

# SCOVILL BULLETIN

AUGUST, 1968

Published by Scovill Manufacturing Company for its Employees

## Drawing Winning Numbers in Suggestion Contest

Left:— Representing Michael Exarhou, president of Scovill Local 1604, Louis Orsini reaches into the special container set into top of the wishing well to draw the number assigned to John Cizauskas, Hot Forge Tool, as winner of the 1st prize, a 25" color TV set.

Center:— Vice President Norman Schlink drew the number for Jean Albanese of the Lacquer Room, awarding her the second prize of a NuTone complete radio-stereo combination.

Right:— Allen Tucker, Product Engineering Manager of our Fluid Power Division in Wake Forest, North Carolina, a visitor in the plant, drew the 3rd prize — a 19" portable TV set, won by Walter Tundryk, Rod Mill.

The special prize for the ladies—a \$250 gift certificate to a local well-known ladies' shop, was awarded to Noella Guertin of Transmission Assembly. The special prize for the men—a GE power tool set, went to Stanley Kolakowski of the Aluminum Mill.

## Scovill Purchases Caradco, Inc.

The Scovill Company has purchased Caradco, Inc., of Dubuque, Iowa, President Malcolm Baldrige announced in mid-July. The new acquisition will operate under its present management as a wholly owned subsidiary of Scovill. Caradco sales are in the \$10 million to \$15 million per year range.

Since its founding in 1866, Caradco has become a major producer of engineered building components for the residential construction industry. Its principal products include window units, doors, and entry systems manufactured from wood, metal, and a wide variety of synthetic metals.

## Pre-Retirement Program

The very popular "Looking Forward to Retirement" program will resume its fifth year of retirement planning sessions this fall.

First started in 1964, the program is co-sponsored by the Company and the Union, and is offered to employees and their spouses. To date, more than 350 have participated in the program.

Especially prepared for employees 55 years of age and over, the program provides authentic and dependable information needed to confidently plan and prepare for the leisure years. Those completing the program have been most enthusiastic about the in-

## Scovill Reports 6-Mos. Earnings

Scovill last week reported a 3½% drop in profits on a 15% increase in sales for the first six months of this year as compared to the same period last year. It was noted that the lower earnings were due to the 10% surcharge on Federal Income Taxes which amounted to just over \$700,000 for the six-month period. The report also noted that, despite the tax surcharge, second quarter profits were 16% above those for the second quarter of last year.

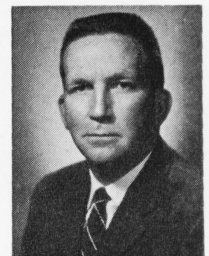

A summary of comparative figures for the two six-month period follows:

	First Six Months	
	1968	1967
Sales	\$193,485,494	\$168,489,954
Profits after Taxes	\$6,284,820	\$6,507,250
Profits as % of Sales	3.2%	3.9%

Scovill President Malcolm Baldrige stated that the merger with NuTone, Inc., a producer of heating, ventilating, lighting, intercom and stereo systems

*(Continued on Page 2, Column 3)*

Mr. Baldrige has announced the election of Alan Wolfley as Vice President—Finance.

Alan Wolfley  
Vice President  
of Finance

A graduate of Middlebury College, Mr. Wolfley holds an M.B.A. degree from the Harvard Graduate School of Business Administration. Prior to joining Scovill, he was Vice President—Finance of the Carborundum Company, Niagara Falls, N. Y.

Mr. Wolfley succeeds Mark L. Sperry, 2nd, who has retired. Mr. Sperry had been with Scovill since 1938. He will continue as a Director of the Company.

# MEMO *from Management:*

## Still Growing

Scovill has grown considerably over the past few years, both in sales volume and in number of employees. Last year, our sales were over \$350 million, and we had approximately 17,000 employees in plants and offices throughout the world.

But how big are we compared to other industrial giants? FORTUNE Magazine helps us answer this question in a Directory they publish each year at this time in which they list the 500 largest industrial concerns in the country.

The FORTUNE Directory just published shows that Scovill was the 238th largest industrial concern in the United States in total sales volume in 1967. We moved up from 242nd place in 1966, and 298th place in 1962 when our more dramatic growth in sales began.

Even though our growth in the past five years has been well above average, we are not as well known as we desire to be. We want more potential customers to be aware of the diversity of our products and of the various ways in which our many divisions can be of help to them. We want more investors and members of the financial community to be aware of the growth potential in the many important consumer and industrial markets in which we do business. To accomplish these objectives, we have stepped up our advertising and publicity programs and, as a result, Scovill is getting more attention in news media throughout the country.

