Scovill Today

How do you describe a company like Scovill—with over 18,000 people making hundreds of products sold in major markets throughout the world?

Our Annual Report for 1970 gives a birds-eye view of Scovill. It shows sales and profits for each of the six major categories of our business.

This report shows that Scovill is a different company than it was in the early 1960's. Today, housing is our largest business. Such housing products as NuTone built-ins and electronics, Caradco windows and doors, and Ajax builders; hardware accounted for 24 per cent of Scovill's sales in 1970. Five or six years ago, our housing products accounted for less than 3 per cent of Company sales.

Other major categories of our business are:

Housewares Group — 15% of sales in 1970

Sewing Notions & Apparel Fasteners Group — 19.9% of sales in 1970

Metals Group — 20.4% of sales

Industrial Products Group — 10.5% of sales

Automotive Products Group — 10.4% of sales

As shown in the 1970 Annual Report, Scovill has come a long way in the past five years. New plants, new products and new markets give us the manufacturing and marketing strengths necessary for continuing growth in this new decade of the '70's.

1971 Vacations

The Waterbury Divisions and Services will close for vacation starting Monday, July 5th, and will reopen with the start of the first shift on Monday, July 19th. Exceptions will be by notification in departments or to individual employees.

Employees entitled to more than 2 weeks of vacation and those required to work during the shutdown will be canvassed for their choice of time off. They will be given preference by seniority.

In order that vacation pays can be prepared in advance of an employee's vacation, Central Accounting must have 3 weeks' notice prior to start of vacation.

1970 Annual Report

Employees interested in obtaining a copy of the Scovill Annual Report for 1970 may have one by contacting the Bulletin Office.

Employees Donate 153 Blood Units

Employees of the Closure, Cosmetic and Services divisions started the year in fine style when, at the first visitation of 1971 for the Blood Mobile Unit on March 9th, a total of 153 pints were collected. Co-chairmen for the day were Richard Woodacre, Thomas Kaukas and Alton Mitchell.

Special gallon pins were awarded:-

8-gal — Thomas Perry and Thurston Merriman; 6-gal — Richard Harris; 5-gal — Charles Pechalonis; 4-gal — Boris Stasiuk and Franklyn Boyd

3-gal — Edward Babrin, Roy Mertel-meyer, Raymond Curtis, Anthony Mastrofrancesco and Warren Baker

2-gal — Eileen P. Foley, Donald Wood, Joseph Foster, Joseph Leone, Louis Steponaitis and Roger Pelletier

1-gal — Clarence Zupkus, Christine Pronovost and James Gilroy

Pictured at in-plant drive informational meeting are: Local 1604 UAW president Tom Curtin, drive co-chairman Maurice Barry, Scovill Board Chairman Malcolm Baldrige, drive co-chairman Ralph Daddesio and Chairman of the Central Valley Drug Help Committee, Inc. Frank Stolfi.

Employees Aid Drug Control Program

Scovill employees have the reputation of always coming through in times of need to help their fellow

citizens and the recent in-plant drive for funds to assist in the building of a center in Waterbury to help drug

addicts to kick their habit was no exception.

Management and Local 1604-UAW leaders extend their thanks to all employees who contributed toward the \$3,302.30 collected in the two-day drive. Contributions were still coming in at press time.

Scovill as a company contributed \$23,000, an average of \$6. per employee. The total amount needed to get this program working in our community was set at \$185,000.

Paul F. Beetz, Jr.

New Assignments

Mr. Baldrige, Chairman of the Board, has announced the election of Leonard Leganza as Vice President - Finance.

L. Leganza Vice Pres.-Finance

He joined Scovill in 1966 as director of management information services. He was elected corporate controller in 1967 and treasurer in 1969. He formerly was associated with Ernst & Ernst, national accounting firm, where he served in the auditing and management consulting divisions.

Employee Relations

Roger Rose - Counselor, Human Relations; to administer alcohol and drug program

General Products Div.

Hazel A. Duffy Asst. Product Sales Manager, Contract Products

Richard G. Smith - Asst. Product Sales Manager, Automotive Sales

Mill Products Div.

