

# SCOVILL BULLETIN

JUNE, 1968

Published by Scovill Manufacturing Company for its Employees

## INFORMATIONAL MEETING FOR BOND DRIVE CANVASSERS

Department foremen and stewards were briefed on the Share-in-Freedom campaign which was conducted throughout the plant during the month of May. Pictured above is one such group attending the meetings which were held at the SERA. Right photo:—George Murdock, Area Man-

ager, U.S. Savings Bond Division, Treasury Dept., explained the program. At press time, with the drive just about half over, reports were that employees are taking advantage of the opportunity to join the savings plan or to increase their present amount of savings.

## Vacation Shutdown

The Waterbury Divisions and Services will be closed for vacations starting Monday, July 1st, and will reopen with the start of the first shift on Monday, July 15th. Any exceptions will be by notification in departments or to individual employees.

Employees who qualify will receive holiday pay for July 4th.

The *BULLETIN* will not be published during July. The next issue will be mailed August 12th. Deadline for classified ads will be July 26th.

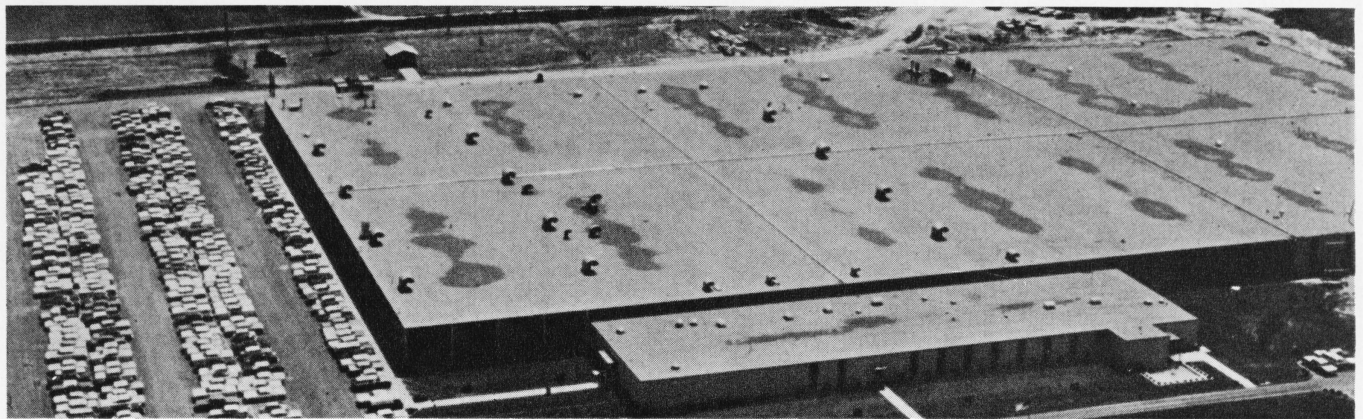

## "Be A Winner" Contest

Approximately three weeks remain in the Suggestion System's new contest for employees to send in qualifying suggestions which will make them eligible for the drawing of five special prizes.

Suggestions must be submitted, on an official Suggestion form, and must meet the requirements of the policy stated in the Scovill Suggestion System manual. They must be submitted by June 21st and received no later

than Monday, June 24th.

The prizes will be awarded in a random drawing to be held at 3:15 p.m. on Thursday, June 27th, at the SERA. They are:— a color console television set, a NuTone complete radio/stereo outfit, a black/white television set, a special prize for the ladies — a \$250 gift certificate to one of the leading women's apparel stores in town, a special drawing for the men — a set of power tools.

## HAMILTON BEACH DIV. AT WASHINGTON, NORTH CAROLINA

Opened in 1966, this plant has just been expanded 50% by a new addition. Hamilton Beach announced the closing of its original Racine, Wisc. plant because it could no longer be operated on a competitive basis.

Racine manufacturing operations have been transferred to this new plant and to a second modern plant at Clinton, North Carolina. In a further move to achieve increased efficiency and additional economies, division headquarters have been moved to Waterbury, Conn.