The FORTUNE Directory just published also shows the relative profitability of each of the 500 companies listed. Our profit on sales of 3.6% in 1967 placed us in 346th place, as compared to 238th place in sales. It is interesting to note profit on sales of some other companies in the Directory with sales volume about the same as ours. Here are a few examples. Timkin Roller Bearing Company—10% profit on sales; Essex Wire Company—8.4%; A.C.F. Industries—8.7%.

The conclusion from all this? We are moving ahead rapidly in our relative sales position, but there is still a big job to be done in proving the profitability of our operations. Sales volume is important, but it is profit that pays for the physical growth and improvements that safeguard existing jobs and create new job opportunities. Next year's FORTUNE Directory will show how successful we are in improving our relative profit position in the year 1968.

## Scovill Report

(continued from page 1, col. 3)

for homes and apartments, has placed Scovill in a strong position in the housing and home building fields and that its improved sales and earnings for the first half of 1968 has helped to offset the 10% tax surcharge.

Mr. Baldrige noted that the Company's entry into the housing market was further strengthened by last month's acquisition of Caradco, Inc. (see story on Page 1). "We expect that housing products will account for about 25% of Scovill's 1968 sales," Mr. Baldrige stated.

## Caradco, Inc.

(Continued from Page 1, Column 1)

"The association with Scovill will greatly increase Caradco's capacity for future growth in the important home building and modernization markets," Mr. Baldrige said. He stated that the purchase of Caradco is "another step forward in increasing Scovill's position in the housing and home building markets."

Mr. Baldrige emphasized that Caradco would continue to operate under its present management. "We always look for good management in making an acquisition and believe in letting this management run its own show with a minimum of control from corporate headquarters. This policy was highly successful in our merger with NuTone, and we intend to continue it with Caradco."

## Woodtick Closes On Labor Day

Labor Day will mark the official closing of the Woodtick Recreational Area where thousands of employees, their families and friends have spent many relaxing, fun-filled days.

The group picnic area will be available for group or department picnics as long as the weather remains compatible. Outings have been booked already into September so, if you are planning to have a fall outing, better get your reservation in to the Employee Activities Office soon.

Fishing at the swimming area on the lower pond will resume at 6:00 a.m. on Tuesday, September 3rd.

The 21st season of the SERA Children's Day Camp will close on Friday, August 30th.

## Blood Donor Day Set For Aug. 23

Friday, August 23rd, is the date set for the third visitation of the Blood Mobile Unit to Scovill. It will be set up in the air-conditioned SERA Building from 11:00 a.m. to 5:00 p.m.

Employees scheduled to donate a unit of blood at this time are those in

## New Assignments

### Accounting Services

STANLEY F. NICKLAS, JR.—an Asst. Credit Manager.

### General Products Div.

JOHN L. WATTERS—Asst. Product Sales Manager of Foundry sales

### Mill Products Div.

WILLIAM J. PRATT — Assistant to Asst. Operations Manager

Section #3 — Mills, Transportation, Planning, Purchasing, and the Executive Offices. All other eligible employees are urged to participate also.

If application cards are not available in your department, contact the Employee Activities Office, Ext. 834.

### RECREATION PRESIDENTS VIEW NATIONAL AWARD

Scovill was awarded the Helms Foundation Award recently by the National Industrial Recreation Association for having the best recreation program for its employees out of nearly 800 companies in the nation in 1967.

Shown admiring the trophy are presidents of the various Scovill recreation associations: Paul Delage, Rod & Gun Club; Ellen Donovan, Girls' Club; Edward Borowski, SERA, Scovill Employee Activities Manager Fred Wilson, and Harold Stieler, president of the Foremen's Association.

THE PICTURE TELLS THE STORY . . . a 500-lb die—a safety shoe—an injury which would have been more serious had not the shoe been worn.

## Blood Donations Below Quota

A total of 159 pints of blood was collected at the pre-vacation employee blood donor day on June 5th, falling short of our quota by 41 units—and 78 pints below the fine record of 237 set at last year's Pre-vacation Blood Day.

Special gallon pins awarded:—

7-gal.—Earl Maynard, Sr.

