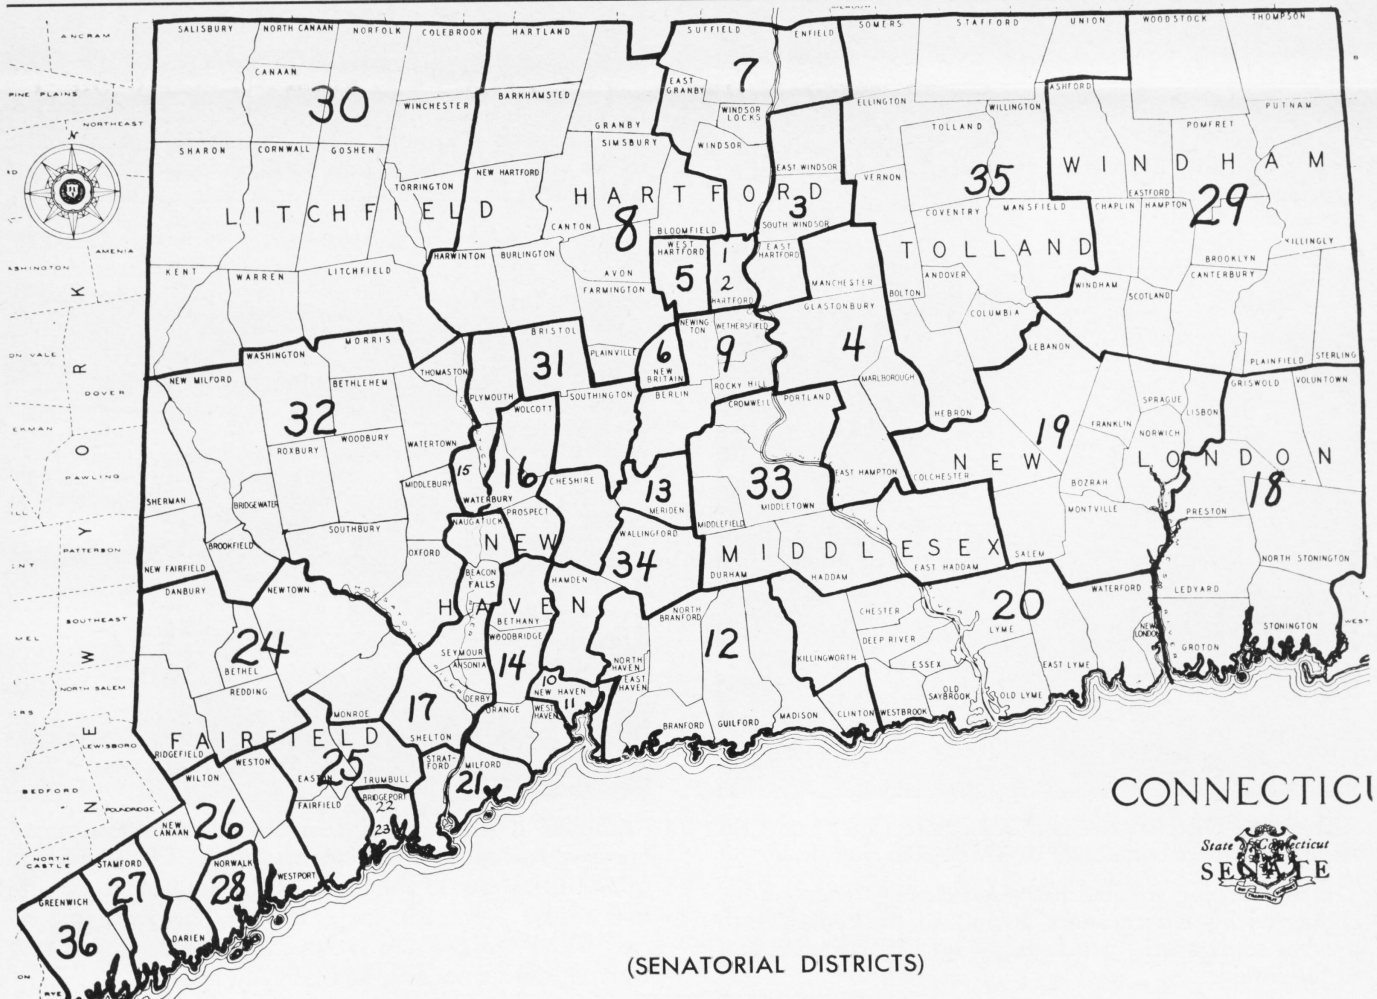

LEON MAYSHAW RETIRES. *Approximately 350 associates, co-workers, retired employees and friends gathered at the SERA to pay tribute to Leon Mayshaw on his retirement. Factory Superintendent of the General Products Division's West Plant departments, he retired as of September 1st with almost 33 years of service. The life-like portrait, presented to Mr. Mayshaw, was drawn by George Slater, former staff artist of the Bulletin Office.*

Pictured with Mr. Mayshaw are Group Vice President Norman Schlink, Jerry Wolff (now retired) and Gen. Products Div. General Manager C. A. Burnett.

Fire Prevention Now

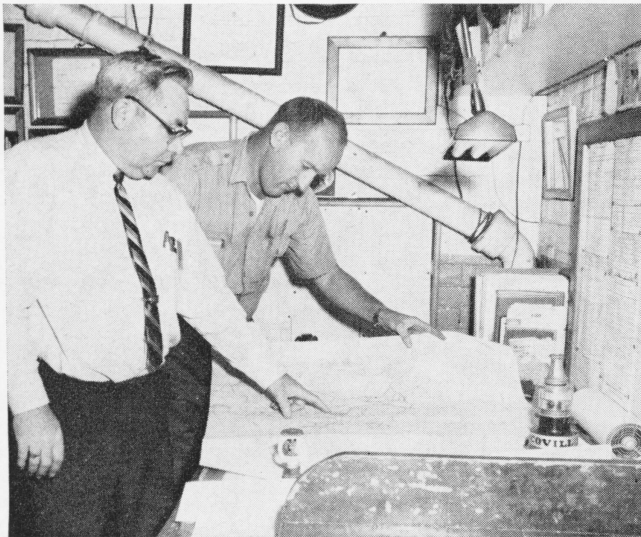

