Blue Cross Increase In Child Benefits

Connecticut Blue Cross has expanded its benefits to dependent children with no increase in membership dues. It will now provide coverage from the 15th day of birth instead of one month of age. The birth of a child must be reported to the Group Insurance Office to insure coverage.

Blue Cross will also provide coverage beyond the age of 19 for any enrolled dependent child if he or she is totally and permanently disabled. Totally and permanently disabled means any medically determinable physical or mental condition which prevents the child from engaging in substantial gainful activity and which can be expected to result in death or to be of long-continued or indefinite duration.

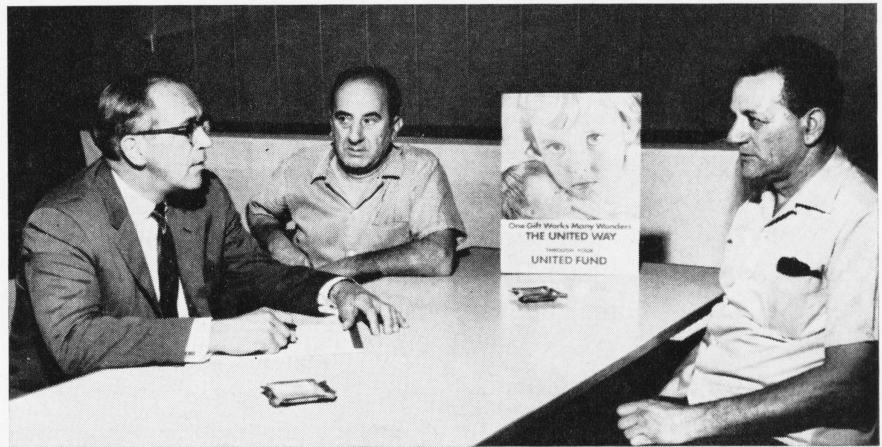

Applications for this coverage are available at the Group Insurance Office.

A similar plan of coverage is available for handicapped dependent children of salaried employees.

Suggestion Contest

The lime gold 1967 Ford Mustang Sport Sprint, which will be the prize in a random drawing to be held on November 10th, has sparked the interest of many employees who have decided to get their ideas down on paper and submit them in the Special Suggestion Contest.

November 5th is the closing date for submitting suggestions and all eligible employees are invited to submit their ideas which qualify under rules of the Scovill Suggestion System.

PREPARING FOR ANNUAL UNITED FUND CAMPAIGN

Working out details for the annual canvassing of Scovill employees for contributions to help support the 32 agencies in the Greater Waterbury Area United Council and Fund are co-chairmen Fred Wilson, Employee Activities Manager, Albert Lupica, Rod Mill, and Felix Panasci, Gripper Eyelet.

United Fund Drive in Scovill

*One Gift Works Many Wonders—
Give The United Way.*

Scovill employees contribute their fair share toward the expenses of operating the major voluntary health, welfare and character building agencies throughout the Greater Waterbury area through the Payroll Deduction Plan.

The "fair share" plan is based on studies by citizens and research groups of local giving patterns. It is a suggested scale of giving, based on income. Its purpose is not to tell the giver how much to give, but to tell him how others in his salary range are giving. The plan covers both hourly rated personnel as well as individuals who receive an annual salary.

The plan has been endorsed by management and labor throughout the country as a fair and adequate way for citizens to give to their United Way organization.

The annual campaign will be conducted in Scovill during the month of October. The quota set for Scovill employees is \$147,000. As in previous years, it is a joint Management and Union effort and is being conducted on a divisional basis. In-plant co-chairmen are Fred Wilson, Albert Lupica and Felix Panasci.

