Ideas Earn \$5,722 For Suggestors

President Malcolm Baldrige is greatly interested in hearing the prize winning ideas of Frank Klinzmann (center) who was awarded \$3,363 and Charles Mott, whose latest idea netted him a total award of \$1,467.

\$1,000 and Over Award Club

The "\$1,000 and Over Award Club" is off to a good start with the two top winners of July making a membership of three. The highest award to date had been made to Renaud LaChance who, last October, netted \$2,852 for one idea.

Frank Klinzmann, of Hot Forge Tool, is now the top winner with \$3,363 for his suggested method of producing aluminum fin blades for the U.S. Government which greatly cuts the cost of such production.

Charles Mott, of the Repair Room, has added another high award to his long list of suggestion awards. His latest netted \$1,467 for an idea concerning transmission modulators whereby some of the more expensive parts could be reused in assemblies.

Other Cash Awards

- \$292—Harry Bellemare, Closure Tl.
- \$240—Thomas Cullen, Grp. Eyelet
- \$120—Stanley Hypsh, Blanking Tl.

Four Vice Presidents Elected

Roger W. Hall Vice Pres. & General Manager Closure Div.
 Wayne E. Johnson Vice Pres. & General Manager Mill Products Div.
 Forrest W. Price Vice Pres. & General Manager Hamilton Beach Div.
 Joseph S. Stevens Vice Pres. & General Manager Oakville Div.

Scovill Reports Lower Profits

Scovill's report for the first half of 1967 shows a 19.3% drop in profits and a 11.6% decline in sales, compared with the same period last year. Comparative figures for the two six-month periods are summarized as follows:

	First Six Months	
	1967	1966
Sales	\$139,903,608	\$158,111,284
Profits after Taxes	4,823,023	\$ 5,977,596
Profits as % of Sales	3.4%	3.8%

President Malcolm Baldrige attributed the lower sales and profits to a slowdown in many of the consumer and industrial markets in which we do business. People are just not buying as much of such consumer items as appliances, wearing apparel and automobiles
 (Continued on Page 2, Column 3)

- \$60—Rocco Summa, Scrap; Roger St. Pierre, Aluminum Finish; Vincent Tedesco, General Products Toolroom
- \$30—Anna Opel, Cosmetic; Gaetano DeSocio, Garage

Over 100 letters of appreciation have been sent to employees whose submitted suggestions did not qualify for awards.

ROGER W. HALL came to Scovill as a salesman in 1950 and, in 1953, was named sales promotion manager of the Closure Division. He served as district sales manager in Atlanta, Georgia, from 1955 to 1959 when he returned to Waterbury as an assistant on the staff of the general manager. In turn, he has served as product manager of the Slide Fastener Division, product manager of the Button & Fastener Division and, since 1963, as General Manager of the Division.

WAYNE E. JOHNSON joined Scovill in 1946 as an enrollee in the Advanced Training Course. Upon completion of the course, he was assigned to the Metals Research Dept. as a technical service engineer. He was later appointed to positions of assistant superintendent of the Casting Shop, general superintendent of the Mills, and assistant operations manager of the Mill Products Division. He was named General Manager of the division in 1964.

FORREST W. PRICE comes to Scovill from General Time Corp. where he had served as general manager of its Seth Thomas Division. Previous to joining General Time in 1961, Mr. Price was president of the Sylvania Sales Corp., a subsidiary of General Telephone & Electronics Corp. From 1946 to 1955 he had been director of marketing of Columbia Records, Inc.

As Vice President and General Manager of Hamilton Beach Division, Mr. Price will be responsible for the pro-

MEMO *from Management:*

The 500 Largest

Each year at about this time, FORTUNE Magazine publishes its Directory of the 500 largest industrials in the United States, listing them in order of their sales volume for the previous year.

In the newly issued Directory, Scovill continues to move ahead, from 257th place in sales in 1965 to 242nd place in 1966. This indicates that our relative sales growth among the 500 largest industrials continues at a steady pace.

The FORTUNE Directory also shows the relative profitability of the 500 largest industrial concerns in the U.S. In this respect, we usually find that we rank lower, even though our relative position has been improving each year. For example, in 1966 our profit on sales was 4.1% placing us in 350th place. This means that in 1966, there were 241 companies with sales higher than ours, but 349 with a higher profit return on the sales dollar.