# MEMO *from Management:*

## Help The Hard-Core Unemployed

How to place the so-called hard-core unemployed in self-supporting jobs is one of the most difficult and challenging problems that we face today. Members of this hard-core group have a lot of catching up to do before they can hold down a steady job. With little or no education, skill, or motivation, they must receive specialized help. Experience has shown that they cannot make the grade alone.

Numerous training programs have been established on the national, state and local level with only partial success. Some of these programs have not been flexible enough to deal with the particular problems of the hard-core unemployed. Others have had entrance requirements that keep out the people most in need of help. Most of these programs have not involved the active participation and support of those who can supply the jobs required—the business leaders in the community. As a result, people are often trained for jobs that may not exist in the local area.

A new Work Training Center is now being established in Waterbury to help the hard-core unemployed with their particular problems. Its objective is to promote the basic motivation needed by those who will attend the Center and to prepare them for entry level jobs in business or for further training in existing vocational educational programs.

This new Center will be run by our local anti-poverty agency, New Opportunities for Waterbury. It has the full support of the Waterbury Chamber of Commerce and the Naugatuck Valley Industrial Council. Representatives of many local business concerns have visited the Center and have endorsed it highly. They have agreed to interview trainees at the Center and hire them for openings in their firms upon completion of their training programs.

The success of this program will be of direct benefit to us all. The hard-core unemployed create problems—for themselves, for their families and friends, and for the community. The new Work Training Center offers us a constructive way to do something realistic about these problems. Scovill has pledged its best efforts to make this Center a success. We know that we can count on the full support and cooperation of Scovill employees.

## Taxpayers Ask IRS

*Q—I have an extension until the middle of June to file my return as the result of illness. Is it true I'll have to pay interest on my taxes when I do file?*

*A—Yes, interest at the rate of six percent a year must be added to taxes that are not paid in full by the filing deadline. This interest must be paid even though a taxpayer has received an extension of time to file his return.*

*Q—I made a mistake on my return which led me to overstate my income by several hundred dollars. Can I file for a refund on this even though I have not received the refund I requested on my original return?*

*A—Yes, you can correct this filing error now even though the refund on your original return has not arrived. Obtain a copy of Form 1040-X from your local IRS office and follow the instructions on this form for correcting your mistake. You will receive a separate refund for the difference between your original refund claim and the corrected claim.*

*Q—My son is taking a job this summer and plans to put most of the money he earns in the bank to pay his college expenses in the fall. If he earns over \$600, will we lose our dependency exemption for him?*

*A—If your son is under 19 or is a full time student, the amount of money he earns will not disqualify him from being claimed as your dependent as long as the other dependency tests are met.*

*Q—I'm moving soon. Should I do anything about my refund if it doesn't come before I leave?*

*A—If your refund hasn't arrived before you move, don't forget to file a change-of-address card with your postmaster. Then your refund check can be delivered at your new address. Lack of an up-to-date mailing address is a major reason why refund checks are delayed in getting to taxpayers each year.*

*Q—I'm thinking of buying some U. S. savings bonds and putting them in my son's name. If I do that, will I have to pay tax on the interest?*

*A—If the bonds are issued solely in the child's name, or in his name with you listed as beneficiary then he will be liable for tax on the income they earn, not yourself. Unless income from the bonds and other sources add up to \$600 or more, then no return need be filed for your child.*

## Retirements

GENNARO MINERVINO, acid dipper—electric hoist, Dip Room, was retired as of May 5, 1968—24.5 years.

### Effective June 1, 1968

CLIFFORD ADAMS, caster's helper in Casting—27.8 years of service.

MARY ALLEVA, miscellaneous machines and bench operator in Fuze C Plating, Painting & Shipping—almost 40 years' service.

JOE GOMES, maintenance man in the Aluminum Mill—31 years.

WILLIAM HUDSON, serviceman in the banding area of the Aluminum Mill—40 years' service.

ALDEA JOLY, assembler in the Cleaning Dept.—24.6 years.

FRED PALMIERI, annealer-helper in the New Milford Tube Mill—29.9 years' service.

## Credit Unions

Scovill Employee Credit Unions #1, #2, #3, and #4 will not operate during the vacation shutdown period.

Loan applications must be in by noon

## New Assignments

### Employee Relations

Activities of the Employee Relations Department have been transferred from Waterbury Services and will be under the direction of Vice President John W. Moore, Jr.

