

SCOVILL BULLETIN

DECEMBER, 1967

Published by Scovill Manufacturing Company for its Employees

FRANK FINO IS THE WINNER OF THE 1967 FORD MUSTANG SPRINT

Scovill Executive Vice President John Helies and Scovill Local President Michael Exarhou assure Edward Borowski he has "stirred up the tickets" well enough to draw the winning number.

Right:—Scovill President Malcolm Baldrige turns over keys to the 1967 Ford Mustang to Frank Fino, of our Transportation Dept., as Mrs. Fino stands by ready to help Frank drive the prize home.

Parking Fees End As of January 1st

For many years, those employees who were assigned "in-plant" parking spaces were charged a \$6.00 annual fee. As of January 1st, that fee will be abolished and "in-plant" parking will become a matter of privilege extended to qualifying employees. These include all those who have already been assigned and display the Scovill "Parking" sticker for the proper area on their car.

In assigning possible vacancies, consideration is given to employees who are designated by our Medical Dept. as disability cases requiring an assigned space and employees who are required to use their cars regularly on Company business during working hours. Lack of public transportation and seniority are also considered.

In response to a directive from fire and insurance officials, parking will be banned in certain areas where, in a possible emergency, parked cars would interfere with the safety of life and property.

(continued on page 2, col. 1)

"Holiday Special" Blood Day, Dec. 7

Thursday, December 7th, is the date set for the fourth and final visit of the Blood Mobile Unit to Scovill for this year.

Designated as a "Holiday Special", this visitation gives all employees an opportunity to share the greatest gift of all — the gift of life — with someone less fortunate.

The Blood Mobile Unit will be set up in the SERA Building from 11:00 a.m. to 5:00 p.m. As usual, it will be manned with trained nurses, doctors, clerical workers and the wonderful ladies of the Red Cross Canteen who, together with the SERA, provide delicious refreshments for the donors.

The last Blood Mobile Day on August 24th netted a total of 251 pints of blood. In reporting on the visitation, the BULLETIN erroneously stated this set an all time record in Waterbury for contributions in one-day visitations to industrial plants. It should have read "for this year" as the Bristol Company employees had contributed 291 units in 1966.

Excitement and anticipation were in the air at the SERA Building on Friday, November 10th, as employees gathered to watch the drawing for a winner of the 1967 Ford Mustang Sport Sprint which was being awarded as the prize in a special Suggestion Contest held between September 5th and November 5th.

Edward Borowski, Local 1604 Divisional Steward drew the winning number from over 350 tickets which had been assigned to employees as they submitted qualifying suggestions during the contest period. Winner of the prize was Frank Fino, driver in our Transportation Department.

Vice President George Goss deposited the tickets in the "wishing well". Suggestion System Coordinator William Armour was in charge of the contest.

The earlier date was chosen this year in order to give all employees an opportunity to participate before the holiday festivities and rush for gift shopping begin. Scovill employees have always been quick to respond to calls for help to the less fortunate and it is expected that they will this time set the all-time record of blood donations given by industrial employees.

SEASONS GREETINGS

On behalf of the Company, I wish each of you a Merry Christmas and a Happy New Year.

May you and your families be guided and sustained by the true spirit of Christmas, during the holiday season and the new year that follows.

Sincerely,

Malcolm Balduge
President

On behalf of Scovill Local 1604, UAW, I wish to extend a Merry Christmas and a Happy New Year to all Scovill employees and their families.

Sincerely,

Michael Easton
President
Scovill Local 1604, UAW

Parking Fees End January 1

(Continued from Page 1, Col. 1)

In order to provide adequate parking for visitors and for inter-plant travel, it will be necessary to re-arrange a portion of our presently assigned areas.

Our Plant Protection Department will implement these new parking regulations. Employees involved in such changes are requested to cooperate fully with the guards, who are

charged with this enforcement. Please do not ask them to make an exception.

Special attention is again directed to the new "free" parking areas, recently completed for the convenience of East Plant employees—the Ambrose Street lot and the Hamilton Avenue area. Questions pertaining to assigned parking should be referred to your immediate supervisor.

