\$1,050 SUGGESTION AWARD TO LOUIS QUATTROCHI

West Plant Factory Superintendent Anthony Cugno (right) presents check in the amount of \$1,050 to Louis Quattrochi, Dip Room, for a suggestion which he originally submitted in February, 1965, before being promoted to supervision.

A suggestion submitted by Louis Quattrochi back in February, 1965, was found not to be adaptable at that time and so was filed away. However, with changes in conditions and requirements of the job, the suggestion was brought out, reviewed, tried out, and found to be adaptable. It concerns a new type of compound to be used in Dip Room

processes in place of the plater's compound and cyanide powder formerly used. It eliminates the cost of breaking down the cyanide powder which was required prior to dumping in the river; also saving the cost of buying the powder.

Other suggestion awards will be found on page 6.

Holiday Special "B" Day, Nov. 26

Making up your Christmas Gift list? Fine—at the top of the list, please jot down the date of Tuesday, November 26th. That's the day to deliver your most precious gift—a pint of blood—to the Blood Mobile Unit at SERA.

The unit will be set up in the SERA Building from 11:00 a.m. to 5:00 p.m. As usual, it will be manned with trained nurses, doctors, clerical workers and the wonderful ladies of the Red Cross Canteen who, together with the SERA, provide delicious refreshments for all donors.

The Holiday Special Blood Donor Day is open to all qualified employees throughout the plant and, in order to maintain the fine record set at the first three visitations of the Mobile Unit to

Scovill this year, a quota of 200 pints is set for this day.

What better way to get into the Christmas Spirit than by giving a unit of life-saving blood? It could very well make the difference as to whether another human being would live to see the happy holiday season. It's a gay, happy time for most of us but accidents, illness and the need for heart surgery do not take time off for holidays and, it might even be that we ourselves, or a loved one, will be in need of blood before the holidays are over. Let's do our part to make sure that we will not regret the lack of blood in our hospitals for any emergency.

See you at the SERA on Tuesday, November 26th, between 11 a.m. and 5 p.m.!

Scovill Reports Profit Increase

Scovill's recently released report for the first nine months of 1968 shows a 13% increase in profits and a 19% increase in sales, compared with the same period last year. As a percentage of sales, however, profits declined slightly, from 3.6% in last year's period to 3.5% this year. Comparative figures for the two nine-month periods are summarized as follows:

	First Nine Months	
	1968	1967
Sales	\$290,015,000	\$250,365,000
Profits after Taxes	\$ 10,031,000	\$ 8,986,000
Profits as % of Sales	3.5%	3.6%

President Malcolm Baldrige attributed the earnings increase to significant improvement in the NuTone and Hamilton Beach divisions and in such other consumer lines as apparel fasteners and notions and sewing aids.

"Golden Days"

Approximately one month remains in the Suggestion System's Golden Days Contest for employees to send in qualifying suggestions which will make them eligible for three special prizes.

Suggestions must be submitted on official Suggestion form, and must meet requirements of the policy stated in the Scovill Suggestion System manual. They must be submitted by December 13, and received no later than the 16th.

Drawing for prizes will be held at the SERA on December 19th.

Top prize is a beautiful ash gold 1969 Chevrolet Chevelle Malibu sport coupe. It comes equipped with power-glide, radio, whitewall tires, wheel covers, and black vinyl roof cover. The registration fee, state tax, and federal excise and income taxes will be paid. It is being displayed at various plant entrances during the contest.

Winners of the 2nd and 3rd prizes will be given a choice of one of our Hamilton Beach appliances.

MEMO *from Management:*

Understanding Profits

Most people just don't understand profits. The average American believes that U.S. companies earn about a 20 per cent profit on sales, according to a series of polls taken by professional pollsters.

Such estimates are far from the true facts. Although profits do vary from industry to industry, the average profit on sales in 1967 for the 500 largest industries in the country was about 5%. Scovill's profit on sales for 1967 was 3.6%—for the first nine months of this year, it was just under 3.5%. In 1966, one of our best years, it was 4.1%.