Ralph Daddesio - Division Employee Relations Manager

Harold E. Hole - Sales Manager

Irving Boyle, Jr. - to U.S. Marines in Nov. 1970. Toolmaker apprentice in Mfg. Eyelet Tool Room.

Dennis Kraft - U.S. Navy in January, 1971. Floorman in Transmission Assembly.

Donnell Thompson - U.S. Army Air Force. Floorman in Lacquer.

Service Anniversaries

Edward Derouin, Blank & Draw Tool
40 years - February 4, 1971

Joseph Vitkus, Screw Machine Tool
40 years - February 22, 1971

Jose Fernandes, New Milford Tube
40 years - February 27, 1971

Holden Lewis, Mill Products
Division - Philadelphia Office
25 years - January 11, 1971

George Guerrero, Electrical Dept.
25 years - March 2, 1971

Mary Sullivan, Gen. Prod. Packing
25 years - March 7, 1971

Joseph Favale, Wire Mill
25 years - March 12, 1971

Ward A. Bradford, Mill Res. & Dev.
10 years - March 13, 1971

Wilbert Kinion, Casting
10 years - March 29, 1971

Retirements

Effective February 1, 1971

Harry Butler, Strip Mill - 35 years.
William Carbone, Salvage - 46 years.
Casimiro Gomes, Wire Mill - 34.2 years' service.

Joseph Iagrossi, Plating Room - 46 years' service.

C. Donald MacKellar, Screw Machine Production Office - 40 years.

Ronald Malia, Government Contracts Manager - 44 years.

Charles Munger, Japan Room - 37 years.

Effective March 1, 1971

Ida Alleva, Closure Packing - 44 years' service.

Alexandre Briere, Steam Dept. - 29 years' service.

Manuel Carvalho, Aluminum Mill - 37 years' service.

Carl Copeland, Blanking - 24.3 years.
George Costello, Aluminum Mill - 33 years' service.

John T. Fogarty, Employee Relations Manager, Mill Products Div. - 45 years' service.

Edward Kandel, Millwrights - 29.3 years' service.

Timothy McEnerney, Closure T1 & Machine - 30 years.

Gennaro Nave, Aluminum Mill - 37 years' service.

Elizabeth O'Grady, Fuze C - 43 years.
Mary Rocco, Closing - 43 years.

William Shanahan, Wire Mill - 31 years' service.

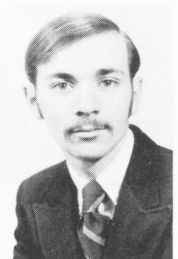

Helen Shuginis, Automotive Assembly - 10.6 years.

Joseph Valenti, Steam Dept. - 38 years' service.

Elvira Varanelli, Relay - 47 years.

Training Course

Toolmaker. Robert Lebel was graduated as a toolmaker as of February 22, 1971. He has been assigned to Gripper Eyelet Tool Room.

Toolmaker. George Nix was graduated from the special "Eyelet Toolsetter to Toolmaker" Course as of March 26, 1971, and has been assigned to the Cosmetic Eyelet Tool Room.

Traffic Dept.'s "Over 20 years" Safe Drivers. Albert Warner, Liberty Mutual Insurance Company's Loss Prevention Account Representative, congratulates John Valaitis on his 23-year safe driving record.

Others pictured are: Safety Manager Joseph Proulx, Leonard Campoli, 23-year record; Milton Wyrick, Jr., 20 years; Edward Walsh, 21 years; Antonio Ranaudo, 20 years; Michael Christiano, 21 years; Elwood Whiting, Jr., 22 years.

Safe Driving Records

Eighteen members of the Traffic and Services departments, whose duties require full time operation of a motor vehicle, were awarded safe driver lapel pins and certificates recently by Liberty Mutual Insurance Co.

Waterbury Services: — Fred Milano, Tin Shop - 17 years; Angelo Brunetti, Welding shop - 12 years; Frank Stanton, Electrical - 10 years; Carmen Errico, Pipe Shop - 6 years; Frank Passerelli, West Machine - 2 years.

Waterbury Traffic: — Leonard Campoli and John Valaitis, 23 years; Elwood Whiting, Jr., 22 years; Michael Christiano and Edward Walsh, 21 years; Antonio Ranaudo and Milton Wyrick, Jr., 20 years; Anthony DiMartino, 19 years; Robert Blackburn, 17 years; Charles DeLuca, 11 years; Frank Fino and Lawrence Wright, 8 years; Lawrence Beck, 2 years.