Divisional co-chairmen, representing Management and Local 1604-UAW, are:—

Closure Division—Vernon Russell, Gary Hall, Frank McHale

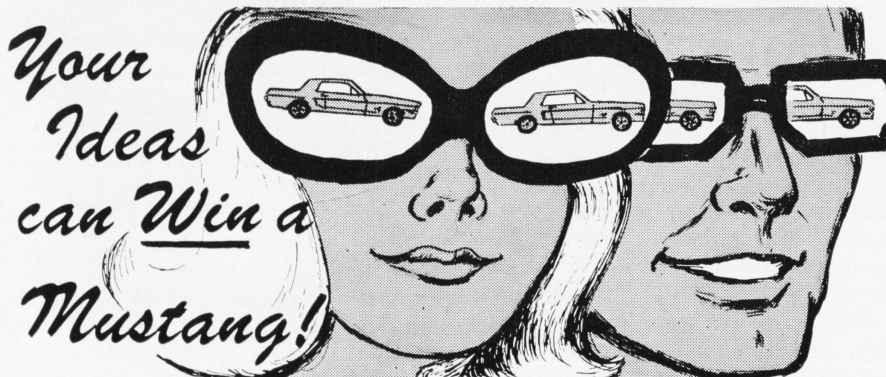

Cosmetic Division—Thelma Conley, Jerry Pagano

General Products Division, West Plant—Howard Smith, Helen Johnson, Joseph Fabiano, Lawrence Bernier and James Byars, Foundry

General Products Division, East Plant—Thomas Gifford, Anthony Lacerenza, Joseph Aureli

Mills Division—John Fogarty, Thomas Curtin, Algert Baker

Waterbury Services—Thomas Kaukas, Edward Borowski, Lester Kuchera, Arthur Woods

MEMO *from Management:*

Welcome to NuTone

On Friday, September 15, NuTone officially became a member of the Scovill family. This is a happy event for us all and we want to take this opportunity to welcome NuTone employees and let them know how pleased we are that we will be working together.

NuTone sales for the fiscal year ended April 30, 1967 were over \$50 million. Its headquarters and main plant are in Cincinnati, Ohio and there are approximately 3,000 employees at its plants in Maine, Ohio, Texas, Nebraska, Indiana, California, and Canada.

NuTone products include built-in stereo music systems, door chimes, built-in kitchen appliances, custom-built cabinets for kitchens and bathrooms, kitchen exhaust fans and range hoods, built-in electric heaters, lighting fixtures; and intercom systems for homes, apartments and commercial buildings.

Our two companies were merged because we believe that we can help each other grow. We will do all that we can to help this growth, including the addition of new products to the NuTone line. Through this merger, Scovill is entering the home building and modernization markets and will have the opportunity to participate in the upturn expected in these markets because of existing shortages of housing at all income levels. This move is also another strong indication of our continuing emphasis on consumer products.

NuTone will be operated as a division of Scovill by the same people who have run it in the past. Mr. Herbert Bladh is the General Manager. We look forward to a long and happy association.

Christmas Mail for Overseas

Postmaster John J. Slattery announces that (1) the period of October 16 to November 11 has been designated for mailing Christmas parcels to members of our armed forces overseas; (2) Surface Air Mail, on a space available basis—October 21 to December 1; (3) Air Mail—December 1 to 11.

Patrons are further advised that, when appropriate, gift parcels weigh-

ing not more than five pounds and measuring not more than 60" in length and girth combined, addressed to members of the armed forces in Viet Nam, will be provided air lift service on a space available basis from the west coast even though prepaid at the surface rate.

The term "armed forces overseas" includes personnel of our armed forces, members of their families and U.S.

Edward Borowski New SERA Head

Fifteen members of the Board of Directors were elected to serve a term of one year at the annual membership meeting of the SERA held on Tuesday, September 12th, in accordance with the new rules of the Association's constitution adopted by membership at a special meeting held August 23rd.

Immediately following the membership meeting, the newly elected Board met to elect its officers. Elected were: President—Edward Borowski, Carpenter Shop; Vice President—John McKenna, Fuze C; Secretary-Treasurer, Ruth Peterson, Employee Activities Off.

Members of the Board of Directors elected were:— Frank Bogush, Gripper Eyelet; John Deegan, Gripper Eyelet; Carmen DiMaria, East Electrical; John Finnegan, Oakville Division; Russ Gagne, Closure Tool; Jean Ostrowski, Group Insurance; Nicholas Perrotti, Closure Packing; Rose Petti, Casting Shop Office; Richard Renkun, Wire Mill; Howard Rochon, Cosmetic Tool; Margaret Snowden, General Products Tool; and Leonard Synkowitz, Fuze C Tool.