This misunderstanding is serious because it stirs up ill feelings and resentments toward American business. This is particularly unfortunate because other polls have shown that the average person believes 10 per cent to be a fair profit on sales—about twice what they actually are.

Why does this distortion exist? Businessmen, themselves, are as much to blame as anyone else. They have been too defensive about profits. They haven't talked enough about why profits are necessary—of how they protect existing jobs and create new ones. Because of their everyday experiences, business leaders are in the best position to know what profits do for our economy and to clear up any misconceptions that exist as to their size.

Because of their reporting procedures, the nation's press is also partly responsible for any misunderstanding that exists regarding profits. A typical headline might read "XYZ Company Profits Rise 30%". People just remember the "30 per cent" and tend to associate that with the rate of profit. Actually, this particular company might only have gone up from a 3 per cent profit on sales to a 3.9 per cent, an increase of 30 per cent, but still below average as compared to other companies.

Our school system also shares some of the responsibility for the distorted views that exist about profits. There are not enough courses on basic economics and not enough understanding among teachers concerning the profit function. Young people just aren't getting enough facts and enough of an opportunity to discuss them while their minds are still in the formative stage.

The accomplishments of our economic system are the envy of the world. Profits are the fuel that keep this system going. Anything that we can do to help create a better understanding of profits will surely help our economy, our company, and our jobs.

Hamilton Beach Products At Show

Our Hamilton Beach line of mini-appliances (small household items such as blenders, knives, mixers, etc) will be featured at a special event to be held at the SERA Building on Monday, November 18th, starting at 8:00 p.m.

Use of these products will be demonstrated by members of the Home Service Division of Connecticut Light & Power Company and narrated by Marilyn Surdyk.

An added attraction will be a fashion show with Scovill girls modelling a wardrobe from Bradlees that will "Waltz thru Washday". Models are Josephine Byrolly, Carol Gagliardi, Korin McDonnell and Lillian Santilli.

Admission is free and attractive door prizes will be awarded.

Holiday Special "B" Day

Tuesday, Nov. 26

SERA — 11 a.m. to 5 p.m.

Christmas Gifts To Servicemen

These deadlines for mailing Christmas parcels to servicemen overseas are given by Defense and Post Office Departments:

November 9—Regular mail: parcels weighing more than 5 pounds.

November 23—Space-available mail (SAM): If regular rates are used and parcel weighs less than 5 pounds. Such parcels will be airlifted on a space-available basis from East or West Coast to overseas areas.

November 30—Parcel airlift (PAL): For extra fee of \$1, parcels weighing 30 pounds or less. Such parcels will be airlifted, on a space-available basis, from point of mailing to overseas areas.

December 11—Air Mail: priority on airlift all the way.

All are advised to check with their local post office on size limitations.

Vietnam Special—If you plan to send a gift to a serviceman in Vietnam, you can insure delivery before Christmas on a special U.S. cargo ship by writing "Santa Claus Special" just above the address. This ship, carrying parcels with regular postage, will sail from Oakland, Calif., November 21 or 22 and unload at three ports in Vietnam before the holiday.

SERA President Names Committees

President Edward Borowski has named the following chairmen of activities for the coming year:

Executive and Current—Vice President John McKenna

Children and Family—Rose Petti
Fishing—Carmen DiMaria and John Capone

House—John Deegan and Stanley Grohowski

Retired Folks' Club—Margaret Snowden

Social—Margaret Snowden and Lillian Santilli

Sports—Len Synkowicz and Frank Bogush

Young Folks' Activities—Charles Summa and James Spann

Employees Support United Fund Drive

At presstime, according to word from in-plant co-chairmen Fred Wilson, William Baker and Felix Panasci, employees are responding to the call for assistance in supporting the activities of the health and welfare agencies of the United Council and Fund of the Greater Waterbury area.

A total of \$112,000 had been pledged at presstime, with returns still coming in from several large departments.

All workers in the drive and all employees who sign pledge cards are to

New Assignments

Closure Div.