Daylight Saving Time

Daylight Saving Time will be resumed in the state of Connecticut on Sunday, April 25th. While most people will set their clocks one hour ahead before going to bed on Saturday, the

official time for the change will be 2:01 a.m. on Sunday.

All clocks in the Waterbury plant will be advanced one hour; outside clocks will be marked "D.S.T."

Scovill Group-AA

Meetings are held each Sunday at 6:30 p.m. at the SERA.

All employees and members of their immediate families who are now members of A.A., or have a drinking problem, are invited to attend.

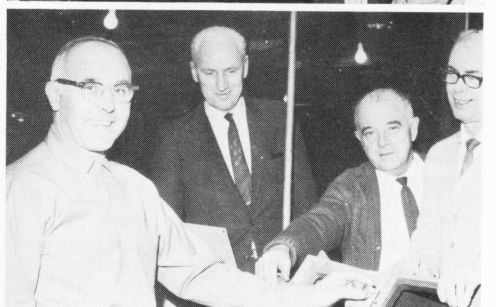

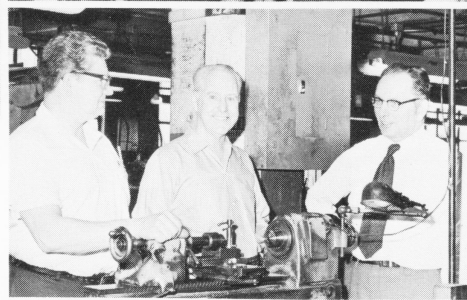

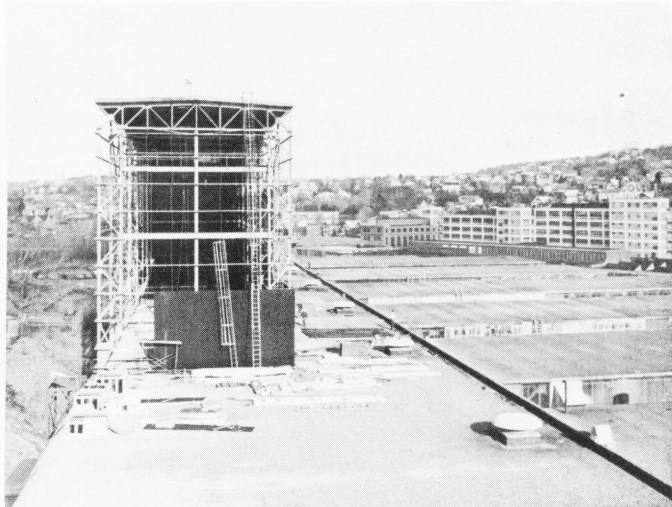

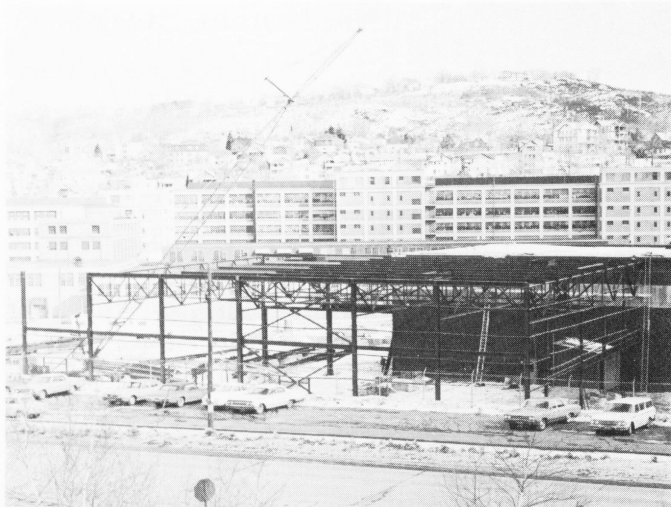

Retirees Partied

Top row: 1) John Fogarty, Mill Prod. Div.; 2) Mary Rocco, Closing Room; 3) Edward Kandel, Millwrights.