Christmas Mailings

Postmaster John J. Slattery reminds our readers of the final deadlines suggested by the Post Office Department to make sure all Christmas mail is delivered on time.

Armed Forces — Air Mail gifts and greetings — December 11th. (Deadline for surface mail was December 1). Special attention will be placed on the delivery of mail to servicemen in Vietnam and the surrounding area. Be sure to use the APO and FPO numbers on all overseas military mail.

December 10—greeting cards to distant states

December 13—gifts and greeting cards to nearby areas

December 19—Domestic Air Mail for gifts and greeting cards.

December 10—Domestic Air Mail for gifts and greeting cards to areas on heavily traveled air routes.

Mr. Slattery also announces the distribution of Christmas Kits consisting of "local", Connecticut and Out-of-Town wrappers to each residence in the city. Following the instructions in the kit as to the proper use of the wrappers, will enable the Post Office to speed the delivery of your greetings.

In-Plant Mailings

If you are sending cards to associates within the plant, be sure to write out the department name in which the person is employed. Do not use department or building numbers.

Please do not bring in your personal Christmas cards for mailing from the plant. Our Mailing Dept. is swamped with the regular business mail and cannot handle personal mailings.

SERA Sports

Rifle — Eight 5-man teams started play on Friday, December 1st. They will shoot on Thursdays and Fridays at 7:00 p.m. (2nd shift team time to be set).

Basketball — Six-team league. 1st round started on Tuesday at 7:30 p.m. at SERA. Teams include four from Fuze C, one from Chucking, and one from the Machine Rooms.

Volleyball — League competition started on Friday, December 1st. Play will be on Fridays at 7 p.m. Three teams entered include Misfits, Extrusion and Closure.

Anyone interested in participating in the above sports is asked to call the Employee Activities Ofc., Ext. 834.

Company and Union Win Harmony Award

Another "first" was established for Scovill and for Local 1604-UAW recently when they were presented the Connecticut Industrial Harmony Award at a dinner held in Hamden. It is the first award to be presented by the Connecticut Republican Labor League.

In announcing the award, League president Joseph Klinski noted the long period of labor peace at Scovill as well as the "Looking Forward to Retirement" educational program jointly sponsored by Scovill and Local 1604. This program has received national recognition as the first such program to be established in the country.

Twin plaques, commemorating the award, were accepted by John W. Moore, Jr. director of corporate employee relations at Scovill, and Thomas Curtin, vice president of Local 1604. Other Company and Union representatives also attended the dinner.

Holiday Schedules

Christmas Shutdown

Waterbury Divisions and Services will close at the end of the work day on Friday, December 22nd, and will reopen at the start of the first shift on Wednesday, December 27th, in celebration of Christmas.

New Year's Shutdown

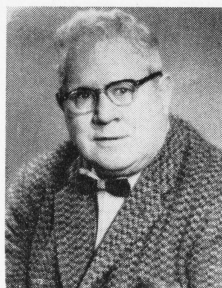

In celebration of New Year's, the Waterbury Divisions and Services will close after four hours on Friday, December 29th, and will reopen with the start of the first shift on Tuesday, January 2, 1968.

Any variations from the above schedules will be by individual or departmental notice.

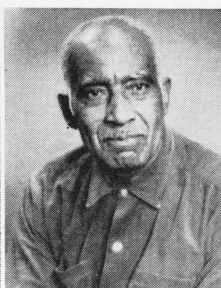

Kids' Christmas Party

The annual Christmas party for children and grandchildren of Scovill employees will be held on Saturday and Sunday, December 16 and 17th, at the SERA from 2:00 to 4:00 p.m., under the sponsorship of the Scovill Girls' Club.

Tickets are available at the Employee Activities Office and are limited to children and grandchildren (between the ages of 2 and 10) of

Training Course

TOOLSETTER. Albert Dobkins was graduated as a tool-setter as of November 13, 1967. He has been assigned to the Gripper Eye-let Dept.

ELECTRICIAN. John Grisco was graduated as an electrician as of November 20, 1967. He has been assigned to the Electrical Maintenance Dept.—East Plant.