RICHARD MCCAFFERY — Product Manager, Fasteners

JOHN T. BLAKE — Product Sales Manager, Blind Rivets

STANLEY C. SLEEPER — District Sales Manager, Kansas City Territory

JOHN F. WIEN—District Sales Manager, St. Louis Office

Employee Relations

EDMUND ROCHE — Sergeant, Guard Department

General Products Div.

J. N. HATHAWAY — Product Sales Manager, Automotive Sales

ROBERT W. PIERSON — Automotive Products Planning Manager

H. ARTHUR SCHUYLER — District Sales Manager, Rochester office.

W.H. O'HALLORAN — Director of Marketing. Includes marketing efforts of Waterbury operations, the Schrader-Nashville, Dickson and Toronto operations, and the General Hose & Coupling plant.

N.J. SCHAFFER—Director of Manufacturing. Includes manufacturing efforts of the Waterbury operations, the Schrader-Nashville, Dickson, and Toronto operations, and the General Hose & Coupling plant.

A.J. GIUFFRE—Controller. Includes financial efforts of the Waterbury operations, the Schrader-Nashville, Dickson and Toronto operations, and the General Hose & Coupling plant.

W.C. MITCHELL — Manager, Automotive Product Development . . . in addition, he is appointed Engineering Coordinator for the division.

HOLIDAY SPECIAL BLOOD DONOR DAY COMMITTEE

Working out plans for the Holiday Special Blood Donor Day when employees throughout the entire plant will be invited to contribute a pint of blood are Committee members: Frank Rinaldi, Closure Division; Thomas Gifford, General Products Division; Thomas Kaukas, Services; Frank Miller, Mill Products Division; and Assistant Employee Activities Manager Kent Montgomery.

Holiday Special "B" Day

Tuesday, Nov. 26

SERA — 11 a.m. to 5 p.m.

WILL IT-OR-WON'T IT? Joe Polletta, of Receiving, illustrates a routine assignment which, if not handled properly, could lead to an accident with possible injury to the driver as well as damage to material and equipment. The wrong attitude could prompt the driver to try to force his way thru the opening.

Prime Causes Of Accidents

Wrong attitude—lack of knowledge—poor judgment. These three factors are the primary causes for most accidents.

Wrong attitude—lack of emotional control in a person is a sign that he could be heading for an accident because of wrong attitude. Worry and irritability over home or personal problems could lead to wrong attitudes. The desire to "hit back" at someone or something could lead to an "I don't care" attitude—an attitude which certainly could lead to accidents.

Lack of knowledge—from childhood on to old age we learn that the more we know the more we can avoid accidents. We must know ourselves, our abilities, our limitations, our "self control", and our skills which are learned through experience—whether it be at home, on the road, or at work—we must obey Safety Rules.

Poor judgment—the third cause of accidents is error in judgment.

Each accident should be analyzed. Find out how it happened and why it happened. Then think of what you

would do to prevent it happening again.

A safety program for everyone is to watch your attitude and know what you're doing so that your own judgment will be sounder, then you can set an example for others.

Your Social Security

Social Security beneficiaries in Waterbury and surrounding areas who need to report changes of address or other events that affect the payment of their monthly benefits may now do so through the social security office at 236 Grand Street in Waterbury, according to announcement by Mr. Ernest D. Bauer, District Manager. Reports may be made by mail, telephone or personal visit.

Previously, beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events on postcard forms pre-addressed to one of six social security record centers throughout the country. Beneficiaries received the postcard forms when they initially applied for monthly benefits.

Mr. Bauer said that the change in reporting methods is designed to reduce the time needed to change addresses and process other information having an effect on payment of monthly benefits. The change is prompted by the information over high speed communications circuits to record offices.

In addition to address changes, events that affect receipt of monthly social security checks include employment, marriage or remarriage in some instances, divorce, and death.

Medical Benefits

Important Points to Remember

Husband/wife Plan—be sure to enroll your new spouse in your plan as soon after the wedding as possible. Husband and wife must be enrolled together for a period of eight months before qualifying for maternity benefits.