2nd row: 1) Timothy McEnerney, Clos. Tool & Mach; 2) Joseph Valenti and Alexandre Briere, Steam Dept.

3rd row: 1) Manuel Carvalho and Gennaro Nave, Aluminum Mill; 2) Joseph Iagrossi, Plating.

Mill Additions "On Schedule". Left:- the 38,000 square foot addition to the strip mill and (right) the "pent house"

enclosure for a new continuous strip annealer and pickling line, located on Hamilton Ave., Waterbury.

Brass Strip Mill Expansion

Our Mill Products expansion program, which will increase brass and copper alloy strip and sheet production capacity by approximately 33 percent, is proceeding on schedule, according to Vice President and Division General Manager Wayne E. Johnson. The new facilities will be in full operation by July, 1972.

Mr. Johnson stated that the decision to expand our facilities for the production of brass and other copper alloy strip was essentially to provide additional capacity to serve growing markets for our products in such fields as housing, electrical and electronic applications, transportation, utensils and transformers and switch gears.

The project consists of an addition of 38,000 square feet to the Strip Mill and the installation of two major pieces of production equipment.

One is a new Sendzimir Cold Rolling Mill capable of producing large coils up to 500 pounds per inch of width. This new mill will have a revolutionary gauge control system which anticipates and corrects any gauge variation as the strip enters the rolls of the mill rather than simply recording the variance after the strip has been rolled. This will be a "first" in the brass industry and will enable us to hold very close tolerances for our customers.

The other major facility is a new Strip Annealer and Pickling line with a capacity of 15,000 pounds per hour which is 50% more than our present CAP line. It incorporates several advanced engineering features including a radiant tube type of furnace for annealing the metal which means a clean-

er surface because the products of combustion do not contact the strip. The new Strip Annealer not only improves quality but delivery as well since we will be able to anneal over 25,000 pounds per hour and with great flexibility to change over from one alloy to another with a minimum of delay.

Decision to make the major investment in our Strip Mill was an end product of a two-year planning effort which started over the concern for brass and its prospects five or ten years from now. Uppermost in mind when considering what equipment was wanted was the question "What facilities with what design features are available which will enable us to continue to provide the best possible quality and service to our customers?"

"From a subjective but detailed estimate of such factors as future user requirements, future competition and future product and process development," stated Planning Manager Dennis Maxwell, "we emerged with a 10-year plan for brass which not only enhances present capabilities but anticipates long-term future needs as well."

"The marketing outlook for brass and other copper alloys is bright because these alloys have a unique combination of characteristic which cannot be duplicated by substitute materials. These are such properties as corrosion resistance, electrical and thermo conductivity, fatigue resistance, springback, ease of applying a variety of finishes, and other properties which aluminum, steel and plastics do not fully possess."

SFA 1971 Officers

- President - Lucien Wolff
 Vice Pres. - Richard Woodacre
 Secy-Treas. - W. Harry Shewbridge
 Asst. Treas. - James Moore
 Trustees:-
 Div. 1 - Peter Kopcha, Mfg. - East
 Div. 2 - Richard Woodacre, Closure & Gen. Prod. Tool - West
 Div. 3 - John Casey - Mills: Strip, Wire, New Milford
 Div. 4 - Joseph Keroski - Mills: Rod, Aluminum, Casting
 Div. 5 - George Kritzman - Office
 Div. 6 - William Carew - Maintenance
 Div. 7 - James Moore, Mfg. - West

Girls' Club News

By Irene Owens

A most successful trip to New York was enjoyed by four filled-up busses of Club members and friends on March 20th. Already in the works is a similar trip planned for Boston - you'll be hearing about it soon.

Our annual spring card party was scheduled for March 30th - sure hope weatherman was kind and forgot any idea of sending a little snow down.

Our Oakville Division membership list shows one new member gained with two lost through retirement.

We were all saddened to hear of the death of Margaret Snowden, recently retired. A Club member, and Council member, for many years, Margaret was one of our more devoted members - she'll be missed by many.

Monday, April 19th - that's the all-important date! Annual meeting and election of officers and Council members. It's to be at 7:30 p.m. at the SERA. Won't you make an effort to come? It's your Club - it's up to you to elect Council members who you feel will work for your interest - if you know of an interested Club member, or are interested yourself, please contact a Council member to submit names. They'll be happy to get them.