ELECTRICIAN. Dennis Kosakowski was graduated as an electrician as of November 13, 1967. He has been assigned to Electrical Maintenance—East Plant.

TOOLMAKER. William Rehbein was graduated as a tool-maker as of November 6, 1967. He has been assigned to the Gripper Eye-let Tool Room.

New Assignments

Plant Engineering

WILLIAM BROWN—Foreman, Box Shop

Retirements

Effective December 1, 1967

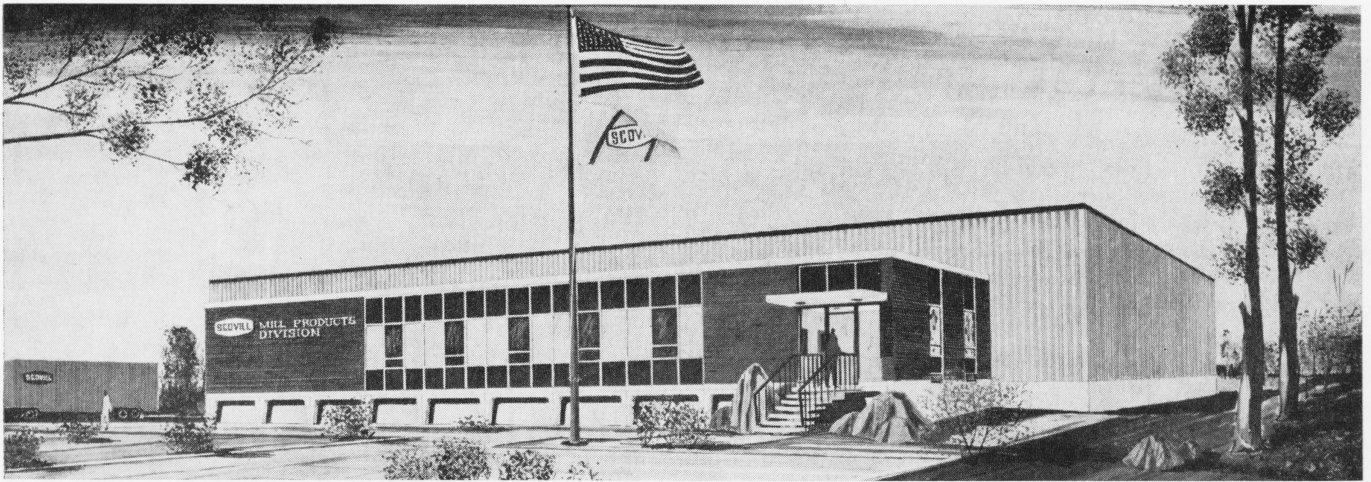

SOPHIE BONISTALLI, telephone operator in the New York Office — 45 years' service.

PASQUALE MORRONE, mason and brick layer in General Maintenance — 11.1 years' service.

DONALD F. SPELLMAN, Assistant Foreman, 2nd shift, in Cosmetic Container Division's Manufacturing section — 27 years.

Scovill employees. This restriction has to be placed because of the space limitations and fire regulations.

Tickets are being issued on a first-come, first-served basis and employees' cooperation is asked in obtaining tickets only for children who qualify.

SCOVILL OPENS NEW MILL DEPOT AND OFFICE BUILDING IN JACKSON, MICHIGAN

This new, modern 24,000 square foot building was opened on November 15th in Jackson, Mich. to serve our brass, copper and aluminum mill products customers in Michigan, Northern Indiana and Northwestern Ohio.

Located in Jackson, Michigan's MICOR Industrial Park at 2218 Enterprise Road, the new Scovill mill depot and office building is equipped with the most modern storage and material handling equipment to provide overnight deliveries by truck to metal-

working plants and other customers within a 200-mile radius. The Company will also maintain special trucks for emergency and rush deliveries to all points within the area.

The mill depots and offices formerly in Detroit and Sturgis are being moved to Jackson where the Mill Products Division will maintain a stock of brass and copper strip, sheet, rod, wire and tube in a comprehensive range of commercial alloys, tempers, shapes and sizes, as well as "Truspec" aluminum sheet.