How FORTUNE will rank us for the current year is difficult to predict at this time. For the first six months, we are reporting reductions in both sales and earnings as compared to the same period last year. But many other companies in other important industries are also reporting reductions for the first half of the year, so we may well be holding our relative position in the FORTUNE Directory.

There is one thing different about 1967, however. For the first time in many a year, we no longer have the support of a rising business economy. Many of our customers are ordering less from us, either because their sales are down or their inventories are too high. At the same time, many of our costs of doing business continue to increase. It is a challenging situation which will require our best efforts. We are confident that Scovill is truly a growth company and that we are capable of more than holding our own in a competitive business economy. It's up to us to prove it in the period ahead.

Woodtick Area Closes Labor Day

Labor Day will mark the official closing of the Woodtick Recreation Area where thousands of employees, their families and friends have spent many relaxing, fun-filled days.

The group picnic area will be available for group or department picnics as long as the weather remains compatible. Outings have been booked al-

ready into September so if you are planning to have a fall outing, better get your reservation in to the Employee Activities Office soon.

Fishing at the swimming area on the lower pond will resume at 6:00 a.m. on Tuesday, September 5th.

The 20th season of the SERA Children's Day Camp will close Sept. 1st.

New Assignments

Cosmetic Div.

W. A. ROOT—Finishing Engineer, Montross, Virginia plant

General Products Div.

WALLACE G. DUNN—General Foreman of all departments in Bldg. 136, M-219 Fuze

ROY FUMIRE — Asst. Foreman of Gripper Eyelet, Depts. 69 and 370.

L. DALE NOREN — District Sales Manager of the Cleveland Office

H. A. SOPER, JR.—Special Assistant to the District Sales Manager of the Cleveland Office

Mill Products Div.

JAMES BURNS—Foreman, 2nd shift, Wire Mill

RALPH DADDESIO — Foreman, 1st shift, Wire Mill

JOHN T. FOGARTY — Employee Relations Manager, Mill Products Div.

HAROLD E. HOLE — Midwest Regional Sales Manager

D. F. PRIBBLE—District Sales Manager, Chicago

C. W. SHAROT—District Sales Manager, Milwaukee

Waterbury Services

JAMES BOYLE — Asst. Director of Planning in addition to his present responsibilities as Chief Methods-Systems Engineer

HERBERT FALLER — Chief Wage Administrator - Bargaining Unit Payroll, Planning Dept.

Scovill Reports

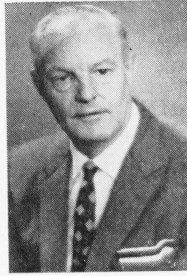

(Continued from Page 1, Column 2)

as they were last year. Brass mill customers are also ordering less than they were a year ago in order to reduce inventories accumulated when copper was in short supply.

Mr. Baldrige stated that it was still too soon to predict when this inventory situation would correct itself and when the consumer would start buying our type of products in a more aggressive manner. He noted that the outlook for the balance of the year is favorable, with most economists predicting an upturn in consumer products.

Hands Off! — The Workpiece

Cause, Prevention of Too-Frequent Drill Press Accidents

DON'T — Accidents happen when an attempt is made to hold the workpiece in the left hand while bringing the drill down with the right. The drill will sometimes grab the workpiece and spin it causing injury to the hand holding it.

DO — Place the workpiece in a vise which holds and prevents a spin. Note that the vise is kept from spinning by its placement against the back frame of the machine. It's easier and less risky to clamp the work on these jobs. So, please, hands off the workpiece!

Obituaries

ANTHONY MENTUROWICH died on June 8, 1967. Retired, Repair Room, in May, 1949—27 years' service.

WALTER GOMOSKI died on June 17, 1967. A stripper—rack trays and refinisher, Lacquer Room—21 years.

RAYMOND NEEDHAM died on June 17, 1967. Retired, Attaching Machine in May, 1963—20 years' service.

DAVID O'NEIL died on June 22, 1967. Retired, Steam Dept., in February, 1960—34 years' service.

CHARLES DUBUQUE died on June 26, 1967. Retired, Millwrights, in January, 1961—33 years' service.

JULIA BRONSON died on July 4, 1967. Retired, Press 2 in February, 1961—18 years' service.