6-gal.—Thomas McLennan

5-gal.—Clifford Aspinall and Irving Beal

4-gal.—Walter Booth

2-gal.—Steven Zasimovich, Raymond Caffrey, Hervey Chevrette, Nicholas Rigon, Peter Koban, Sam Danzileri and Donald Borrelli

1-gal.—Robert Parsons, Marion Bernier, Helen Cannata, Jerry Ciarleglio, Gregory Crotty, David Dundas and

Romil Roberge, a tool assembler in Hot Forge, was removing the 500-lb die from a workbench by means of a chain hoist when suddenly the die slipped, striking Mr. Roberge on the instep of his left foot. Imagine the extent of the injury if he had not been wearing his safety shoes!

Safety shoes may be procured at the Safety Dept. in the Employee Relations Building, 2nd floor; or call Ext. 888 for further information.

Richard Veilleux

New donors—Antonio Gonclaves, Joaquim Barreira, Dominges Gonclaves, James Gorman, Lucille Hicks, Antonio Palleria, Jr., Maurice Rooks, Andrew Sirica and George LaBode.

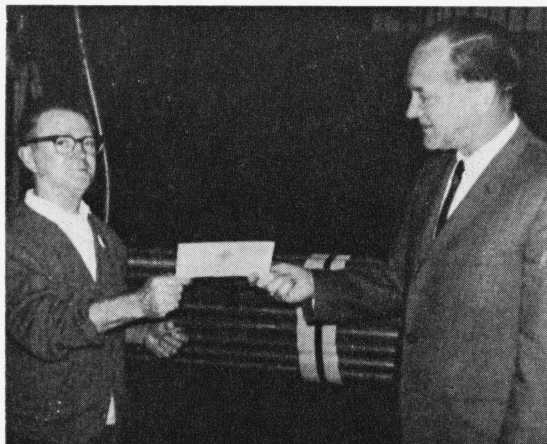

It is hoped that more employees will volunteer to contribute at the next Blood Donor Day, to be scheduled in August, to help our record back up to its usual fine standing.

## Wise Owl in Philadelphia

The most recent Scovill employee to become a member of the Wise Owl Club is Francis (Pat) Gallagher of our Philadelphia Warehouse.

Both lenses of his safety glasses were nicked while he was strapping a bundle of copper tubing (can be seen on bundle in background) and the steel strap broke and lashed across his glasses.

Dist. Sales Mgr. Holden C. Lewis presents the Wise Owl Club Membership Certificate to Mr. Gallagher.

## Army-California Football Tickets

Tickets are now available at the Employee Activities Office for the Army-California football game to be held at West Point on Saturday, October 12th.

Arrangements have been made to make this an all-day excursion, with a guided tour of the Point as well as seeing the game. Game tickets are \$6.00. Bus transportation (at a slight additional cost) will be provided.

## Obituaries

AMARO GOMES died on May 22, 1968. Retired, Casting Shop in December, 1957—15 years' service.

JOSEPH COCCHIOLA died on May 23, 1968. Retired, Plumbing Assembly, in April, 1960—9 years.

JESSE HUDSON died on May 27, 1968. Retired, Plant Protection in January, 1955—13 years.

JOSEPH MCCONAS died on May 27, 1968. Retired, Gen. Prod. Works Manager's Office, March 1956—39 years.

GIUSEPPE MATTEI died on May 29, 1968. Retired, Screw Prod. Finish in February, 1961—38 years.

GUILIO CORDELLI died on May 31, 1968. Retired, Relay, in April, 1961—42 years.

KAZIMER ALEKSEJUS died on June 5, 1968. Retired, Casting Shop, in February, 1958—29 years.

GEORGE EZERSKY died on June 5, 1968. Retired, Blanking Room in November, 1954—34 years.

JOHN MUCCINO died on June 7, 1968. Retired, Case 5 in September, 1951—27 years.

WALTER FEENEY died on June 26, 1968. Trucker and elevator operator in Manufacturing Trucking—1 year.

MICHAEL BERNARDO died on July 1, 1968. Retired, Packing A, in May, 1958—40 years' service.

ETHEL MACDONALD died on July 3, 1968. Retired, Waterbury Mill Sales Office, in August, 1966—33 years.

DOLOROTTA RINALDI died on July 13, 1968. Retired, Buff Room, in April, 1962—32 years.

DONAT VALLERAND died on July 16, 1968. Retired, Shipping & Receiving, in July, 1957—41 years.

GEORGE KING died on July 24, 1968. Retired, Closing Room in March, 1968—39 years' service.

KITTIE SULLIVAN died on July 24, 1968. Retired, Cost Office, in August, 1959—52 years' service.