Mr. William M. Dawe has been appointed District Sales Manager of the new facility according to Mr. Calvin W. Seeley, Scovill Regional Sales Manager of Mill Products who notes that Mr. Dawe came to Scovill in February of this year as a sales engineer with 20 years of experience in the brass and aluminum fields, including 10 years as General Sales Engineer at Aluminum Company of America.

Your Social Security

Disability payments under social security are no longer limited to persons with "permanent" disabilities.

Monthly benefits can now be paid, if the insured worker is under a disability which has lasted, or can be expected to last, for 12 calendar months or longer.

For payment to be made, the worker's disability must be severe enough to prevent him from doing not just his regular work, but any substantial gainful work. A person's training, age, and work experience are considered in determining disability. Generally, a person must also have 5 years of work under social security in the 10 years before his disability to qualify for benefits.

Whether or not a person is found eligible to receive disability insurance benefits, he may be offered help in improving his condition and in preparing for, and finding work. This is because when a person files an application for social security disability benefits, the State Vocational Rehabilitation Agency is provided with the details of the case.

Disabled persons not now receiving disability benefits are advised to get in touch with their local social security office if they have any questions or wish to file a claim.

Girls' Club News

By Sandra Goldberg

Well, here we are again with a little news for you. By the time you read this, I hope you will have recovered from your Thanksgiving feast of turkey, fixins' and sweets. Speaking of sweets, don't forget to get your candy for Christmas. Also, the cards are on display at the SERA.

Dorothy Chambers is all excited by the number of members knitting caps for our Christmas baskets. She thanks all heartily even though she knows your warmest thanks will come from the young children who will receive them. Keep 'em coming in, girls!

While one trip was planned to New York last month, a second one had to be conducted on the Saturday after Thanksgiving to take care of the girls who had to work the week before. Both trips were fully subscribed and a marvelous time had by all.

Dot has plans all set for a bus trip to Hartford on Tuesday, December 5th. You can get in some Christmas shopping or just enjoy the beautiful holiday lights.

If you're going to the Ice Follies, call Dot Ext. 2142. If enough are going, perhaps a bus can be chartered to take the group to the Arena.

Our annual Christmas party for the children is set for Saturday and Sunday, Dec. 16 and 17th, at SERA.

On behalf of the members of the Council, may I extend to one and all wishes for a very happy holiday season and prosperous new year to come.

Retired Folks' Club

The annual Christmas party for retired employees of the Waterbury and Oakville divisions will be held at the SERA on Tuesday, December 12, starting at 2:00 p.m.

Entertainment, group singing, refreshments and a gift for each make up the program for the afternoon.

Retirees are invited to bring along one guest—due to the number of persons allowed in the hall by safety regulations, each is asked to cooperate with this request.

Your Most Precious Gift — A Pint Of Blood

"B" Day — Thursday, December 7th

\$2604 Paid for Suggestions in November

\$725. is partial payment of an award to Richard Ciriello of Fuze C's Kingsbury & Secondary division. Asst. Foreman George Sachse looks over one of the fuze bodies which, prior to Mr. Ciriello's suggestion of reclaiming, would have become costly scrap material.

Other Cash Awards

\$650.—John Sterry, New Milford Tube Mill

\$135.—Anthony Szantyr, Wire Mill

\$540. is partial payment of an award for Joseph Scarpati, Jr. of the Closing Tool Room. Foreman Martin Hollywood listens to a description of the new method of standardizing tools for replacement in assembly presses which results in a saving of tools and reduction of downtime.

\$120.—Anthony Mastrofrancesco, Casting

\$60.—Walter Tundryk, Rod Mill
—Donald LaBarto, Strip Mill
—Doris Overton, Mill Acct.