JOSEPH HENCH died on July 8, 1967. Retired, Slide Fastener Tool Room—35 years' service.

JAMES CUMMINGS died on July 10, 1967. A floorman in Fuze A Dept.—14 years' service.

GEORGE DOYLE died on July 10, 1967. A toolsetter in Gripper Eyelet Dept.—12 years' service.

ANIELLO DESANTIS died on July 11, 1967. Retired, Blanking Room in July, 1955—37 years' service.

MARY SHARKA died on July 12, 1967. Retired, Sanitation Dept., in August, 1959—16 years' service.

PAUL BISAILLON died on July 20, 1967. Mr. Bisailon had been accepted as a toolmaker apprentice in the General Training Course on July 18th.

JOHN L. SMITH died on July 22, 1967. Foreman of 2nd shift activities in the General Products Division when illness forced him to leave in November, 1966—30 years' service.

MICHAEL FASCIONE died on July 28, 1967. A millwright in the Millwright Dept.—26 years' service.

Girls' Club News

By Sandra Goldberg

Having accepted the assignment of Reporter, I submit my first column and ask your cooperation in reporting newsy events which would be of interest to our Club members. If you have any such items, please call me on Ext. 777.

Our last trip, just before the shutdown, was to Expo '67 and from all reports, it was a most memorable trip. Other trips are being planned so be on the lookout for flyers with details.

Summer is here, and so is picnic time. Our annual picnic is slated for Monday, August 7, at Woodtick. Hope to see you there.

Della Riccio, Bowling League Secretary, reports another season of bowling will start on Thursday, Sept. 7th at 5:00 p.m. at Sena's Recreation Center. All women employees interested in bowling, either as a regular or a substitute, are asked to contact Della, Ext. 2327.

Rod & Gun Club

By Vinnie Manzolli

Our June meeting was held at the picnic area where a hamburger and hot dog roast was enjoyed prior to the meeting. The Fishing Committee reported good bass and calico fishing at Woodtick.

Winners in the June 3rd Children's Fishing Contest were:—

3-6 years age group:— 1st prize—Cort Holland with 9-5/8" calico; 2nd prize—Mark Weber, 8-7/8" bullhead; 3rd prize—Tom Delage, 8-5/8" perch.

7-11 years:— 1st prize—Tom Rodgers with 11-3/4" trout; 2nd prize—Mike Iaiennaro, 10-5/8" calico; 3rd prize—Paul Weber, 9" bullhead.

12-15 years:— 1st prize—Mike Aleksinas with 8-1/2" perch.

The many boys and girls who competed had a really fine day. And, speaking of fine days, some of our fishermen did, and some did not, have some during the month of June.

In the upper regions of Canada, Joe Yinkosky caught a 39"-14-1/2 lb. Great Northern Pike; Fred Kirschbaum, a 25-1/2"-5-3/4 lb. lake trout, while Lou Quatrochi got only a 2-1/2 lb. brook trout. Rumor has it that the most enjoyable part of that trip was the "food" prepared by Chef Quatrochi.

Up at Lake Munsingun, Maine, although the weather was extremely cold, Norm Schaffer managed to hook a 13 lb. lake trout while Art Schuyler landed a 3-1/2 lb. landlock salmon. Better luck next year, fellas.

Some good luck was enjoyed by Howard Laire, Leo Beck and Joe Galvin off Point Judith, R.I., where they ran into a mess of 12 to 15 lb. cod.

Basil Bezubly caught himself a 9 lb wall-eye in Vermont, while Roy Fumire continues to prove to his fellow fishermen that he is the best trout catcher on the Housatonic, getting his limit time after time. Ray Ladden, please note!

Joe Goggins and Ed DeBisschop were a little disappointed at Conn. Lakes in New Hampshire where they caught many salmon, but all were undersize.

Bill Vining and Dick Northrop were not so lucky fishing the Thames this year, while Charlie Rimkus complains of his inability to catch trout at Quassy due to the overabundance of motor boats on the lake.

All in all, it would seem that our fishermen are really getting out and trying their luck. Hope to hear some fine reports of vacation trips.

Here's an important date to remember—and mark on your calendar—August 19th, the annual outing at Woodtick.