Alternates elected were: John Capone, Tin Shop; Lillian Santilli, Fuze C; James Spann, Chucking; and Stanley Grochowski, Multiple Spindle.

Retirements

ANNA LAURINO, miscellaneous machines and bench operator in Fuze C, retired as of September 18, 1967 with over 40 years of service.

Effective October 1, 1967

ANTONIO BRUNO, roll barrels operator in Japan—33 years' service.

ALICE CRAWFORD, chemical laboratory technician in Metals Research—26 years' service.

MAX KOHLBRENNER, foreman in Press 1—31 years.

CHARLES MALAGUTTI, jitney driver in the Strip Mill—32 years.

VITO SANTORO, toolsetter in Drawing—43 years' service.

ANTONIO SILVA, maintenance man in the Foundry—17.6 years.

HARRY A. SOPER, special assistant in the Cleveland Office, General Products Division—38 years.

Standard Time

Eastern Standard Time will go into effect officially in the state of Connecticut at 2:01 on Sunday, October 29. At about that time, all clocks in the Waterbury divisions will be set back one hour.

include the latest equipment for first-stage processing of metal products. The new facility will consolidate operations of the present Fullerton service center in Chicago and a slitting plant in Skokie, Illinois.

NEW SERVICE CENTER
GROUNDBREAKING

Scovill Mill Products Division was represented at groundbreaking ceremonies for Fullerton Metals' new metal service center in Northbrook, Illinois.

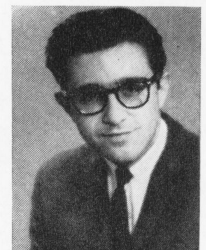

Pictured are: K. J. Riskind, Fullerton treasurer; G. C. Anderson, Fullerton vice president; H. E. Hole, Scovill district sales manager; D. F. Pribble, Scovill sales representative; and P. A. Riskind, Fullerton president.

Fullerton Metals Company is a Chicago-based distributor of aluminum, steel, stainless steel, copper, brass and magnesium, and operates service centers in Chicago, Milwaukee, Minneapolis and Hialeah, Florida. It is one of the largest distributors of our Mill Products.

Fullerton recently broke ground for a new facility in the Chicago suburb of Northbrook, Illinois. The new \$2.5 million, 130,000 square foot metals service center is to be completed in the spring of 1968. It will be one of the largest in the Midwest and will

Training Course

TOOLSETTER. John Rinaldi graduated as a toolsetter as of August 21, 1967, has been assigned to the Closing Room.

Traffic Safety -- Motor Bikes

Americans are taking to motorcycles by the thousands, not just for thrills but for a lot of practical reasons — to get to work, supermarket, or campus.

Motor bikes zip through traffic, are gaily colored and come equipped with such modern conveniences as push-button starters and automatic clutches. Prices begin at about \$200; gas mileage runs from 100 to more than 200 miles per gallon; and maintenance costs are low. The motorcycle industry estimates that sales of motorized cycles, scooters and bikes will reach close to a million a year by 1968 and that currently about two million Americans are "varooming" around on two wheelers.

All is not rosy, however. National Safety Council statistics show that motorcycle fatalities are increasing even faster than sales, and that death or injury comes ten times more often in motorcycle accidents than in other vehicle accidents. Harry Porter, Jr., manager of the Council's Traffic Department, says there are three general reasons for the high casualty rate of two-wheel motoring:—

1) *the driver.* Frequently the driver is too young to have the experience, coordination and training necessary to control his machine, or one who simply lacks good judgment and ignores the rules of the road. A Minnesota study of motorcycle accidents showed that many victims were taking only

Fire Prevention Week -- October 9-14

Fire Prevention Week is set aside to remind us of our responsibility for fire safety in our homes and in our places of occupation. Fire Prevention is the elimination of all hazardous conditions which may exist.

Some of the most leading conditions to fire hazards are:— poor housekeeping, electrical wiring, storage of flammable liquids, etc.