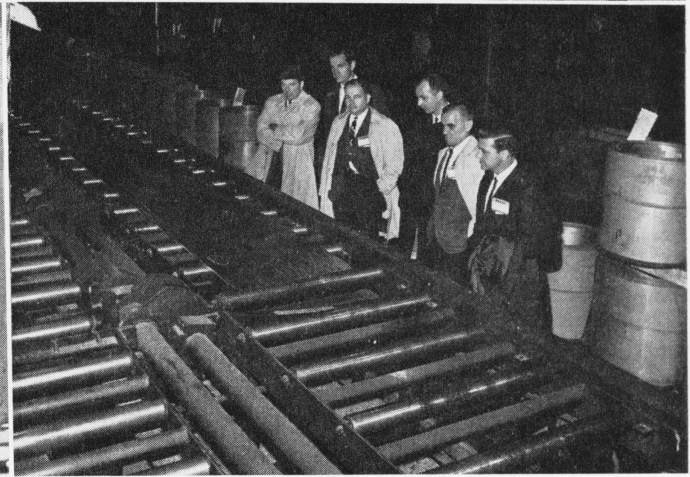

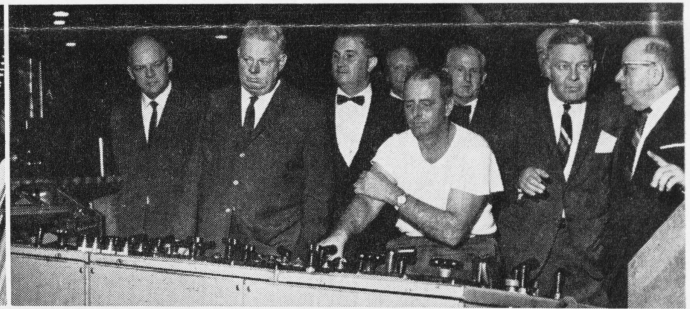

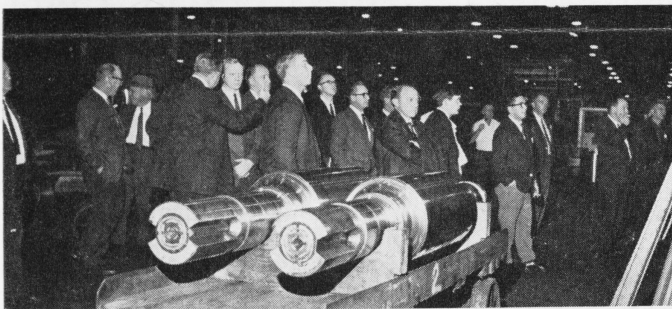

\$120. award went to Lawrence Nadeau of the Electrical Department. Suggestion System Coordinator William Armour presents award to Mr. Nadeau whose suggested method of wiring controls on floor easy loaders helps to reduce maintenance costs.

\$44.—Harry Derwin, Strip Mill

\$40.—John Saunders, Fuze C (partial payment)

\$30.—Mary Orlando, Receiving
—Stanley Wise, Hot Forge

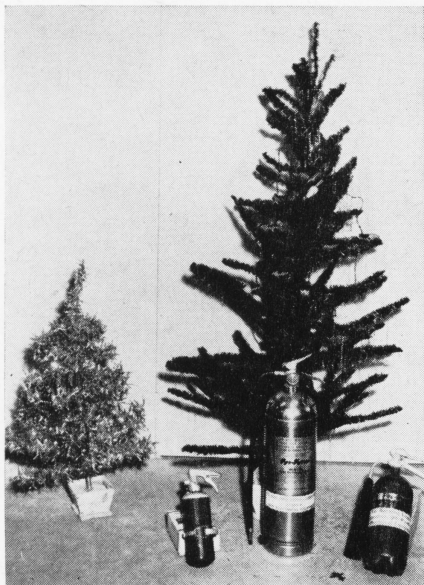

SMALLER MANUFACTURERS VISIT SCOVILL MILLS

Recent visitors to our mills included 115 members of the Smaller Manufacturers' Association of the Greater Waterbury Area who held their November meeting at the SERA.

The group met at the SERA, transferred to special busses which took them to the East Plant for their tour of the mills. Prior to their dinner and meeting they were welcomed to the plant by Vice President Norman Schlink.

Have A Safe And Happy Christmas

The Scovill Safety Dept. takes this opportunity to offer you safety suggestions for your Holiday season.