We hear the sun is again shining in Philadelphia—the birds are singing more cheerily—everyone's disposition is sunnier—the world's a much happier place—all because Dorothy Taggart is back at her desk after a long and serious illness. On behalf of all the personnel in Philadelphia and all of us here in Waterbury, Dorothy, —welcome back!

Your Social Security

The social security account number assigned to an individual is his number—the number to which his earnings under social security are credited.

To be sure that the record of all his earnings are accurately reported, the employee should show his social security card to his employer who will copy the name and number exactly as it is shown on the card.

A worker should never attempt to rely entirely on his memory when asked to supply his social security account number. There have been over 140,000,000 different social security account numbers issued since 1936. One incorrect digit might result in your earnings being credited to someone else's account or not being credited at all. The result of improperly reported earnings could result in lower benefit payments to a worker and his family.

SCOVILL REPRESENTED AT OPENING OF NEW DISTRIBUTION CENTER

A colorful display of Scovill mill products and literature were on exhibit at the official opening of Industrial Metals, Inc. new service center in Tulsa, Oklahoma recently. Mill Division representatives were on hand for the event as well as Don Chandler of the Green Bay Packers professional football team.

Distributors or, as they are more accurately referred to, "Metal Service

Centers", have become one of the most important means of increasing sales volume of our Mill Products.

Starting nearly 20 years ago with a small office and warehouse in Kansas City, Industrial Metals Inc.'s history has been one of constant growth, until today when it operates six modern metal service centers in the Midwest. The company's annual sales volume exceeds 12 million dollars.

Pictured above, at the opening of the new Tulsa service center are:—

Jack Miller, Brass Products Manager of Industrial Metals; Peter Anderson, representative of E. A. Harbeck Co. of St. Louis, Mo.; J. C. Halliburton, manager of the new Tulsa warehouse; A. B. Woodward, Scovill's previous midwest regional sales manager; Don Chandler of the Green Bay Packers; G. T. Underhill, Distributor Services Manager for Scovill; and W. G. Hobstetter, Jr., president of Industrial Metals, Inc. of Kansas City, Missouri.

Mr. Woodward retired as of July 1st and Mr. Hole has been appointed Midwest Regional Sales Manager.

FOREMEN HOLD ANNUAL PICNIC AT WOODTICK

A capacity crowd was on hand for the annual get-together of the Scovill Foremen's Club at Woodtick prior to the shutdown. An opportunity to just visit and chat, to participate in strenuous or not so strenuous sports, and to partake in a delicious repast and refreshments were the agenda of the day. Golfing members started the day with matches at the Chase Country Club.

Husband-Wife Team Retire

Dallas and Mary Wyant are the second husband and wife team to retire from active service at the same time. Dallas, a toolsetter in Chucking, had accumulated 25.3 years of service while Mary, a rack repairer in Cosmetic Finishing, had acquired 15.9 years.

Retiring on May 1st, the Wyants packed their bags and flew to Nebraska for a long-promised visit to their son who is studying for his Master's Degree at the University of Nebraska.

Upon return, they dropped into the Bulletin Office and happily recounted their experience with Editor Margaret Fenske. Their next trip, which they hope to make real soon will be to visit relatives and friends in West Virginia.

Mr. and Mrs. Wyant are among the more than 300 employees who have completed the eight two-hour discussion sessions of the Company's "Looking Forward To Retirement" program. They praise it highly and suggest that all employees, over 55, regardless of how soon they plan to retire, sign up for the interesting and informative program.

ROBERT DION left on May 25, 1967 for service in the U.S. Army. In Scovill since March, 1966, he had been a productive helper in the Continuous Strip Mill.

JOHN MARSHALL left for service with the U.S. Army on June 30, 1967. A punch press operator in Blanking, he came to Scovill in July, 1966.

JUNE RETIREES (PICTURED PAGES 6, 7) TOTAL 290 YEARS

- (1) Blanking Room employees feted Foreman John Larkin (47 years of service) and Rocco Galasso, press operator (41 years) on their retirement.
- (2) Elizabeth Affe received tribute of fellow workers in Bldg. 112—Cleaning, on her retirement with 31.5 years of service.
- (3) Louis Beccia had accumulated a service record of 26.2 years. He had been in the Maintenance Division of the Casting Shop.
- (4) Alfonso Cybulski of the Foundry brought 39 years of service to a close with his retirement as of June 1, 1967.