J. MILTON BURRELL — in addition to his present duties as Director of Employee Relations, is responsible for Wage and Salary Administration.

H. DAVID ECKERSON and HERBERT FALLER — and their staffs, have been transferred from the Planning Dept. to Employee Relations. They are located in the Employee Relations Bldg. and can be reached on their present telephone extensions.

### General Products Div.

Scovill-Schrader International Operations, a new organization of the General Products Division, has plants located in Australia, Brazil, England, France, and India. Responsible for the organization's operations are:

F. R. STARR—Administrator

H. H. EGGINGTON—Group Director

The Canadian Scovill-Schrader plant will continue to report through Scovill-Schrader, Nashville.

## Blood Donor Day Set For June 5th

All employees are invited to participate in the pre-vacation blood donor day to be held at the SERA on Wednesday, June 5th from 11:00 a.m. to 5 p.m.

General Products Divisions employees are normally assigned to participate in the 2nd visitation of the Blood Mobile Unit to Scovill each year but, because of the scarcity of blood in all hospitals — and the need to be assured of available blood in case of emergency during the vacation period — all other eligible employees are urged to volunteer a unit of blood at this time.

JAMES GUINEA left to enter military service on May 2, 1968. Serving as a maintenance man in the Casting Shop, he has been in Scovill since June, 1966.

on Wednesday, June 26th. Please plan deposits and withdrawals by noon on Friday, June 28th.

## Service Awards

Rocco Loffredo  
Sc. Mach. Tool  
40 yrs—May 3

John Mataboni, Wire Mill  
40 years—May 7, 1968

Simon Magnarella, Rod Mill  
40 years—May 20, 1968

Frank Stanco, Box Shop  
25 years—May 3, 1968

John J. Sugrue, West Machine  
25 years—May 10, 1968

Beatrice Sirois, Relay  
25 years—May 11, 1968

Antoinette Altieri, Lacquer Room  
25 years—May 14, 1968

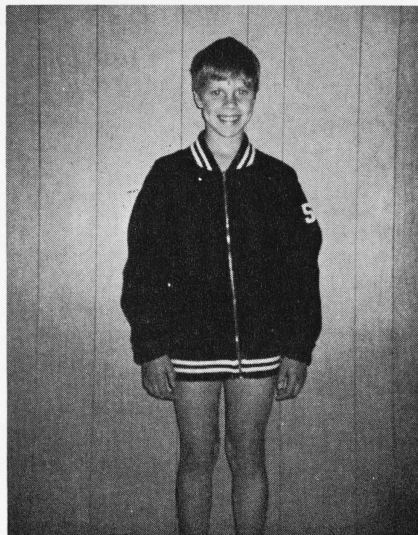

Jo-Ann Donahue, Fuze A Assembly  
10 years—May 6, 1968

Theodore Zaloski, Tube Mill  
10 years—May 19, 1968

## 9 Year Old Silver Medal Swimmer

When the format of our publication was changed a few years ago, we had to forego carrying articles on personal activities of employees and articles concerning accomplishments of their children. However, the records set by this 9-year old are remarkable and we feel the story worthy of sharing with you.

9-year old Jill Puzas, daughter of

Jill Puzas

Bronis Puzas of the Gripper Eyelet Tool Room, was one of 76 Connecticut swimmers chosen to participate in an AAU dual meet against the Puerto Rican Swim Foundation last month. Jill was one of 11 youngsters chosen from the Naugatuck Swimming Association as were Alexis, Matt and Michael (alternate) Zurlis, children of John Zurlis, Strip Mill.

Leaving from New York by chartered plane on May 2nd, the swimmers and their chaperones were flown to San Juan where they were housed and fed in the homes of the Puerto Rican swimmers. The meets were held in the Escambron Olympic Pool in San Juan. The group returned home on May 6th after 2 exciting days of sightseeing as guests of the host families. Next year, the Puerto Ricans will come to Connecticut under the same arrangements.

Jill participated in three events for the "10 years and under" age group, and won the 2nd place silver medal for each event — certainly an outstanding accomplishment.

Although not placing to win individual medals, the standings show the Zurlis children did exceptionally well on the relay teams.