TREES:— For a natural tree (fir, spruce, pine) pick a fresh-looking, firm-needed tree, no bigger than you need—the larger the tree the greater the hazard. Saw off the butt at an angle an inch or more above the original cut. Stand the tree in water until it is brought into the house; keep it in water until it leaves the house. Check water level daily: tree will absorb large quantities while it is indoors. Support tree firmly.

Keep it well away from sources of heat — radiators, stoves, fireplaces. Don't locate it where, upright or fallen, it might block escape in case of fire. Operating self-propelled toys under or near a tree may lead to an upset tree and fire. Don't rely on self-applied chemical coatings or solutions to "flameproof" a natural tree—none is completely effective. Trees commercially treated with UL-listed fire retardant compounds are satisfactory.

USE CHRISTMAS SEALS

**FIGHT TUBERCULOSIS
EMPHYSEMA
AIR POLLUTION**

Keep the tree in the house for the shortest possible time; remove right after Christmas Day.

Artificial trees need care in selection and handling, too. Plastic and metalized plastic trees can burn; use the type clearly marked as made of slow-burning materials. Those with built-in electrical systems should carry the Underwriters' Laboratories (UL) label. Metal trees are not a fire hazard but may be a shock hazard. Use only indirect lighting with them. If lighting strings are placed on a metal tree, it may become "charged" and dangerous.

LIGHTINGS— Wax candles on trees are highly dangerous. Don't use them on or near any tree. Check lighting sets, electric candles and similar holiday lighting equipment, as well as extension cords for frayed wires, loose connections and broken sockets. Use only lighting equipment carrying the UL label. Unlabelled materials, domestic and foreign, seldom meet safety standards.

Be sure the fuze on the circuit serving tree and other lighting is not over 15 amperes. Cord sets with a fuze in the plug, bearing a UL label, are available and recommended.

For outdoor lighting, use only sets listed for outdoor use by UL. If an extensive holiday lighting is planned, call in a competent electrician to make sure safety rules and regulations are followed.

Turn off all tree and other indoor holiday lighting before retiring or leaving the house.

DECORATIONS AND WRAPPINGS:— Use noncombustible decorating materials (metal, glass, asbestos, etc.) where possible. Untreated cotton batting, flock, and paper ignite easily and may burn intensely. If these and other combustible materials are used, make sure they are flameproof. Don't use polystyrene foam for candle holders, or for table or mantle decorations where wax candles are also used.

Select Santa Claus masks, whiskers and costumes with care. If they have not been "flameproofed", they may be hazardous.

Dispose of gift wrappings promptly and safely. Place them in a metal-covered trash container or burn them in an incinerator as soon as possible. The fireplace is not a safe place to burn them.

GIFTS:— Avoid pyroxylin toys and dolls. Toys operated by alcohol, kerosene or gasoline are especially dan-

SERA OFFICERS. *President Edward Borowski (right) and Vice President John McKenna prepare the agenda for a meeting of the SERA Board of Directors. Announcement of the following committee chairmen was made by the president:*

Executive Committee — John McKenna

Children, Family — Rose Petti

Fishing — Carmen DiMaria

House, Grounds — John Deegan

Social, Retirees — Margaret Snowden

Sports — Len Synkowicz and Frank Bogush

1968 Travel Plans

A great deal of interest was shown in a spring vacation trip as well as the usual vacation shutdown trip, at a recent planning meeting held at the SERA of interested employees.

Details are being worked out and as soon as they are completed, notices will be distributed concerning (1) a spring vacation trip, in either April or May, to Hawaii; and (2) one vacation shutdown trip to the British Isles and one to Bermuda.

gerous; they may upset and set fire to children's clothing, the tree or the house itself. Electrical toys should be listed by UL to show they have met shock and fire hazard standards.

REMEMBER:—Don't allow smoking near the tree amidst decorations and wrapping. Have plenty of large, safe ashtrays around and use them.

Supervise small children playing near the tree. Keep matches, lighters and candles out of their reach.

Above all:— have a fire emergency plan. Figure alternate escape routes out of every room. If fire strikes, clear everybody out of the house, then call the Fire Department. Fight the fire only if you can do so safely, keeping an exit route open.