For protection to our families, to ourselves and in places of our employment— a planned exit. There should always be two means of exit in a building in the event of fire in one of these exit areas. It is the responsibility of the head of the household, or department head, to account for all individuals involved in the area.

their first or second trip. Mr. Porter says this indicates need for instruction.

2) *the machine itself.* It presents a problem of balance because it is two-wheeled, light in weight, and likely to have a high center of gravity. Wet or slick streets, loose sand or gravel, or even a bump in the road can cause the wheels to slip, hurling the driver to the pavement or into the path of a passing car.

3) *protection.* The cyclist has no protection unless he wears special safety equipment. Unprotected riders can be severely injured in even minor collisions, most motorcycle rider injuries are to the head.

The Council makes the following recommendations to riders of motor

Steps to remember in case of fire:

1. Account for all individuals involved in a fire area to make sure all have escaped.
2. Notify your local fire department immediately by knowing the telephone number and location of your fire alarm box.
3. Have individuals stand by to direct the fire department to fire area.
4. Every home owner should have some first aid protection equipment.

The Scovill Fire Department will gladly advise employees on any questions pertinent to the above items by calling Ext. 748.

bikes and motorcycles:—

Wear a crash helmet that meets safety standards. Some substandard helmets are hardly more than toys. Before purchasing a helmet, make certain it meets the Z-90 requirements of the U.S. Standards Institute.

Inspect cycle periodically to see that it's in the best condition possible

Operate cycle at a safe speed

Follow the prescribed traffic laws and ordinances

Use proper hand signals

Follow the directions of traffic signs and signals

Avoid driving in heavy traffic

Make sure your cycle has proper headlights, taillights and reflectors

Your Social Security

If you are approaching age 65, it is important that you remember to get in touch with your social security office during the 3-month period before you turn 65.

This is because medical insurance under the medicare program can begin at age 65 only if you enroll in the plan prior to the month you turn 65.

Medicare offers those age 65 or over two types of protection — hospital insurance and medical insurance. While applications for hospital insurance can be retroactive for up to one year, medical insurance protection requires the filing of a timely application.

Under the medical insurance plan, a person has a 7-month enrollment period available to him—three months before the month he turns 65, the month of 65, and three months immediately after the age 65. Failure to enroll in the 3-month period before age 65 means that the effective date could be delayed from one to three months after 65.

Failure to enroll during the 7-month enrollment period means that coverage could not be obtained until the next general enrollment period, which will be the last three months of odd-numbered years. After age 65, all other coverage ceases and the only insurance coverage available to Scovill employees is the Medicare Supplement.

Rod & Gun Club

By Vinnie Manzolli

The September meeting was held at Woodtick Picnic Area where the approximately 30 men in attendance enjoyed sausage and peppers in addition to the usual hot dogs and hamburgers. Because of the skill of *Charlie Carpentier* who demonstrated the art of "bare hand frog catching", a number of men enjoyed the fruits of his labor . . . namely, frogs legs.

The October meeting will be held on the 17th at the SERA at 7:30 p.m., at which time it is hoped a representative from the State Board of Fisheries will be on hand to advise on ways and means of improving the fishing at Woodtick. It is also hoped a large number, especially some of the newer members, will attend this meeting as it will afford an opportunity to voice your opinions as well as it being a "night out" with the boys.

Here are some of the fish measured in for the Reeves' Competition:

G. Hernovich, 10 $\frac{3}{8}$ " calico; *B. Fu-*

RETIREMENT PARTIES FOR TWO

Top photo:—George Sonderegger is flanked by Tool Superintendent Leland Krake and Works Manager Norman Schaffer at a party held in his honor occasioned by his retirement on September 1st. A toolmaker-supervisor in the General Products Toolroom, Mr. Sonderegger had a service record of over 47 years.

Lower photo:—All employees of the Closure Packing room gathered to honor Dorothy Mellon who retired as of August 1st. An inspector in the Closing Room, she retired with a continued service record of 26.4 years.

mire, 11 $\frac{1}{2}$ " perch; *L. Graham*, 11 $\frac{3}{4}$ " trout; *J. Aleksinas*, 12 $\frac{1}{4}$ " bullhead; *F. Porter*, 15 $\frac{7}{8}$ " bass.