FRANK O'LEARY died on July 26, 1968. Retired, Repair Room, in July, 1965—38 years' service.

ANNA HANSON died on July 28, 1968. Retired, Hospital in October, 1946—31 years' service.

GEORGE W. MORAN died on July 29, 1968. Retired, Tool Model Room in July, 1956—19 years.

## Your Social Security

Over the years a comment heard frequently by people discussing Social Security disability benefits is "I can't get it; you either have to be half dead or laid up in bed to qualify for the benefits." Another statement heard frequently is "A friend of mine told me that I can't collect disability benefits because as soon as I'm well, I can return to work."

All too often these comments do not reach the right sources and many people fail to take the necessary action that could possibly entitle them to disability payments.

A worker or other person is considered disabled only if he is unable to engage in any substantial gainful work because of a physical or mental impairment which has lasted or is expected to last for 12 months or longer.

The new law makes special provision for people whose vision is no better than 20/200 even with glasses.

Also, if you become disabled before age 31, you will not need as many work credits to get disability benefits as you would have under the old law.

Social Security district offices in your area are there for the purpose of assisting you in completing the necessary forms needed for you to file a claim. They will also answer any questions

RETIREMENT PARTY FOR ALDEA JOLY. Friends and co-workers gathered together to wish many happy years of retirement to Aldea Joly, Cleaning Room, who retired on June 1st with over 24 years of service. Factory Superintendent Robert Dunn presented token of remembrance to Mrs. Joly on behalf of all attending.

## Girls' Club News

Our annual outing is scheduled for Woodtick on Tuesday, August 20th.

Secretary Della Riccio reports the Bowling League will start another season on Thursday, September 5th, at 5:00 p.m. at

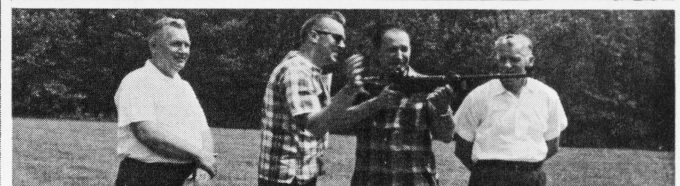

you may have concerning Social Security. Although many cases may appear to be the same there could be many differences, so we suggest you take advantage of the services available at your Social Security district office rather than relying on information from well intentioned friends or relatives.

The Waterbury office is located at 236 Grand Street.

Sena's Recreation Center. All women employees interested in bowling, either as a regular or a substitute, are asked to contact Della, Ext. 2327.

DOROTHY CHAMBERS reports a bus trip to Boston is being planned for Saturday, August 17th, leaving from SERA at 8:00 a.m. and returning at 8 p.m. Watch for flyers with details.

Plans are also being formulated for a wonderful activity in which all Club members may participate. Freda Bessette, of Corp. Data Processing, has volunteered to instruct us in the joyous art of Christmas Crafts. Tentative plans include making ornaments, etc. which the Club could sell at a Christmas Bazaar to help raise funds to finance our Christmas activities.

### FOREMEN'S SPRING ACTIVITIES ATTRACT BANNER CROWDS

Top photos:— The annual spring dance of the Foremen's Club was held at the Fountain Hearth in Woodbury. The most enjoyable evening included a cocktail hour, roast beef dinner, and dancing to Lou Bond's orchestra.

Lower photos:— Always well attended, the annual golf tournament got underway at Chase Country Club at 8:00 a.m. The outing followed at Woodtick, starting at 10:00 a.m. with an all-complete outing menu being served all day.

## \$2500 Paid Out For Employee Suggestions

\$333. was the amount awarded to Franklin Boyd of B & S Davenport. He suggested a new method of repairing parts for the New Britain machines which save downtime, materials and labor. He accepts congratulations and award from Dept. 82 Foreman Roger Godin.

\$300. was awarded to Erwin Sachse of M-219 Fuze, who developed a new method of feeding parts on dial presses which helps to increase production and results in substantial saving of downtime. Anthony Mazurkivich, of the Suggestion System program, presents the award.

\$240. went to Fred Teach of the Wire Mill for his suggested method of cutting down machine maintenance on two Wire Mill machines. Foreman Willard Shove presents the award, which is in partial payment, and congratulates Mr. Teach who is no newcomer to submitting suggestions and winning awards.

## Rod & Gun Club

By Vin Manzolli

The June meeting, held at Woodtick, was well attended as expected. So much so that we expect to continue to hold our meetings outdoors for the next few months. Flyers will be sent out prior to meetings.