Rod & Gun Club

By Vinnie Manzolli

Another successful fishing season has ended, with the many prize winners getting their awards at the recent fall banquet which was M.C.'D in fine style by *Milt Burrall*. *Fred Kirschbaum* presented a plaque to 1967 Fishing Champion *Wally Bergstrom* who edged out runners up *George Bezubly* and *Bill Coleman*.

We are all saddened by the passing away of one of our most ardent fishermen, *Jim Wild*. For many, many years *Jim* had been an invited guest at our spring and fall banquets who was always called upon to "say a few words". We shall miss his telling the humorous "fish" stories which always delighted those in attendance.

The Thanksgiving Turkey Shoot was a huge success, thanks to *Tom Carpentier*, *Jerry Bousquet*, *Joe Gilroy* and *Paul Delage*, who did all the leg work. Winners of the eleven matches were *Robert Johnson*, *Michael Testa*, *Libby Cesare*, *Marjorie Faeth*, *Tbomas Carpentier*, *Sam Tropasso*, *Jim Pape*, *Ronald Foyer*, *John Stanco*, *David Zukauskas* and *George Daginella*.

Another Turkey Shoot is planned for Christmas. Flyers will be sent out, announcing the time and date.

A "thank you" is extended to the Guard Dept. for their fine cooperation during the shoot.

At the last meeting, the nominating committee presented the following candidates for the December election of Rod & Gun Club officers:— for president, *Paul Delage*; vice president, *Dom Cherubini*; treasurer, *Doug Sucher*; financial secretary, *Donald Berry*; secretary, *Vin Manzolli*. Nominations from the floor will be in order, so we can expect to see many of you at the Dec. 19th meeting.

May we take this opportunity to wish all of you and your beloved ones a very happy holiday season.

MARINE MAJOR PRAISES WORK OF UNITED FUND AGENCIES IN VIETNAM

Taking time from a busy schedule to tell Scovill employees of the wonderful services being provided for our boys in Vietnam by various agencies in the United Council and Fund was Major McManus, U. S. Marine Recruiting Officer for Southwest Massachusetts, Rhode Island and Connecticut. Above, two of his stops were in the General Products Tool Room and the Aluminum Mill.

United Fund Drive in Scovill

At presstime, according to word from In-plant Co-chairmen Al Lupica, Felix Panasci and Fred Wilson, Scovill employees have again topped the quota set for them in the annual campaign for funds for agencies in the United Council and Fund of the Greater Waterbury Area.

The total set for Scovill employees was \$125,000. All workers in the

drive and all employees who have signed pledge cards are to be commended for their interest in providing the funds for these agencies to continue with their work for the health, welfare and betterment of their fellow-men.

Obituaries

CARMELLA CAPRISTO died November 7, 1967. An operator on assembly in Fuze A Assembly—3.5 years.

EDWARD SWINCESKI died on November 5, 1967. Retired, Wire Mill, in April, 1955—28 years' service.

ANNA GARBARINO died on November 16, 1967. Retired, Lacquer Room, in August, 1954—33 years.

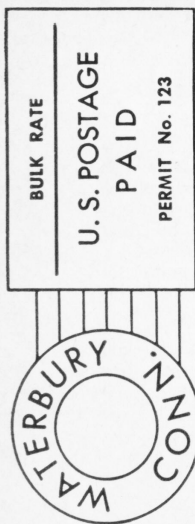

HENRY W. WILD died on November 17, 1967. Retired, vice president and Company director, in January, 1964—38 years' service.

HATTIE MURTHA died on November 9, 1967. Retired, Electrical Shell, in December, 1956—27 years' service.

HARRY SKRAPOLSKY died on November 27, 1967. Retired, North Mill—37 years' service.

1967 SERA CHAMPION FISHERMAN. Rod & Gun Club president *Paul Delage* presents championship plaque to *Wally Bergstrom* who was declared 1967 SERA Champion Fisherman at the club's recent fall banquet. *Fred Kirschbaum*, member of the Fishing Committee and banquet co-chairman, beams his approval.