## Rod & Gun Club

By Vin Manzolli

The May meeting was held at Wood-tick with a goodly crowd in attendance. We suspect the success of these outdoor meetings is due to the culinary abilities, over a charcoal fire, of *Charlie Carpentier*, *Carmen DiMaria* and *Greg Karatt*. These fellows have a way with hot dogs, hamburgers and sausages that simply make them melt in your mouth. It was unanimously voted to hold the June meeting outdoors also. Flyers will be sent out.

A big "thank you" to Rifle Chairman *Charlie Carpentier* and some of his men for taking time to instruct the 20 boys of the Scovill-sponsored Explorer Post on safety in handling of guns. The talks by *Harold Slocum* are always well received.

*Lou Monnerat* and *Frank Porter* caught fine sized trout at the recent fishing competition while *Lee Graham* measured in both calico and large mouth bass. *Wally Bergstrom*, last year's champion, managed to hook the largest bullhead.

The next fishing contest is the popular Children's Contest scheduled for June 9th from 9 a.m. to 3 p.m. Prizes will be awarded to the winners of three age groups: 3 to 6, 7 to 11, and 12 to 15. This contest will be under the capable supervision of *Earl Tooker*, who has done an outstanding job for many years.

For those of you who haven't had too much luck so far, a third stocking of 500 brownies took place May 11th. We know the fish are there — it's up to you to catch them. Good luck!

And speaking of where the fish are — *Basil Bezubly*, *Leo Beck* and *Howard Laire* certainly were in the right spot recently on their fishing excursion to Pt. Judith on the boat *Gail Francis*. Within 2½ hours they had caught 120 red rock cod, averaging 4 to 5 lbs. They complained of having no rest periods at all — as soon as that hook hit the water a customer was waiting for it. But there were no complaints from the friends and neighbors who were benefactors of this bounty brought back by the boys.

Have a wonderful vacation — if you have interesting fishing news, call me and tell me about it.

### REMINDER

Fishing is not allowed at the swimming area from Memorial Day (May 30th) until after Labor Day (Sept. 3rd).

ROD & GUN CLUB BANQUET. Speakers included Mr. S. T. Williams (at speaker's stand), George Goss and Dick Handler, local fish and game reporter. Lower photo: Rifle Chairman Charles Carpentier presents trophy to Tony Cocchiola and Clarence Bradshaw, members of the Champion Mfg. Eyelet team. Other team members were Bill Cavalari, John Durbin and William Galvin, 3rd.

### SPORTS SAFETY — NO. 1 BOATING HAZARD

One of the fastest growing pastimes today is boating. It is estimated that forty million people are participating in this sport. With this pastime, however, there are many hazards, the greatest of which is fire.

There are laws governing the operation of boats, but it is up to the individual to always be careful where safety is involved. Listed here are a few ways to prevent boat fires.

Don't use flammable materials for interior decorating.

Keep bilges free of oil and gasoline.

Carry gasoline in approved safety containers.

Use alcohol or kerosene in pressure stove for cooking. (Gasoline is dangerous. One-half pint has the explosive power of five sticks of dynamite).

Carry approved fire extinguishers. Check them frequently.

Never fuel at night except under well-lighted conditions.

Patronize safety-conscious fueling stations.

If possible, remove your fuel tank from boat for refueling.

Remove passengers from boat while refueling.

With the warmer longer days of June, and vacations coming up, more and more people are turning to outdoor sports. Whatever the sport is—be sure you check your equipment—know the rules—and play it safe.

Happy vacation days to you!

## Retired Folks' Picnic

Thursday, June 6th, is the date set for the annual spring picnic for the retired employees of the Waterbury (including New Milford) and Oakville divisions to be held at Woodtick.

Members, together with their husbands and wives, will meet at the SERA Building, corner East Main and Mill streets, at 1:30 p.m. and will be driven to the Woodtick Picnic Area.

Those who may be driving and will pass the SERA Building on the way out are asked to stop and take some of the others along. Transportation will be available for all.

In case of inclement weather, a program will be held at the SERA.

## Your Social Security

### Medicare Claims

Claims for Hospital and Medical Insurance benefits under Medicare are being needlessly delayed because of the failure of many beneficiaries to make use of their Medicare Health Insurance cards when they receive services or file a claim for benefits.