Two expressions are coming into more frequent use . . . *damage control* and *loss control*. They both mean about the same thing: prevention of accidents and fires. The increased concern is because loss of lives and dollars cannot be tolerated if industry is to fulfill its responsibilities to its employees and consumers of its products.

Fire Prevention Week (October 9 - 15) reminds again that we have much to gain or lose through our attitude toward fire. National industrial fire losses in 1965 were

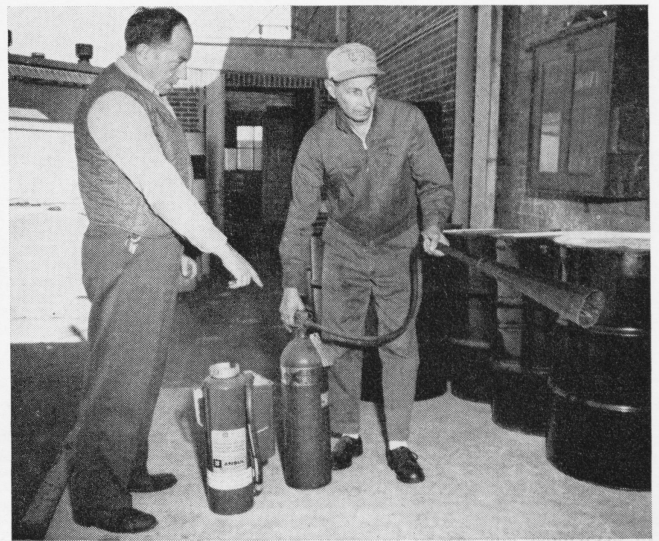

over a quarter of a billion dollars . . . over 52,000 fires.

We have the equipment to stop fire losses; we have many trained firemen and emergency crews; we know fire prevention is needed. We know that a good fire record such as we have earned can only continue if the effort to not give fire a place to start continues.