Let's Make A Suggestive Deal

Five prizes will be awarded in a special contest being conducted by the Scovill Suggestion System Committee between April 5th and June 18, 1971. They are:-

- 1st — Sylvania Color TV Set
- 2nd — Sony Stereo Set
- 3rd — Sony AM/FM Clock Radio
- 4th — Hamilton Beach Mixer
- 5th — Hamilton Beach Blender

All suggestions must be submitted on an official Suggestion Form and must meet the requirements of the policy stated in the Scovill Suggestion System manual. They must be sub-

mitted by June 18th and received no later than Monday, June 21st.

Each eligible suggestion turned in during the contest period will be assigned a number for the random drawing to be held on Thursday, June 24th, at 3:15 p.m. in the SERA.

In the event that any of the winning suggestion numbers is submitted by two or more people, a secondary drawing will be held to determine which individual will be the final recipient of the prize.

Remember — your suggestion does not have to be a cash award winning suggestion to be eligible.

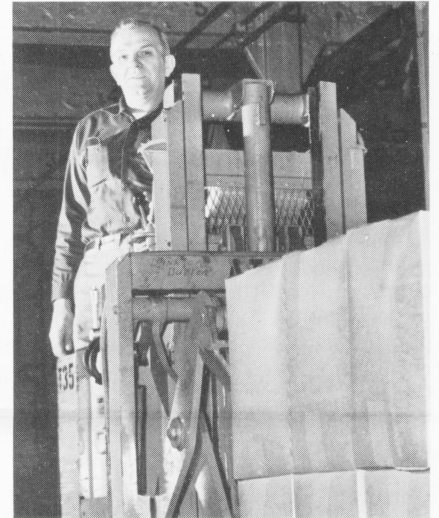

Suggestion Awards

- \$189 — Francis Robinson, New Milford Tube Mill
\$60.00 Award
- Hazel Brodeur, Quality Control
- John Sterry, New Milford
\$52.00 Award
- Kermit Bouley, Gen. Mfg. Tool Room
\$36.00 Award
- Rocco Summa, Casting
\$30.00 Award
- Bertha Brown, M-219 Fuze
- Roland Gravel, Wire Mill
- Bronis Puzas, Gripper Eyelet

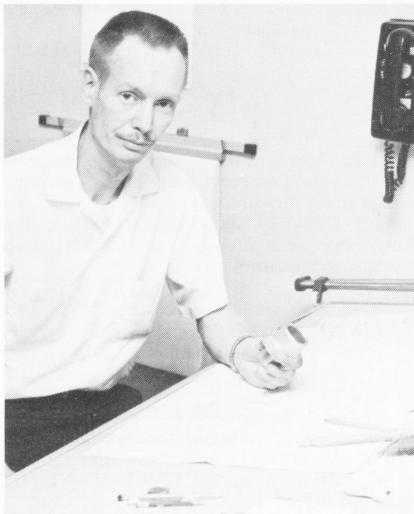

\$1,403 to Arthur Fortier, New Milford

This final payment, together with an initial award of \$120, brings total award to \$1,523 paid to Mr. Fortier for his suggestion which changed the method of inserting tubes on the semi-automatic pusher on the pointer.

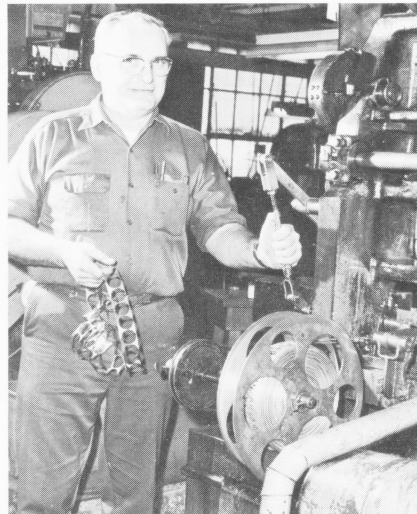

\$252 to Ben Bannick, Trucking

Cartons which contained materials being brought into the plant were formerly discarded. Mr. Bannick suggested their re-use for packing hose couplings.