The Social Security administration strongly urges persons 65 and over, who are enrolled for Medicare, to carry your Health Insurance Card with you at all times just as you do your driver's license or other identification card. It is especially important to copy this claim number from this card when filing a doctor bill claim.

The card, easily recognizable by the red, white and blue bands at the top and the words "Health Insurance" carries information which the hospital, doctor and insurance carrier must have in order to begin processing a claim. Each person enrolled under Medicare is issued one of these cards, containing his or her own name, claim number, sex and beginning date of coverage.

The most important information is the number on the card which is shown immediately below the words "Claim Number". Failure to provide the exact Health Insurance claim number is the most common reason for delay in payment of a claim. It often results in much unnecessary work and time-consuming recontacts with the beneficiary by hospitals, doctors and insurance carriers.

The Social Security Administration, therefore, advises *know your Medicare card and carry it with you at all times for it is the key to receiving Medicare services and prompt payment of claims.*

MAY 1ST RETIREES FETED BY CO-WORKERS

*Top photo:— William F. Clark, Fuze C Service, had a service record of 30 years when he was retired as of May 1st. His fellow workers gather around to wish him well in his coming years of retirement.*

*Bottom photo:— Factory Supt. Anthony Cugno and Press 2 Asst. Foreman Paul Delage extend tokens of best wishes to Natalina Rosa on behalf of her fellow workers. She had accumulated 23 years of service when retiring on May 1st.*

## Medallion Products Is Company Of Achievement

A company of distinction, made up of young enthusiastic business men and women of distinction — this was Medallion Products, the Junior Achievement Company sponsored by Scovill this past year in Waterbury.

The company manufactured and sold roadside safety flares. Scovill employees working with them as advisors were Norman Powe, John Staver and Leon LeClerc. These advisors are rightly proud of this company as they relate accomplishments of its members:—

President Catherine Montagano has been elected "Achiever of the Year"—highest honor to be awarded to participants in the program.

Treasurer Gordon Parent was elected "Treasurer of the Year".

Vice President Robert Martinelli placed as a finalist in the "Vice President of the Year" contest.

Medallion Products has the distinction of having the largest number of company members who have been presented sales award pins in recognition of their joining the ranks of the Junior Achievement \$100.00 sales club. They are: President Catherine Montagano, Treasurer Gordon Parent, Asst. Treasurer Kathy Hall, and Personnel Director Luci Janiszewski.

Elected to office in the Achievers' Association for the coming year are: Kathy Hall as Treasurer, and Luci Janiszewski as Corresponding Secretary.

David Moulton, treasurer of the J. A. Trivet & Co., also sponsored by Scovill, was a finalist in the "Treasurer of the Year" contest. James Mitchell, of our Aluminum Mill Sales Dept., served as an advisor to this company which was located in Cheshire.

## Softball League

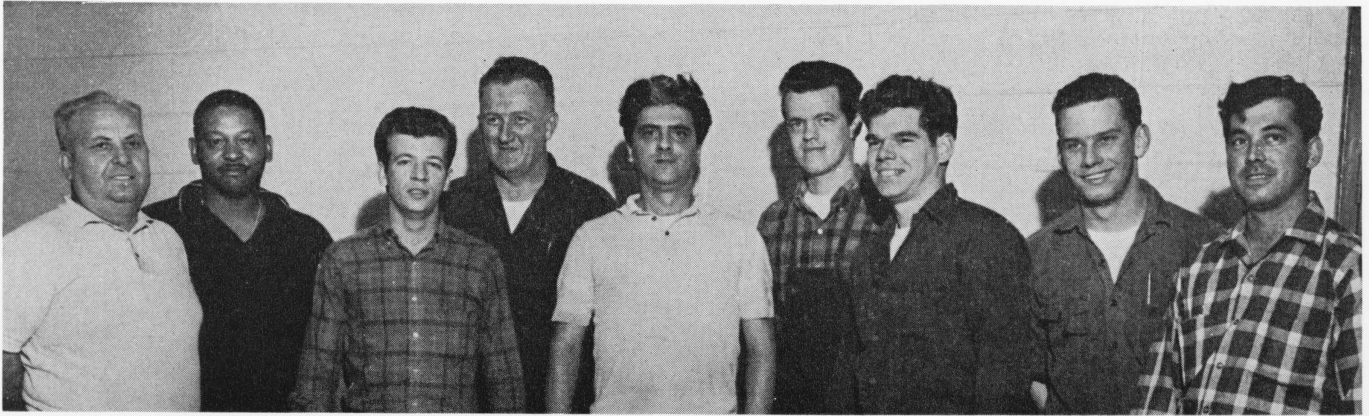

Seven teams are now entered in the inter-department Softball League. Play has started but anyone interested in playing will be most welcome.