Wishing all of you good fishing at the next Reeves' Competition which is scheduled for October 14-15.

Chairman *Charlie Carpentier* issues the following on the Rifle Range:

Rifle Range Opens Oct. 6

The rifle range will open for practice on Friday, October 6th at 7 p.m., giving teams an opportunity to get organized and establish handicaps.

The inter-department league will start November 3rd at 7 p.m. Competitions will be held on Thursday and Friday nights, with weekly matches to be determined by the top three shooters. A roster of five men will be required.

Employees interested in shooting are asked to contact the Employee Activities Office. If enough beginners (men and women) are interested, another night will be set for instructions.

The rifle range is located in the old Pattern Shop. Shooters are asked to use the Silver St. entrance to the plant; and must supply own ammunition.

Retired Club Plans Trip to Sturbridge

Members of the Scovill Retired Folks Club (and their spouses) are planning a one-day excursion to Sturbridge Village, Mass., for Tuesday, October 10th.

Notices with details have been sent to all retired employees and the responses to date would indicate the trip a popular one. The group will leave from the SERA at 8:30 a.m.

MICHAEL L. CARUSILLO, JR., left on August 15, 1967 to enlist for service in the U.S. Navy. In Scovill since January, 1967, he was a Kingsbury Toolsetter Apprentice in Chucking.

EDWARD D. VENSLOVAS left on September 8, 1967 to enter U.S. Navy service. An adjuster on M/S Screw Machines in Fuze C, he had been in Scovill since July, 1966.

PRESENTATION OF NEW MILFORD SAFETY AWARD

"The Certificate of Merit" was presented to Tube Mill employees at special ceremonies at the mill on August 14th. Making the presentation is Liberty Mutual Insurance Company's representative F. W. Stedman.

Scovill officials on the platform are: J. J. Hoben, Mill

Products Div. Vice President and Operations Manager; J. T. Fogarty, Mill Products Div. Employee Relations Manager; W. J. McClesney, Safety Manager; W. E. Johnson, Mill Products Div. Vice President and General Manager; Gerald Corrigan, New Milford Plant Manager; and Louis Gosain, Local 1604 Divisional Steward.

Tube Mill First Scovill Mill To Get Award

All operations at the New Milford Tube Mill were stopped at 10:00 a.m. on August 14th, and all employees gathered for the special ceremonies when Liberty Mutual Insurance Company's Account Executive and Manager of the Waterbury District Office presented their "Certificate of Merit" to the Mill for its outstanding record of 300,000 manhours worked without a disabling injury.

Plant Manager Gerald Corrigan accepted the plaque on behalf of the Tube Mill employees. Mill Products Division officials from Waterbury congratulated the employees and thanked

them for their continuing efforts to improve their safety record.

The employees have reason to be proud of this award as the Tube Mill is the first of all Scovill mills to attain this recognition and they are now aiming for 500,000 accident-free manhours — the plateau at which the insurance company next gives recognition and an award. At presstime, the record was intact, with the total manhours then reached at approximately 450,000.

Girls' Club News

By Sandra Goldberg

Well, here I am again with a little news just for you. There will be a card party on October 16th. So start digging out your cards and bring chips. There will be plenty of cider and doughnuts. Also, plenty of prizes.

Cloe Reed has replaced Nancy Brown as Chairlady of Entertainment. Nancy will be away from the Council for a while.

Della Riccio tells me the girls are going strong at their bowling. Lots of luck, girls.

I would also like to welcome the following girls to the Club: Madeline Ciarlone, Dept. 84; Madeline Torsiello, Alice Graham, Thelma Smith, Betty Newcomer, Alberta Newman and Sandra Troske, all of Dept. 60. Welcome, girls!

Cabaret Dance Set for Oct. 14

The first cabaret dance to be sponsored by the SERA for the season will be held at the SERA Building on Saturday, October 14, 1967.

Music for dancing will be provided by the Carling Four Orchestra from 9 p.m. to 1:00 a.m.

The committee in charge of the affair are: Co-chairmen Jean Ostroski and Sue Guarrera, Joyce Emmons, Rose Petti, Ruth Peterson, Margaret Snowden, Ed Borowski, John Capone, Carmen DiMaria, Jerry DiPietro, Lewis Newman.