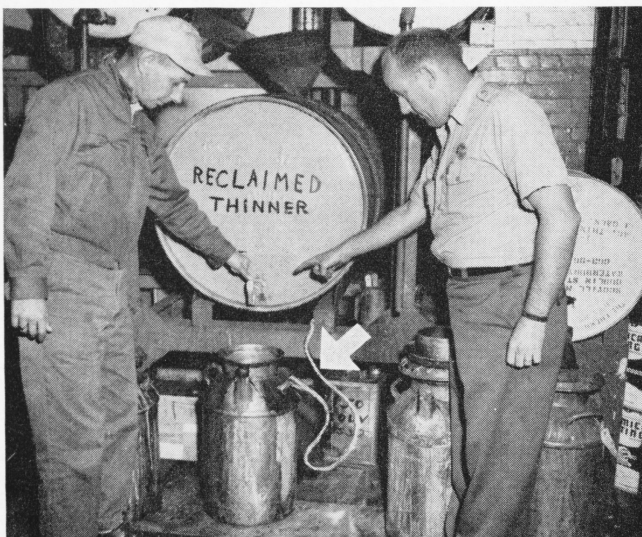

This is not fire fighting week. It is Fire Prevention Week. Keep your home and workplace safe from fire.

Fire Prevention Starts With Planning. Joseph Proulx (left), Heating & Ventilating Designer, and Cliff Aspinnall, Chief Fire Inspector, go over plans for Fire Prevention in some new equipment.

At the Oil House, Fire Prevention and Control instruction time comes around. "Red" Crispino, fire inspector, shows Gene Blanchette how to use extinguishers should a fire occur at the building or a vehicle in the area.

Also at the Oil House, Gene Blanchette (left) and Cliff Aspinnall inspect containers of flammable liquids.

The drum being checked has a self-closing faucet and is connected by a wire (note arrow) to the container to prevent static sparks which might set fire to vapors and to the liquid.

Readiness is the key point in fire control. Everything must work right in a fire emergency. So, it's 'round and 'round every day to some piece of equipment to be sure it is ready. Here, it's just a 'hydrant' but very important. "Red" makes sure it has not been damaged, isn't leaking, can be opened, and is ready to go.

Girls' Club News

By Nora Williams

The Council's first meeting of the "fall and winter" season was held on Monday evening, Sept. 19th.

Glowing reports were heard of the Club-sponsored trip to the "big city" and the cruise around the island. It also appears a good-sized group will be heading for the foliage tour and Cathedral of the Pines on October 1st, according to Chairman *Dorothy Chambers*.

We are most happy to welcome new members: *Mildred Normond*, Dept. 63; *Barbara Mastracchio*, Dept. 53; *Dolores Bradshaw*, Dept. 46; *Gail Devino*, Dept. 44; *Elizabeth Coleman*, Dept. 611.

Plans were made for the annual card party, to be held at SERA on Monday, October 17th, at 8:00 p.m. There will be "penny auction", door prizes and fun for all. Each member will receive a flyer with a ticket attached. It is hoped that as many as possible will attend. Receipts from the Card Party are used to help defray expenses of the Children's Christmas party, so let's all do our best to help this worthy cause.

The sale of Christmas candy and cards will get underway in another week or two. Club members in the various rooms will have samples for display purposes and will take orders.

Rod & Gun Club

By Walt Dziura

The Reeves' fishing competitions started in September and are in full swing. Fishing has been excellent both in size and number of fish caught. Here are results of the Sept. 10 and 11th contests:

Calico bass:—James Gilroy, 11 $\frac{5}{8}$ "; Harold Rogers, 11 $\frac{1}{8}$ ".

Perch:—James Gilroy, 11 $\frac{1}{2}$ "; Robert Fumire, 10 $\frac{1}{4}$ "; Wally Bergstrom, 10 $\frac{1}{8}$ ".

Black bass:—Wally Bergstrom, 18 $\frac{1}{2}$ "; Ed Zukauskas, 15"; Robert Fumire, 14 $\frac{1}{8}$ ".