Well, fishermen—where have you gone for the big ones this summer? Did you catch what you went after? It's surprising where some of our people do their fishing; sometimes successfully, sometimes not. A quick check brought the following to light:

Bob Pierson, Fred Kirschbaum, Dom Cherubini and Lou Quattrocchi enjoyed a most successful trip to Lake Waconichi, Upper Canada, where they caught their share of lakers and squaretails . . . the Pagano boys, fishing the same lake, brought back some unusually large white fish (5 pounders) . . . Joe Goggins and Vin LoCurto have had some success trolling for trout at Quassapaug, as has Ray Kasidas.

Some of the largest fish caught by our members were the 25-30 lb. cod, taken by Bazil Bezubly, Howie Laire and Leo Beck off Point Judith, L. I. . . . Bob and Roy Fumire had luck fishing for trout in the Battenkill River, Vt., while Joe Yinkosky and Earl Tooker brought back some beautiful lakers from Big Averil Lake, also in Vermont.

Ray Curtis and Pete Bleau got their daily limit of walleyes on their trip to Lake Champlain . . . 10-12 lb. stripers have been taken almost weekly by Bill Vining and Dick Northrup from the Thames, their favorite spot, while Charlie Rimkus and Lenny Samela did most of their fishing at Mt. Tom, unsuccessfully we must add.

John Engratt and John Matulunas have a good thing going for them right here at Woodtick — their wives do the rowing

\$122. was awarded to Donald Vance, of Industrial Coupling Research & Development. His suggested method of making and machining parts helps to cut down the cost of parts used for closing couplings. Anthony Mazurkivich listens with interest to details of the idea.

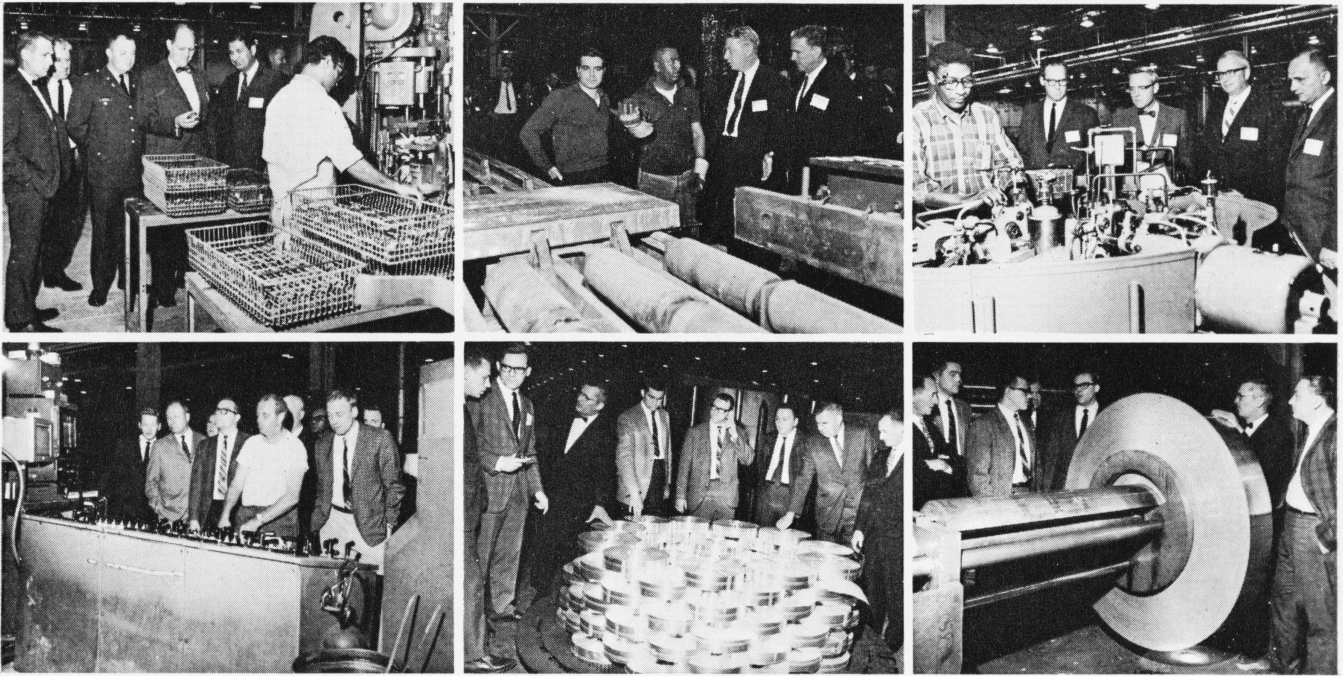

while they plug for bass or go after the bullheads . . . Congratulations to Tom Muckle who received the praise and thanks of Hammonasset Park officials for pulling out a 6' sand shark by the tail, barehanded . . . Last but not least, Pat Ciasullo dug enough clams from the waters at Indian Neck to feed his family till fall. All in all, a fairly good summer, don't you agree?