\$308 to Frank LaChance, Hot Forge

He submitted a suggestion which resulted in a change in the method of forging fuel oil couplings.

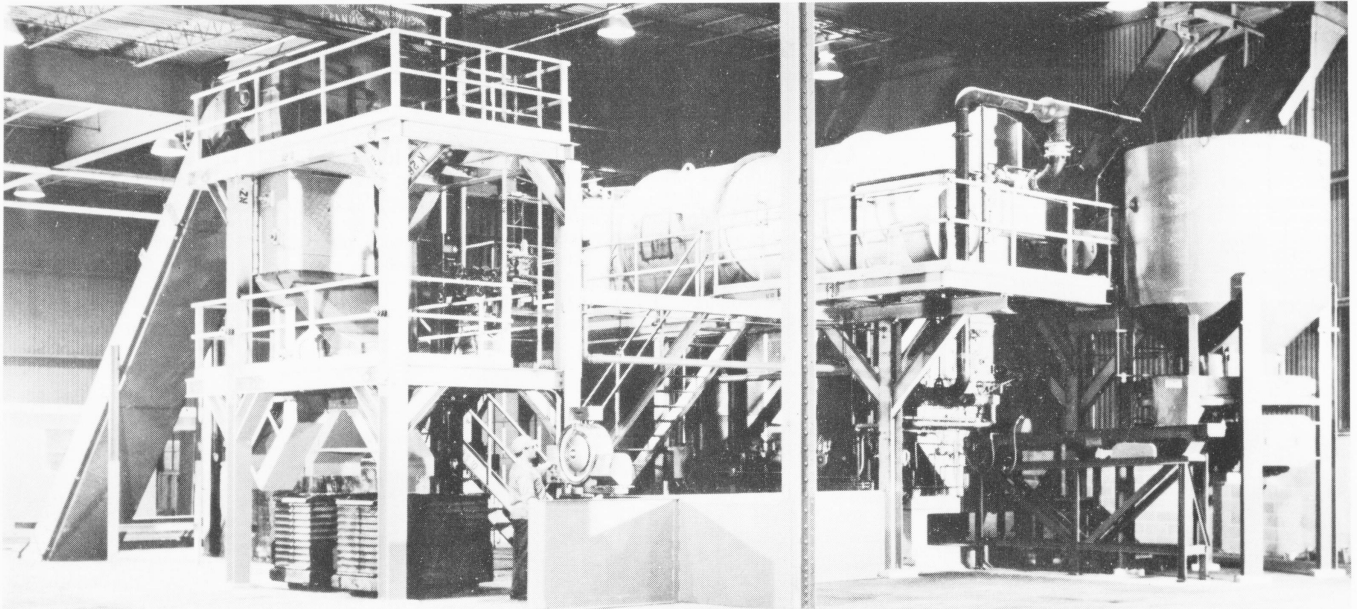

\$144 to Casimir Szczepanski, Cosmetic Tool.

Final payment for his suggested change of type of rod connecting from cam roll to feeder ram.

\$120 to Hazel Brodeur, Qual. Control

Her suggested method of packing auto parts prevents damage to parts. A 2nd suggestion was awarded \$60.

For Cleaner Air — New Brass Chip Dryer

A "long step forward" in our \$6 million air and water pollution control program was taken with the recent installation and activation of a brass chip dryer in Bldg. 154, the new building adjacent to the Casting Shop.

A new system for eliminating smoke from the brass scrap melting process, the dryer removes smoke-producing oil from the scrap before it is melted in the casting operation. Scrap, in form of chips, is fed into the new

system at 20,000 pounds per hour. After a crushing process, the chips enter a 40-foot long drying drum where the oil is reduced to vapor which then is completely burned off at a temperature of 1400° F. The dried chips are then ready for melting and casting into brass billets for processing into rod and wire.

The resulting control of the stack emissions is well within the new Connecticut regulations on clean air.

Obituaries

Maynard Sundquist died January 23, 1971. Retired, Mill Prod. Div. San Francisco Office, in July, 1960 - 17 years service.

John Kingsley died January 27, 1971. A T.R.O.-Milling operator in Clos. Tool & Machine - 17 years.

Irene Bouley died January 28, 1971. Retired, Mill Prod. Div. Executive Office, in December, 1967 - 46 years.