Bullheads:—Lee Graham, 12 $\frac{7}{8}$ "; Henry Miller, W. Rogers, tied, 12"; R. Cray, 11 $\frac{3}{4}$ ".

Pickrel:—Henry Miller, 19 $\frac{1}{4}$ "; Robert Fumire, 18 $\frac{7}{8}$ "; Ray Curtis, Basil Bezuhly, tied, 17 $\frac{1}{8}$ ".

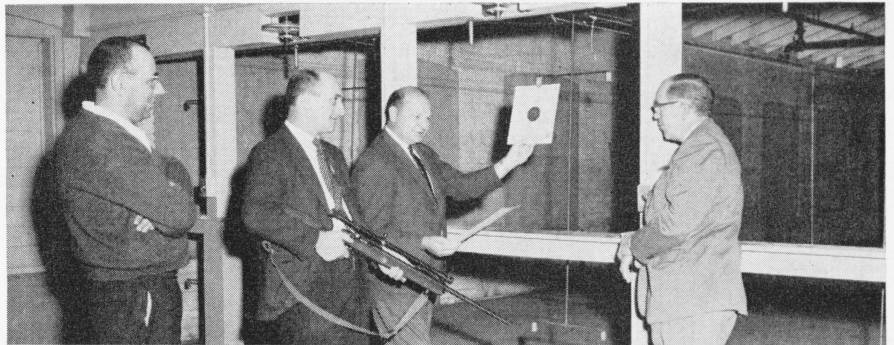

At the regular monthly meeting on Sept. 20th, it was noted summer fishermen are complaining that they have been neglected by stocking only trout and excluding pan fish. Even though the trout are there for catching all summer long, the Fishing Committee will investigate the cost of stocking some calico bass.

The rifle range is available for open shooting at 7:00 p.m. every Thursday during October. It is open to all members or their children. A range officer will be assigned whenever the range is opened.

League shooting will start early in November. Shoulder patches are available to members for \$1.00. Get yours now before they are sold out. Demand for them is great. Contact any Club officer.

Reeves Competitions are set for October 8-9; 22-23. The fall banquet is set for November 10th. Order your ticket now.

The next regular monthly meeting will be held Oct. 18th at 7:30 p.m. at SERA. Come on along, and bring a new employee with you.

SERA RIFLE RANGE IN READINESS. Final check of facilities and equipment at the new rifle range is made by (upper photo):—Rod & Gun Club president Paul Delage, Harold Slocum, SERA president Fred Kirschbaum and Employee Activities Manager Fred Wilson. Mr Slocum, expert rifleman and many-times national awards winner, worked with the men in designing and outfitting the range.

Harold Slocum Winner At National Matches

Harold Slocum this year again maintained his reputation as an expert marksman when he brought home honors achieved at the National Rifle and Pistol matches held at Camp Perry, Ohio:

A medal for 300 rapid fire in prone position, a medal for high civilian in the 600 yard slow fire Air Force Cup match, a medal for National Individual score; and a place in the President's 100 match.

During the year, he won 3rd place in the Eastern Regionals at Fort Dix, New Jersey; and 2nd place in the New England High Power Championship matches.

Fishing Ends

Notice—both ponds at Woodtick will close to fishing at midnight on Sunday, October 30th.

Volleyball

The Scovill Inter-departmental Volleyball League will start its season of play on Friday, October 21st, at 7:00 p.m. at the SERA.

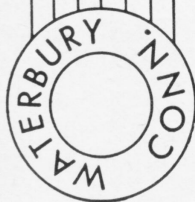

Several teams have already been lined up, however, all other teams, and individuals, are asked to get their names in as soon as possible so that league play can be scheduled.

Pinochle

The 53rd season of pinochle playing in Scovill will get underway on Thursday, October 6th, with a social hour to start at 6:30 p.m. Dinner will be served at 7:00 o'clock and the pinochle playing will follow.

Joe Brenneis, who has handled the arrangements of the annual tournaments since their start, invites all Scovillites interested in playing pinochle to come to the SERA any Thursday evening to join in. He says retired men are also cordially invited.