A most important date to remember is August 17th when the annual R & G outing will take place at Woodtick from 3 to 8 p.m. Come and eat your fill of steamers, clams, steak sandwiches, hot dogs, hamburgers, etc. See you there!

## Other Cash Awards

- \$540. Alvin Trotman, Fuze C Screw Machine & Chuckers
- \$379. Harry Bellemare, Clos. Tool
- \$292. Toby Stabile, Coupling
- \$252. Armand Provancher, Fuze C Plating, Painting & Shipping
- \$252. A. Bennie Macrelli, Fuze C Plating, Painting & Shipping
- \$229. Thomas Perry, Button Attach.
- \$120. Julius Zembruski, M-219 Fuze
- \$90. Sylvester Woodhouse, Fuze C Kingsbury & Secondary
- \$60. Mario Guerrero, Blank & Draw Tool Room (partial award)
- \$60. Tom Cawett, Closing
- \$60. Daniel Esposito, Fuze C Kingsbury & Secondary
- \$44. Harry Duren, Strip Mill
- \$30. William Serrell, Repair
- \$30. Roy Silva, Repair
- \$30. Alexander Buccini, Gripper Eyelet Tool Room
- \$18. Stanley Hypsh, Blank & Draw Tool Room
- \$12. Gino Ercoli, Japan
- \$6. Marciano Cipriano, Sanitation

ORDNANCE, ELECTROPLATERS' ASSOCIATIONS TOUR SCOVILL PLANT

Top row:— Approximately 200 members of the Hartford-Springfield Chapter of the American Ordnance Association visited the Scovill mills and the new Fuse Bldg. in conjunction with their annual spring meeting.

The Ordnance Association is a society of American citizens dedicated to industrial preparedness for the national defense of the United States. Membership in this Chapter includes representatives of most of the major industrial firms in Southern New England.

Bottom row:— Recent visitors to the plant included about 75 members of the Hartford Branch of the American Electroplaters' Society. This tour, also in conjunction with their regular monthly meeting, included the Rod and Tube extrusion areas, the Continuous Brass Strip Mill and the Aluminum Sheet Rolling Mill.

Forty companies of the electroplaters' industry are members of the Hartford Branch of the Society, most of which were represented in this visit to our plant.

### Pre-Retirement Program

*(Continued from Page 1, Column 2)*

formal, friendly sessions in which all may discuss, in general, matters which might cause concern when retired.

Many have voiced surprise on learning of subjects which should be planned for — legal matters which should be considered are brought to their attention by a lawyer — maintaining good health and health services available to the retired are discussed by a doctor and a nurse — budget planning and proper diet are covered by a professional nutritionist — recreational outlets are presented by a librarian and a representative of the Retired Workers Council — social security is discussed with a representative of the local Social Security office— living arrangements, family relationships, etc. are all discussed.

A two-hour session (from 2 to 4 p.m.) is held once each week, on Wednesdays, for eight weeks. One hour is paid for by the Company, the other is on the employee's own time.

Group units are now being set up for the fall and winter months. Inter-

ested employees are invited to register. Assignments to units must take into consideration departmental needs. It may not be possible to assign more than one employee from the same shift in one department to the same unit, as this could interfere with production requirements.

Additional information may be obtained from your foreman, steward, someone who has already taken the course, or by contacting Emil Howes, Employee Rela., Ext. 636. To register, fill in and send in the blank below.

### Cost Ofc. Bowling

The annual meeting of the Scovill Cost Office Bowling League will be held on Wednesday, August 21st, at 7:30 p.m. in the SERA Building.

Bowling season starts on Monday, September 9th, at 5:20 p.m. at Perillo's on Meriden Road. Anyone interested in becoming a substitute in the league with the possibility of becoming a regular is asked to contact Tom Gifford, Ext. 713 or Marie DeBiase, Ext. 879.