ROBERT MOONEY left on June 30, 1967 for service in the U.S. Army. In Scovill since August, 1965, he was a toolsetter in Gripper Eyelet.

VERNON RODGERS left to enter military service on June 21, 1967. A floor-man-jitney driver in Hot Forge, he had been in Scovill since November, 1966.

WILLIAM TULACRO left for 20 weeks active duty with the U.S. Army on June 30, 1967. A toolmaker apprentice in West Machine, he has been in Scovill since April of this year.

"Looking Forward To Retirement"

The fourth year of these retirement planning sessions will resume early in September. Those having applications in will be notified as to their starting date. Others interested may get full details by contacting Charles Rietdyke, Employee Relations Dept.

Retirements

Effective July 1, 1967

DOMENICO BATTELLI, productive helper in Casting—27.4 years' service.

JOSEPH BOCHICCHIO, helper Millwright Maintenance—24.4 years.

NANCY CAVELLO, miscellaneous machines operator and bench in General Products Packing—45 years.

MAURICE CONNORS, foreman in Casting—27 years' service.

SEBASTIAN D'ANDREA, supervisor of Press and Coil Winding in Relay—43 years' service.

NILS MALMBERG, unit assembler in Attaching Machine—25.6 years.

ANTHONY MITCHELL, rackmaker in Repair—25.4 years.

FRED PIERPONT, storekeeper in General Stores—24.4 years.

FRANK PUGLIESE, oiler, maintenance and floorman in General Products Tool room—26.4 years.

GIACOMO SCIARRA, oiler-maintenance in Casting—22.7 years.

LUIGI SEQUENZA, productive helper in Casting—34 years.

CORNELIUS SHEA, maintenance-leadman in Millwrights—33 years.

MARY SHELLEY, duplicating machine operator in Addressograph—42 years' service.

ARTHUR WOODWARD, regional sales manager in Mill Products Division—Chicago—38 years' service.

Effective August 1, 1967

LOUISE D. FOELL, miscellaneous presses and bench operator in Relay—18.2 years' service.

DOROTHY H. MELLON, balance and packing inspector in Closure Packing—26.4 years.

WEBSTER P. O'NEILL, Assistant to Controller, General Products Accounting—41 years' service.

Airtronics, Inc., a subsidiary of Scovill, and served in that capacity until that subsidiary was sold.

He returned to Waterbury as assistant general manager of the General Products Div. and served in that capacity until 1963 when he was named general manager of Oakville Div.

WELL WISHES, REMEMBRANCES GIVEN TO RETIREES

- (1) James Griffin was serving as a supervisor in General Products Packing when he retired with a record of 45 years of Company service.
- (2) Clinton Harrell, 25.7 years of service, was the honored guest at this gathering of the men in the Casting Shop's Scrap Room.
- (3) Kaspar Krank had completed 16.8 years of service when retiring from the Japan Room as of June 1st.
- (4) James Stevens received the well wishes of his co-workers in the Closure Tool Room as he wound up 18.4 years of service at retirement.

New Haven College

Waterbury Extension

Employees interested in the possibility of a Waterbury Extension of New Haven College (as per information on posted notice) may pick up a survey form at the Employment Office. These forms must be completed by August 15th. An indication of interest is not a commitment to take a course.

Being considered are third and fourth year courses for holders of an Associate Degree or its equivalent.

Employees Donate 233 Pints Of Blood

A total of 270 employees appeared at the June 20th annual pre-vacation Employee Blood Donor Day to donate a unit of blood before taking off on their vacation holidays. A warm and sincere "thank you" is issued to these people as well as to Co-chairmen for the day Tom Gifford and Harold Slocum.

The day was assigned to the General Products Division but employees from all sections of the plant came in to contribute a net total of 233 units.

Special gallon pins were awarded to:

4-gal.—Elbert E. Coley

3-gal.—Eugene Ostroski, Alfred M. White

2-gal.—Joseph Santoro, Wilbur Freeman, John Barth, Alphonso Ranaudo

1-gal.—Stanley Tuttle, Ingeborg Mrosek, Joseph Ruggiero, Anita Barrieau, H. Ernest Eggleston, David Milson, Alton Milton, Joseph Arnone, Harold Bovat, Dominic Farina, Florence Barbieri, Joseph Gilroy, Joseph Grenus.