Play is on Mondays at 6:30 p.m. at the Brass Mill Diamonds.

### Girls' Softball

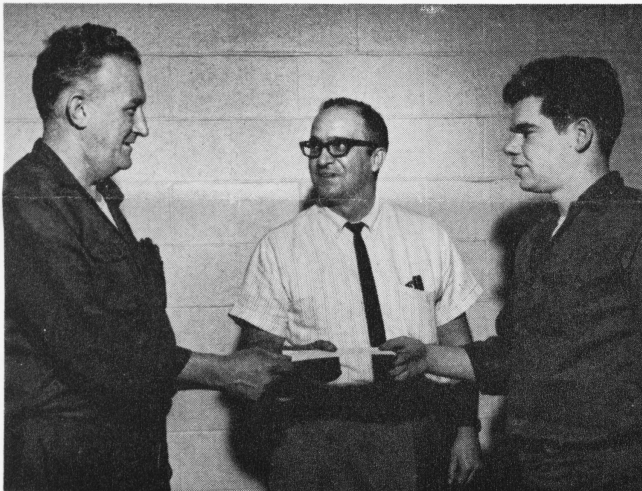

If enough interest is shown, a girls' softball league will be formed. An organizational meeting was scheduled for May 23rd, but all women interested may call the Employee Activities Office (Ext. 834) for details.

## Ideas Pay Off To Fuze C Employees

Proving that the number of suggestions for better ways of doing a job are not limited in a department, employees in the Fuze C Department have been sending in their ideas ever since the building was officially opened in May, 1967. With the paying of this May's suggestion awards, a total of over \$5,000 has been paid to employees in this one department.

Pictured here are nine of the men who have submitted ideas during the year, winning substantial amounts. They are, left to right: Ted Vaccaro, Alvin Trotman, Richard Ciriello, Francis Ford, Joseph Cipriano, Pierre Savage, Richard Demarest, Martin Egan and John Saunders. Several have won on more than one suggestion, and they're still sending them in.

\$219.50 each for Frank Ford and Richard Demarest. Frank Iorio (center), Asst. Foreman of the Fuze C Tool Room congratulates the two men who worked jointly on their idea of altering fixtures on the Nichols single head millers which helped to increase production.

\$120.00 went to Frank Uriano of Fuze C Kingsbury & Secondary department for his idea of changing tools which results in a more uniform countersink on aluminum adapters. Here he accepts the award check from Methods Engineer Anthony Mazurkivich.

### Other May Awards For Suggestions

\$826. — Victor Palladino, New Milford Tube Mill, suggested the installation of a water spray on the Piercer Mill in a strategic position which reduces maintenance and assures longer life on the rolls.

\$72. — Gregory Crotty, Blank & Draw Tool Room

\$30. — Sylvester Woodhouse, Fuze C Kingsbury & Secondary; Charles Radtke, Jr., Lacquer Room

### Retired Folks Plan Summer Bus Trips

June 12—a bus trip is being planned to the Belmont Race Track in New York. The bus will leave from the SERA at 9:15 a.m. Cost, including transportation, admission to the track and club — \$7.25.

July 24 — a bus trip and boat cruise, Circle Island, New York. The bus will leave the SERA at 8:30 a.m., returning around 8:30 p.m. Cost, including bus and boat — \$7.00.

### Horseshoes

A new battery of six horseshoe pits, and a new official size bocci court, have been installed at the Woodtick picnic area, across the street from the swimming area.

Employees interested in joining a league for either horseshoe or bocci playing are asked to contact the Employee Activities Office, or Rudy Morse.

It is anticipated that league play will start by the middle of June.