Tickets are limited and are being issued on a first-come, first-served basis.

SERA Golf Outing

All Scovill golfers are invited to participate in the SERA's annual Golf Outing to be held on Saturday, October 14th, at Southington Country Club. Tee off time is set for 7:00 to 9:00 a.m. from the first tee, with late arrivals having to tee off at the convenience of the starter.

Entry blanks are available at the Employee Activities Office and must be turned in by October 10th. Advance registration is necessary in order to permit the committee to provide food and refreshments for the day and to make proper arrangements for your convenience at the tee, where fees are to be paid.

The committee in charge: Ralph Orsini, Carl Pickett, Art Rompre, Si Broccoli, Warren Baker, John Berwick.

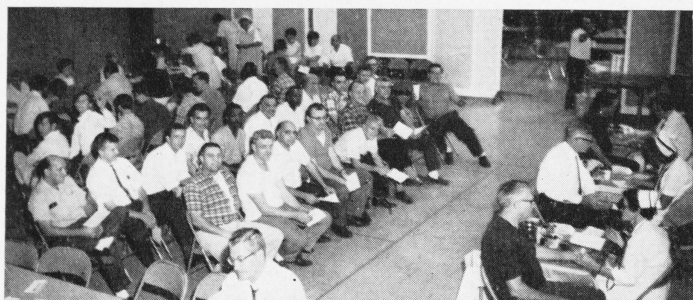

Obituaries

JOSEPHINE SCHAEER died on September 6, 1967. Retired, Drawing Room in December, 1960—18 years.

DONALD SEAVER died on September 14, 1967. A development engineer in the Cosmetic Division's Research & Development Dept.—30 years.

ANTANAS URZINAS died on September 16, 1967. Retired, Wire Mill in May, 1948—28 years' service.

WILLIAM FALLOWELL died on September 18, 1967. Retired, Mill Engineering in August, 1960—44 years.

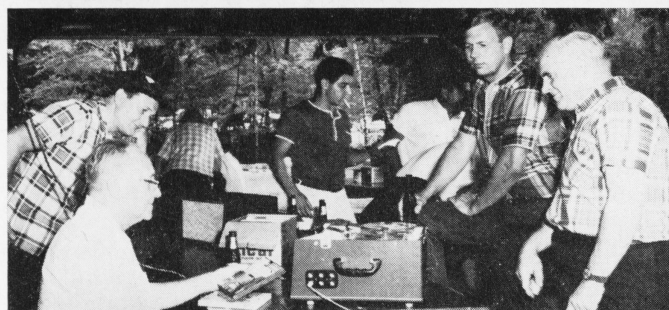

SCOVILL EMPLOYEES ANSWER BLOOD CALL, SET CITY RECORD

Employees were quick to respond to the urgent call for blood when the Blood Mobile Unit visited the plant on August 24th — 251 pints of blood were collected, setting an all time record in Waterbury for contributions in one-day visitations to industrial plants.

This record was made possible with the help of such groups as pictured above. Lower left: 25 Wire Mill em-

ployees donated a unit, making their department one of the highest production departments to participate.

Lower right:— 31 members of the General Training Course, located in the West Machine Room alone, established a fine record for our "younger set". Many of these were contributing for the first time. Because of shift schedules, all donors in these departments were not available when these pictures were taken.

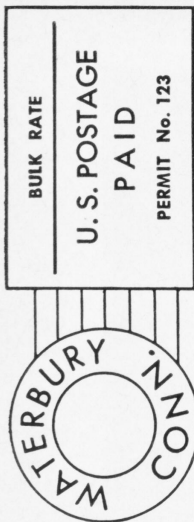

ROD & GUN CLUB ANNUAL PICNIC

A huge crowd was attracted to the Rod & Gun Club's annual outing at the Woodtick Recreation Area. Activities included the usual sports, card playing, refreshments, listen-

ing to the fine music of Emil Kazmeir's tape recorder and the awarding of some fine door prizes.

REMINDER—Both ponds at Woodtick will close to fishing at midnight on Tuesday, October 31st.