Family Plan—be sure to enroll your new child immediately after birth in order to be covered for Blue Cross and C.M.S. benefits and Major Medical.

Illness or Accident Leave—be sure to notify the Insurance Office if absent due to illness or accident, and apply for disability Insurance.

Medicare—When you or your spouse are within two months of your 65th birthday—be sure to sign for Medicare Plan B at the Social Security Office. Failure to do so can prove very expensive.

Major Medical and Medical Supplement Claims

As soon as you have reached your "deductible" (\$50 for retired employees or those over 65; \$100 for those under 65)—be sure to come into the office to start a claim.

Nurses—nurses must be ordered by the doctor—be sure to have a statement from the doctor ordering such care.

Prescriptions—bills for prescriptions must be for one individual only and must be itemized. If there are prescriptions for two, be sure to ask the druggist for separate bills as the prescriptions must be processed with the individual's claim and must be handled separately. It is also a good idea to hold the bills until you have around \$25 worth and then submit them for the 80% coverage—and, don't hold them for more than six months.

Holiday Special "B" Day

Tuesday, Nov. 26

Your Most Precious Gift
— A Pint of Blood

Social Security Payments Go Up

On January 1, 1969, Social Security-Medicare taxes are due to take another jump—this time, up to 4.8%—based on earnings up to \$7800.

And for every Social Security tax dollar that's taken out of your pay, Scovill has to pay an equal amount.

The total Social Security tax is actually made up of two separate taxes—4.2% is for Retirement, Survivors and Disability Insurance which pays for the monthly cost benefit program; and .6% for the Hospital Insurance which pays for hospital and related services under the Medicare program.

The maximum tax to be deducted will be on earnings up to \$7800. in a total amount of \$374.40.

Rod & Gun Club

By Vin Manzolli

The last leg of the Reeves Fishing Competitions was held on October 26-27 and the fishing committee is compiling the points of the many participants to determine the winner of the 1968 season.

Last year the "champ" was *Wally Bergstrom*. Who will be the "champion" this year? To learn the answer to this question, just buy a ticket and attend the fall banquet which is scheduled for November 14th at SERA, at which time prize money will be distributed and the name of the champion will be announced.

In addition, there will be a guest speaker and sport films are expected to be shown. Should be a good night out.

Although we don't know the "winner", here are some of the contenders and their catches:—

Trout—J. Koswociz, 14"; Dubuque, 14"; Gilroy, 13-1/2"

Bass—Bernardi, 18-1/4"; J. Iaienaro, 17-3/8"; J. Gilroy, 13-7/8"

Pickereel—F. Porter, 18"; W. Coleman, 17-3/4"; E. Grayeb, 17-5/8"

Bullhead—W. Bergstrom, 13"; A. Ciassullo, 12-1/2"; J. Grenus, 12-3/8"

Perch—J. Gilroy, 11-7/8"; J. Iaienaro, 11"; L. Graham, 10-3/8"

Calico Bass—W. Bergstrom, 12-1/2"; W. Coleman, 10"

Some pretty nice fish—don't you agree?

Charlie Carpentier advises the rifle range is being used for practice shooting and the inter-departmental

OCTOBER RETIREES PARTIED BY CO-WORKERS

Top: Pictured at his retirement party, Charles DeLavergne and his wife are flanked by Edward Willhaus (left), West Plant Production Control Manager (Gen. Prod. Div.) and Jack Lyons (right), Industrial Couplings Product Manager.

Center: Virginia Pesce was the honored guest in Press 1 as her co-workers gathered together to wish her a long and happy retirement.

Bottom: Sidney Wells accepts token of remembrance and best wishes extended by his fellow workers in the Gripper Eyelet Department.

Retired Folks' Club

All retired employees of the Waterbury (including New Milford) and the Oakville divisions are invited to participate in activities of the club. Notices of the following have been mailed

competitions will begin very soon. For you rifle shooters, the range is open Wednesday and Friday nights.

Again, don't forget the fall banquet date—November 14th. See you there.