# Girls' Club News

By Sandra Goldberg

Well, it's that time again — vacation's coming up so this will be the last column by this reporter. A new one will be appointed at the June Council meeting—but it has been fun.

Our girls have finished their bowling season with a banquet at Corbo's. *Nora Williams* was champion bowler for the year with a high average of 106; *Pat Woods* was second with 102. *Helen Albert* and *Dot Almeida* tied for the high single mark with a score of 144; *Lucille Houseknecht* won second high single with 143. High three was won by *Mae Despins* with 352.

*Della Riccio*, bowling secretary, says this season may be over but bowling is not forgotten. If you're interested in signing up for next year, contact her. Bowling will start again on the first Thursday after Labor Day.

*Dorothy Chambers* announces the next bus trip to New York will be held on Saturday, June 8th. She's also working on other possible trips during the summer. Watch for flyers.

Our annual picnic is being planned for after the shutdown period, possibly early August. Flyers will also be sent out on this event.

We're sorry limited space does not allow us to carry their names but we do want to say a hearty "welcome" to our 35 new members, including several from the Oakville Division.

Have a happy vacation, everyone.

GIRLS' CLUB NEWLY ELECTED OFFICERS

*Spearheading activities of the Scovill Girls' Club for the coming year are these well-known members who have served the Club for a number of years. Left to right, are: Vice President Dorothy Chambers (Mill Accounting); President Ellen Donovan (Addressograph); Secretary Sandra Goldberg (Addressograph) and Treasurer Patricia Woods (Cosmetic Container Sales Office).*

## Obituaries

PAUL DORAN died on April 26, 1968. Retired, Casting Shop in December, 1966—15 years' service.

MICHAEL GIANNELLI died on April 30, 1968. A sand rolling operator in the Wet Roll Dept.—28 years.

FRANK STACK died on May 3, 1968. Retired, Waterville Buff Room in June, 1959—28 years' service.

LENWOOD HARRELL died on May 5, 1968. PFC Harrell was killed in action in Vietnam. Coming to Scovill in June, 1966, he was serving as an adjuster on Kingsbury machines in the Fuze C Dept. when he left for military service in October, 1967. He was the son of Herman Harrell, of the Rod Mill, and Emma, of the Lacquer Room.

CLARENCE GALIPAULT died on May 13, 1967. A floorman and hand-trucker in the Foundry—43 years.

ANTONIO SILVA died on May 13, 1967. Retired, Foundry, in October, 1967—17 years' service.

JOHN T. FLEMING died on May 17, 1968. Retired, Button & Fastener Production in October, 1962—45 years' service.

## Scovill's 1967 "Benefits Package"

Employee benefits are an essential part of the pay picture in any firm.

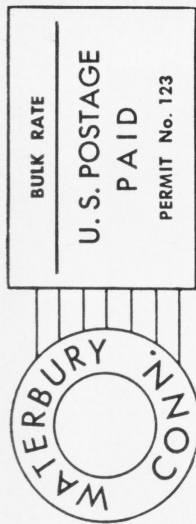

At Scovill, these benefits totalled \$12,299,459 for the year 1967. This was an increase of \$607,348 over the previous year. All of these benefits averaged approximately \$2,460 per employee for the year.

In addition to straight time earnings, this amounts to \$1.272 per straight time hour in extra income per employee.

The benefits, in addition to straight-time earnings, were:—

Vacations	\$ 2,325,600
Holidays (9½ holidays with pay)	1,239,700
Disability Insurance	244,517
Supplemental Unemployment Benefits	17,800
Funeral Pay	22,000
Illness Pay	36,806
Medical Services	140,048
Life Insurance	454,500
Medical Care Insurances	1,172,200
Pensions	2,707,800
Overtime and Shift Extras	1,881,564
Miscellaneous benefits	86,474
(incl. Suggestion Awards, Military Pay, Tool Bonus, Fire Duty Premium, Camp Duty, Recreation)	
*Social Security	1,337,250
*Unemployment Compensation Insurance	427,100
*Workmen's Compensation Insurance	206,100

Total Cost to Scovill \$12,299,459

# Most car thieves have to be home before midnight.

Because so many of them are under 16.  
Don't help a good boy go bad. Lock your car. Take your keys.