Paul Fede died January 28, 1971. Shipping department leader in New Milford - 29 years' service.

Henry Masi died January 30, 1971. Maintenance repairman in Millwrights - 30 years' service.

Wellington Bartlett died February 1, 1971. Machine operator in Repair - 15 years' service.

Italo Marchetti died February 1, 1971. Retired, Casting Shop, in April, 1966 - 48 years.

Katherine Mullaney died February 1, 1971. Retired, Assembly Room, in January, 1954 - 39 years.

Edward Santoro died February 5, 1971. Retired, West Machine Room, in September, 1970 - 20 years.

John Alencis died February 6, 1971. Shipping Room helper in Rod Mill - 23 years' service.

Rocco Guerrero died February 10, 1971. Retired, Chucking Dept., in July, 1956 - 50 years.

Arthur L. Taylor died February 10, 1971. Retired, Mill Engineering, in July, 1959 - 44 years.

Joseph Cipriano died February 11, 1971. Retired, Cutting Room, in February, 1950 - 46 years.

John Biolo died February 13, 1971. Retired, Wire Mill, in July, 1960 - 26 years' service.

Arcangelo Cimaglia died February 16, 1971. Retired, Press Room, in February, 1954 - 49 years.

James Brown died February 19, 1971. Retired, Waterville Div., in January, 1955 - 59 years' service.

Antonio Rinaldi died February 19, 1971. Retired, Yard Dept., in January, 1953 - 29 years.

Harry Morris died February 20, 1971. Retired, Mill Industrial Engineering, in January, 1971 - 13 years.

James R. Mitchell, Sales Manager, Mill Product Sales, died February 24, 1971. - 34 years' service.

Irene Comment died February 26, 1971. Retired, Cutting Room, in January, 1968 - 39 years.

Willis H. Machin died February 26, 1971. Retired, Vice President on Special Assignments in April, 1968 - 40 years.

Terrence Murphy died March 2, 1971. Retired, Buff Room, in January, 1953 - 42 years.

Joseph Reisenhauer died March 4, 1971. Retired, Blank & Draw Tool Room in June, 1965 - 38 years.

Mary Manzella died March 7, 1971. Retired, Closing Room, in July, 1956 - 23 years' service.

Margaret Snowden died March 9, 1971. Retired, Gen. Mfg. Tool Room, in December, 1970 - 19 years.

Speaking For The Consumer

The TV series, presented by the Cooperative Extension Service of the University of Conn. on Channel 8 (WNHC, New Haven) at 12:30 p.m. on Sundays, and repeated each Sunday after the late movie, continue with:

Apr. 11. Door to Door Selling Law, with Robert Satter, Attorney

Apr. 18. Ethical Door to Door Selling, with Robert McMillan, Director of Govt. & Public Affairs, Avon Prod.

Apr. 25. Dixwell Legal Rights, Loretta Henderson of Dixwell Legal Rights

May 2. Major Appliance Consumer Action Panel, Virginia Cutler, Ch. MACAP

May 9. National Consumer Law Center, W.F. Willier, Director of the Center

May 16. Mail Frauds, Thomas Peckenhams, Asst. Insp. in charge, Boston

May 23. Financial Planning, Mary Partison, Extension Home Economist

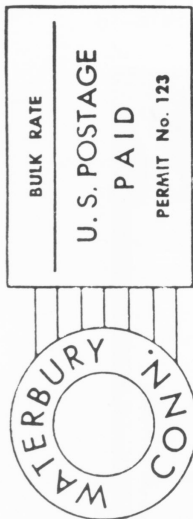

May 30. Stretching Fruit and Vegetable Dollars, with Mrs. Willie Gray, Extension Nutrition Aid

Frank Ragozzino died March 12, 1971. Retired, Trim & Knurl, in April, 1957 - 25 years.

Ignazio Pisani died March 13, 1971. Retired, Waterville Div., in January, 1957 - 35 years.

James Brislin died March 14, 1971. Senior Production Planner (Rod), Mill Products Div. - 23 years.

Herbert Edelman died March 21, 1971. Retired, Mill Products Div. Jackson Michigan Sales, in March, 1970 - 36 years.