Also—the fishing season closed on Friday, November 1st.

to all retirees, however, if you have not received notice, a call to the Employee Activities Office, Ext. 834, will give you details of the events.

December 12—reservations are still available for those wishing to join in the bus trip to the LaSalle shrine in Attleboro, Massachusetts.

December 19—the annual Christmas party will be held at the SERA Building at 2:00 p.m.

Spouses of retired employees are welcome to participate in these events.

\$120. TO JOHN QUADRATO. *An initial payment of \$120 was awarded to John Quadrato of Production Control, Rod & Wire section of our Mill Products Division (seated right). Above he describes for Dave Hill, Office Procedures Analyst, his suggestion which eliminated much unnecessary typing on Rod Mill, and possibly other mills, operations procedure tickets. The new system will be reviewed about a year from now with final award to be made at that time.*

Other Suggestion Awards

\$1368—total award to Joseph Scarpatti of the Closing Tool Room. An initial payment of \$540 was made a year ago for his suggested method of standardizing tools for replacement in assembly presses which results in a saving of tools and reduction of down-

time. The final payment, last month, was for \$828.

\$50.00 Award

Patsy Inturrisi, Dishier Assembly
Beatrice Sirois, Relay

\$31.00 Award

Germaine Messimo, Lacquer
John Sullivan, Lacquer

MILL PRODUCTS SALES MANAGERS MEET IN WATERBURY

Regional and district sales managers of the Mill Products Division came from all parts of the country last month to attend a 3-day seminar and conference at the main plant. Mornings were devoted to a "Review" of Basic Fabrication Processes held in cooperation with our General Products Division.

Afternoon sessions included talks given by product and other managers, while general discussions with question and answer periods followed.

Christmas Dance

The adult dance class has formulated plans for its annual Christmas Dinner Dance which will be held at the SERA on Saturday, December 7th.

Always a popular event and with tickets in great demand, ample notice is being given so that all will have an opportunity to make reservations. Music will be furnished by Francis Delfino's orchestra, featuring Vin Manzolli.

Dance exhibitions will be given by Ted Nicholas and partners.

Tickets may be obtained from Co-chairmen Margaret Snowden and Lillian Santilli, other members of the dance class, or the Employee Activities Office.

Obituaries

JAMES F. COFFEY died on October 7, 1968. Maintenance Coordinator in Plant Engineering—35 years.

THOMAS GUINEA died on October 9, 1968. Asst. Supt. of the Casting Shop—29 years' service.

LOUIS SANDULLI died on October 10, 1968. Tool Room machine-bench operator in Hot Forge Tool Room—38 years' service.

THOMAS CUSACK died on October 13, 1968. Retired, Casting Shop in January, 1963—22 years' service.

OSBORNE FIRING died on October 13, 1968. Retired, Slide Fastener Engineering & Research in April, 1964—17 years' service.

ETHEL WINSHIP died on October 13, 1968. Business analyst in the Financial Department—32 years.

PATRICK HEALY died on October 19, 1968. Retired, Waterville Division in February, 1956—22 years.

LEO SMITH died on October 25, 1968. Retired, Coupling Dept. in November, 1965—39 years' service.

WALTER L. WOOD died on October 29, 1968. Retired Assistant Secretary and Chief Accountant of the Company in August, 1959—43 years' service.

HAROLD SHOOK died on October 29, 1968. Floorman-jitney driver in Gripper Eyelet—27 years.

ROBERT AYLWARD died on November 1, 1968. Retired, Screw Machine Dept. in January, 1957—43 years.

Scovill Sponsors 4 JA Companies

Junior Achievement is an action program designed to acquaint urban youngsters with the basic skills required to successfully operate a going manufacturing enterprise. It is a national program with over 5,000 companies organized throughout the country, but it is the "area" or community program which is the vital core for successful organization.

Scovill again has joined with other leading manufacturers in the Naugatuck Valley Industrial Community to finance and sponsor a Junior Achievement program for high school students.

Approximately 300 students from Waterbury, Naugatuck, Prospect, Mid-

dlebury, Watertown, Thomaston, Wolcott, Southington and Southbury are participating in the local program which is composed of 23 companies, each one being sponsored by a manufacturing or civic organization.

At their organizational meetings, the Junior Achievers select a name for their company, decide on the product they will make and sell as well as the amount of capital they will need to cover their expenses until they start to receive money from their sales. They then must apply to the National Junior Achievement office for a charter authorizing them to operate their businesses.

From October to the middle of April, the 16 JA companies in Waterbury, 3 in Cheshire, 3 in Naugatuck, and 1 in Southbury will complete the organization of their companies, keep complete records of their business activities (financial, sales, production, personnel, safety, etc.) and in April they will liquidate their business ventures and pay an equal share of their company's assets to their stockholders.

Weekly meetings are held under the guidance and counselling of adult "advisers" who have volunteered from the sponsoring companies.

Futura Productions. The 17 students in this company have selected trivets as their product. They meet Monday evenings at 26 North Main St. Scovill advisers include Leon LeClerc, Helen Byrne and Graham Jones.

Jade Products. An automobile litter bag is the product to be assembled and sold by the 15 students of this company. They meet Tuesdays at 26 North Main St. Scovill advisers include Jack Staver, George Conner and Ken Accousti.

Skoko Company. There are 12 students in this company and they have decided on 1st aid kits for home and car use as their product. They meet on Tuesdays at 26 North Main St. Scovill advisers include Charles Pfeffer, Kathleen Dunlap and Robert Brinley.

JA Experience Company. This company is the largest to be organized in the Waterbury area with 48 budding young businessmen and women. They will produce various Christmas items at the Youth Center in Cheshire on Tuesday evenings. Scovill advisers include Norman Powe, Mary Crean, Joyce Emmons and James Smith.

H-B DISTRIBUTOR IN HONDURAS

Rolando Yacaman (right) is pictured with Senior Minister of Foreign Affairs Dr. Tiburcio Carias Castillo at inauguration ceremonies of the Honduras Chamber of Commerce of which he is an officer.

Helping to make the Hamilton Beach name a household word in Central America is an enterprising young man, Rolando Yacaman of Honduras.

Representative of the new breed of Central American businessman, he is quiet and softspoken but yet he is a tiger. In just two years, he has increased the sales of our Hamilton Beach products 50%.

At the age of 24, he has accomplished what few men have in a lifetime. He represented his country in the '64 Olympics in which he achieved fame and prestige. He returned to Tegucigulpa, Honduras and, through effective advertising and promotion, has stimulated sub-distributors to push his merchandise.

Rolando is unique in business circles. His popularity has increased rather than dwindled because of his humility and modesty.

This year he has been elected president of the Arabian Club of Honduras, a club which is as modern as any country club in the United States and has over one thousand members. Recently, he began the first sports newspaper in Honduras and already it is showing signs of becoming as successful as his other enterprises.

We salute Rolando Yacaman, Hamilton Beach distributor in Honduras.

Girls' Club News

Hi, there:

Almost didn't make it this time. That there sayin' bout "Frost on the Pumpkin" and "leaves turnin' brown" says nothing about me turning grey. Come this time of year things sure get abuzzin. The big Halloween party for the kiddies had us sewing up all sorts of weird costumes, but here I am all the same.

Remember that card party I invited you to, well, it sure turned out to be a humdinger. We all had a ball. Paw never did show up but I didn't really plan on him. Now that the apples are being squashed for cider we won't likely be having too much chatter with paw. The ladies wish me to thank all of you dear ones for making their shindig a success.

I hear by the bell line that the gals have some pretty do-dads for sale for the fall decorations and also for Christmas gifts. You know the sale of these articles will help the needy at Christmas. They sure would appreciate hearing from you.

Our Christmas Craft will have had their first class by now. It will be held on Friday evenings during November at the SERA.

We down here in Husky Hollow wish a Happy Thanksgiving to all our family and their families. You may have a tummy full of turkey and your hearts filled with love. For this we give thanks.

'bye for a while and don't forget those lads overseas. They're waiting to hear from you.

Love to all,
Ma Kettle
